ADVERTISEMENTS

Our Readers Market Place for Buying, Selling, Trading

In sending your advertisement count each word, number and initial and send remittance to cover. Because of the small amounts involved it is necessary that cash must accompany all orders. Send orders to reach us 10 days prior to date you want advertisement to start, whenever possible. Forms close five days preceding date of issue. Four-time insertions cost less per word and get better results than single insertions. It will also pay best to use enough words to thoroughly tell what you have to offer. "The more you tell the quicker you sell." No advertisement will be run for less than 50c for each insertion.

Rates: 7¢ a word per insertion for one, two or three time advertisements
6¢ a word per insertion for 4 or more consecutive insertions of same copy

The rate is very low for our big circulation which covers every farming section of Montana and northern Wyoming.

If you have not advertised in Montana Farmer-Stockman recently be sure to give two responsible firms or individuals as references. This is for your own protection. To avoid delays send letters of recommendation with your order.
