GERMAN RAIDERS HAVE SENT 85 ENTENTE SHIPS TO THE BOTTOM SINCE WAR BEGAN

This picture shows the Vincennes, the vessel supposed to be the mysterious "black raider" sinking allied merchant ships in the South Atlantic. The Vincennes is a big, dark-hulled, protected cruiser with two 8.2-inch guns, six 6-inch, 12 15-pounders, 10 1-pounders, and four machine guns. She carries 465 men and displaces 5,385 tons, being 315 feet long and 57 wide, with 23 feet draught. She was built in 1898, but reconstructed in 1910. Germany never announced the speed attained by this vessel after reconstruction.

The German "black raider," supposed to be the Vincennes, has not been heard from in months. She was one of Germany's most successful commerce destroyers.

It is estimated the German raiders have sunk 85 ships since the war started.

The Eitel Friedrich was one of the first raiders that spread destruction among merchant ships. She belonged to the North German Lloyd and was at Shanghai when the war began.

Armed with guns from two small German gunboats in the harbor, the Eitel Friedrich set out for prey. The first boat she sank was the British vessel Schuyler. The French sailing ship Jean was captured and the raider took it along as a supply ship.

The Eitel Friedrich sank the British ship Kildatt, then the grain-laden American ship William P. Frey, over which the United States and Germany came into a heated controversy. She finally put in at Newport News, Va., March 10, 1915, and was interned.

April 12, 1915, the converted cruiser Kronprinz Wilhelm steamed into Newport News and was interned. She came in with the story of a raiding expedition beginning when she left New York as a merchant ship just before the war and ending after she had sunk 14 merchantmen in the South Atlantic in eight months of raiding.

LIBERTY LOAN CAMPAIGN WELL UNDER WAY IN BUTTE

Movement to Bring City's Subscriptions for Bonds Up to Million Dollars Will Reach Climax Next Week. Orators of Nation-Wide Fame to Address Mass Meeting at Rialto Theater Monday in Behalf of Sale.

The campaign launched by Butte bankers and business men to bring Butte's subscription to the Liberty loan up to \$1,000,000 will reach its climax during Liberty loan week, which starts Saturday. Subscriptions are being received by the banks and at the postoffice for the bonds now and, judging from the number of inquiries that have been received, Butte is not going to fall down on its allotment.

It was explained today that there are two kinds of Liberty loan bonds. Bearer bonds are to be issued in denominations of \$50, \$100, \$500 and \$1,000. These bearer bonds, which are made payable to the bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States treasury note.

Registered Bonds.
Registered bonds are to be issued, which are registered both as to principal and interest, in denominations of \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000. Checks for the amount of interest due will be mailed out semi-annually to the holders of these registered bonds.

Bonds of the first issue of \$2,000,000,000 are to bear date of June 15, 1917, and to run for 30 years, except that the government reserves the right to pay in 15 years. Interest at the rate of 3 1/2 per cent is payable Dec. 15 and June 15 of each year.

Liberty Loan Week.
Plans are well underway for observance of Liberty loan week, which starts Saturday in Butte.

Saturday and Sunday will be Liberty Loan days in the churches and local clergymen will preach special sermons in behalf of the loan.

Monday, June 4, will be merchants' and manufacturers' Liberty Loan day. Dr. Newell Dwight Hillis and Lawrence Chamberlain, both noted orators now touring the country in behalf of the loan, under auspices of the American Bankers' association, will deliver addresses in the afternoon at the Rialto theater, commencing at 2:30 o'clock. A mass meeting of citizens having been called by the Chamber of Commerce, Mr. Hillis' address will be devoted to the patriotic features of the loan and Mr. Chamberlain's to the investment and financial features. Messrs. Hillis and Chamberlain will arrive in Butte at 12:55 Monday afternoon and will be met at the depot by a special committee of the Chamber of Commerce consisting of Eugene Carroll, A. J. Davis and John Gillis.

Tuesday, June 5, will be professional and insurance men's Liberty Loan day. Every insurance agent in Butte will devote the entire day to soliciting subscriptions to the bonds and profes-

sional men will also devote much of their time to the sale cause.

