The Law For Horse Inspection.

Among the laws passed by the last legislature is the following, which is of particular interest to the people of this county:

"Section 1. From and after the passage of this act, it shall be the duty of any and all persons removing or taking from this state in any manner whatsoever, any horse, mule, mare, colt, foal or filly, immediately before the shipment or removal of the same, and at the place from which the shipment is to be made, to cause the same to be inspected by a stock inspector, or the sheriff of the county, from which such stock is to be removed, as hereinafter provided.

"Section 2. On receiving notice from any person that he desires to remove or take from this state to be sold or used

outside of this state any of the class of animals mentioned in section 1, it shall be the duty of any stock inspector, or the sheriff of the county from which such animals are to be taken, to inspect the same, by carefully noting the brands upon such animals, and otherwise describing such of said animals as may have no brands, and to keep a record of all such inspections in a book to be provided for that purpose by the county commissioners of each county. Such descriptions shall contain:

- "1. The brands of all animals branded, and a description of animals not branded.
- "2. The number of animals inspected for removal.
- "3. The name of the owner or person removing the same.
- "4. The date of such inspection, with destination to which such animals are to be taken.

"If, in the opinion of the officer making the inspection the person proposing to remove such stock is rightfully in possession of the same, he shall grant such a person a certificate of inspection in duplicate, containing the matters herein provided, with the further statement that permission is granted to such person to remove such animals from this state. The person so receiving said certificates must deposit with the agent of the railroad company at the point from which the shipment is made the duplicate certificate referred to, which said duplicate must be filed by the agent, and must be at all times during business hours accessible to the public. The agent must at the time of the receipt of the duplicate indorse upon the original certificate the date of the receipt of the duplicate.

"If, however, the officers making such inspection shall be of the opinion that such stock, or any portion thereof, is stolen, or otherwise wrongfully in the possession of the person proposing to remove the same, he shall withhold such certificate and not permit to remove, until satisfactory assurance is given him of the rightful possession of such property by the person proposing to remove the same.

"Section 3. Any railroad company or agent shipping or permitting to be shipped from any station, siding or stock yards, without first receiving the duplicate certificate herein provided for, and indorsing on the original the date of its receipt, any of the animals mentioned in section 1 of this act, and any person removing or attempting to remove any of said animals without first securing a certificate of inspection, or any person in any other way violating any of the provisions of this act, shall be guilty of a misdemeanor, and on conviction in any court of competent jurisdiction, shall be fined in any sum not less than \$50 nor more than \$300 and costs, and in default of payment of such fine and costs, shall be imprisoned in the county jail until such fine and costs are discharged, at the rate now provided by law. The fine herein provided for if collected, shall be paid into the county treasury to the

credit of the general fund of the county where said conviction is had."

"Section 4. For the service of inspection herein provided for the officer making such inspection shall receive \$3 per day while engaged in making such inspection, and shall receive in addition thereto his actual expenses, to be paid by the person for whom the inspection is made."

SHELBY NEWS

Dr. Clarke was called to Pondera on a professional visit to attend J. Devine who had an attack of pleurisy.

The Great Falls & Canada Ry. has improved its passenger train service by putting on a Parlor car between Great Falls and Shelby daily.

The new century lamp has made its appearance in Shelby. It is superior to anything in the illuminating line ever seen in Shelby. A lamp with two burners being equal to 200 candle power or 12 electric lights.

Shelby is nearly depopulated on account of the male portion attending court at Choteau. Quite a number went down on No. 1 to Pondera and Collins. Among the number were H. F. Guth, John and Thomas Mead, Deputy Sheriff C. Moberly, Conductors Britton, Rhoades, Donaldson and Myers of the Great Northern railway, J. Burns, Hank Raglan and Mr. and Mrs. Shoemaker.

As Mr. J. Higgins was riding to town on Sunday afternoon his horse, as he reached Charley Hunt's livery stable seized with an attack of colic and died before any assistance could be rendered.

The Great Falls & Canada's passenger train No. 1 was delayed 1 1/2 hours waiting for the Great Northern Flyer.

H. M. Kingsbury night operator is in charge while W. B. Shoemaker is attending court at Choteau.

Dr. Henderson the dentist has returned to Shelby. Quite a number of Mormons passed through Shelby on Tuesday's passenger bound for Cardston.

TAKEN UP—At the government bull corral on Two Medicine, one brown horse, white star in forehead, both hind feet white, saddle marked, branded X on left shoulder, T on right shoulder. Owner may have same by paying for this advertisement.
