**HOW - TO - FIX - IT** By TOM GREGORY

TO SAVE TIME AND TROUBLE IN SHOVELING COAL FROM A BIN YOU CAN CONSTRUCT AN UNUSUAL DOOR THAT PERMITS THE FUEL TO BE REMOVED FROM EITHER THE TOP OR BOTTOM OF A FILLED BIN.

SEVERAL BOARDS ARE CUT TO FIT THE OPENING AND EACH BOARD IS HINGED SEPARATELY TO THE CASING, THE FREE ENDS HELD WITH A HASP AND STAPLE. TO MAKE SINGLE UNITS OUT OF THE INDIVIDUAL BOARDS JUST DRIVE SCREW EYES INTO THE SECTIONS IN A VERTICAL LINE AND RUN A ROD THROUGH THEM.

IT IS DIFFICULT TO KEEP TWO OR THREE FLOWERS STANDING ERECT IN A VASE WITHOUT SECURING THEM IN POSITION IN SOME WAY. FOR THIS PURPOSE CUT A CARDBOARD DISK TO FIT SNUGLY IN THE VASE NECK AS SHOWN.

ould and will be gone two weeks. Mr. and Mrs. Marvin Larson are on a week's trip to Seattle visiting relatives.

Donald Graham has the misfortune to have his leg broken in a car and bicycle accident on the highway. He is getting along fine and will be home Sunday after 10 days in the hospital. Donald is the son of Mr. and Mrs. Sam Graham.

The name of James Jacobson should have been included with the group attending 4-H congress from this locality. This made five members attending from the district which is a fine representation. Three of these made blue ribbon ratings in their judging.

Mrs. James Birnel has been confined to her bed with a severe cold.

Mrs. Nora Graham, Whitefish, visited with her sister, Mrs. Ida Leach, Wednesday.

**Just Turn the Valve . . . And Get the Heat You Want**

**Convert Your Wood or Coal Range for Clean Even Oil Heat**

This compact conversion oilburner will transform your present wood or coal range into a modern oil burning unit. It provides ample heat for cooking, baking, hot water, and kitchen heating. It brings you all the advantages of clean even heat, cleanliness, and economy, yet permits the burning of wood or trash.

**EASILY INSTALLED**

A Reliance may be installed in any wood or coal range — quickly, economically — without removing grates from stove. No special fire box lining required.

**NO FUEL HANDLING**

Does away with the kitchen wood box. No ashes to clean and pack away. A Reliance feeds oil from outdoor tank — eliminating all mess and bother.

**CONTROLLED HEAT**

Simply by turning the heat control valve you get exactly the temperature you want. The flame may be lighted instantly and turned up or down at will. Reliance's horizontal flame distributes heat evenly throughout the entire cooking unit.

**BUILT FOR YEARS OF SERVICE**

Sturdily built of highest quality materials by experienced workmen. Reliance is giving carefree, dependable service to thousands of users. Each burner is guaranteed for one year against defects in material and workmanship.

From where I sit . . . by Joe Mars

**Get The Truth!**

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan . . . not just for a newspaper — for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another — the side of those who enjoy a temperate beverage

like beer or ale, and of those who swear by nothing but cider. And from where I sit, once you got both sides — and faced truthfully, you realize that the differences of opinion are a precious part of what we call democracy — the right of the individual to vote as he believes, to speak of moderation, whether he's a cider.
