

This is our version of the already much publicized Hungry Horse post office opening last Sunday when H. J. Kelly, known as father of Hungry Horse project, cancelled the first letter. With Kelly is Postmaster Ellis O. Strong and his grandnephew, Homer, first youngster to buy a stamp. It was a busy Sunday.

**Builders Hear Williams**

Ray Williams reviewed progress of his new water system that will service the north section of Hungry Horse at the Monday evening meeting of the Hungry Horse Builders.  
 He indicated that there would be water service in two weeks; that pumps have been installed and a 50,000 gallon storage tank erected. He commented that he would be willing to extend the system to provide water for the former Damtown and South Fork districts of the combined boomtowns.

Meeting was held at the Log Cabin cafe with pie, ice cream and coffee served by Mrs. Bruce Stewart, Mrs. James Steffes, Mrs. Paul Van Ostrand and Don Stewart.  
 Meetings of the Hungry Horse Builders during the summer will be once a month.
