### For Sale

We are offering our property at private sale on the west shore of Flathead Lake and just south of Lakeside consisting of 83.39 acres of land formerly the Grubb & Hamel places. This consists of 7.98 acres between County road and Flathead lake and 80 acres adjoining on the west (Less Highway Right of way) that crosses the oiled highway on the south slope of what is locally known as Political hill, together with all improvements thereon, including boat, boathouse and various personal property.

Make us a cash offer in writing addressed to us at Cut Bank. The right is reserved to reject any or all offers, or accept in part one or more offers.

### Our Reason For Selling

In 1933 the 7.98 acres adjoining Flathead Lake was assessed at \$400.00 or approximately \$50.00 per acre.

In 1942 the 7.98 acres adjoining Flathead Lake was assessed at \$1,000.00 or approximately \$125.00 per acre.

In 1948 the 7.98 acres adjoining Flathead Lake was assessed at \$4,175.00 or approximately \$523.00 per acre.

This is land only; improvements and personal property are assessed and valued separately. This represents an increase of more than 1000 per cent in a ten year period.

The Taxes on land, personal property and improvements for 1948 amount to \$336.71 or in round numbers \$28.00 per month for taxes on our modest home and small farm.

We had planned on retiring to this place and making our permanent home thereon, but do not consider it economically feasible under present conditions, so we are willing to step aside and consider any reasonable offer.