Liberty Loan Labor Day.
Wednesday, June 6, will be Liberty Loan Labor day and Automobilers' Liberty Loan day. In this connection it is significant to note that Samuel Gompers has issued an appeal to members of the American Federation of Labor requesting them to aid the government in making the loan a success. "Liberty bonds are a safe investment and it is a patriotic duty to subscribe for them," said Mr. Gompers. He added that he would like to see every member of the federation subscribe for as large an amount as his means would permit and he gave his approval to the plan to make Wednesday, June 6, Liberty Loan Labor day, to be devoted to a united effort by organized labor on behalf of the loan.

Thursday, June 7, will be Farmers' Liberty Loan day. Members of farmers' organizations will make a concerted effort to secure subscriptions.

Friday, June 8, will be Women's Liberty Loan day and members of the local women's patriotic organizations will work on that day in behalf of the loan. Throughout the east Women's Liberty Loan committees have been organized to promote the loan.

Saturday, June 9, will be Children's Liberty Loan day.

May Buy on Installment Plan.
Many big corporations have adopted a plan whereby their employees may purchase Liberty loan bonds by making small weekly payments over a period of 50 weeks.

The associated press has advised employees that the association will finance Liberty loan subscriptions from employees on a basis of deductions at the rate of \$1 weekly for 50 weeks for each \$50 bond from salaries. Bonds under the plan will be delivered upon completion of installment payments.

A like plan has been announced by the Pathe Film Exchange, which employs 10 people in Butte.

The American Express company has announced a plan whereby employees may purchase bonds on the monthly installment plan.

KAISER'S SPEECH TO SOLDIERS AT FRONT

Amsterdam, May 29 (via London).—Emperor William during his recent visit to the Arns front, says the correspondent of the Cologne Gazette, delivered an address to his troops in which he said:
"The enemy, relying on experience in the Somme battle and on his unprecedented supplies of munitions, has been trying to break the German resistance."
"The French flatter themselves with the hope of liberating their country—a good enough motive—but the British have no such justification. They fight only to increase their power and don't inquire where the right may be."
"Our people and our army stand firmly together. How long this may last must depend upon God's will, but meanwhile we must keep firm and the people in the fatherland will give us their gratitude."
"In the meantime our comrades in submarines are doing everything possible to cut off the enemy's sources of living."

SIX MURDER CASES SET FOR HEARING

Jury Secured in Trial of Dominick Martin, Charged With Assault.

Six murder cases were set for trial by Judge John V. Dwyer this morning at the request of County Attorney Joseph R. Jackson. John Rife will be given a hearing, commencing June 6; Fred Wilson, June 11; Marco Inich, June 18; Nathan Brooks, June 21; James Shea, June 25; Ada May Andrews, June 28.

In the case of Wilson, it will be remembered that he was given a trial about the middle of April and the jury, after being out 36 hours, reported that the members were unable to agree on a verdict and were discharged.

Other cases set this morning were Patrick Sullivan, charged with robbery, and Patrick Hastings, charged with conducting a roachhouse in violation of the state laws.

Dominick Martin is on trial today, charged with first degree assault on Bernard Gully with a loaded revolver. The state is represented by County Attorney Joseph R. Jackson, Chief Deputy N. A. Rotering and Deputy E. Pat Kelly, while Attorney Charles F. Juttner represents the defendant. It is alleged that Martin, single handed, held up the Gagnon saloon on the night of April 7 of the present year. There were several people in the place and he secured about \$23 from the cash register. It was about 11:30 o'clock at night, and while Martin was making his get-away he encountered John Kelly on the street. The latter attempted to stop Martin, and when he did so it is alleged that Martin pulled his gun and fired three shots at him, one of the bullets entering the young man's neck, inflicting a serious wound.

A jury was secured during the morning, as follows: Lyman Converse, John Kellett, John Harrison, John Courtney, Antone Skubitz, Charles H. Rilly, Thomas Sturtledge, H. H. Griffin, Richard Harrington, James Sherman, H. E. Gibson and Thomas C. Cowling.

Henry O'Meara, who was the bartender on duty the night of the holdup, was the first witness. He told of the cash register being robbed of \$23, but was not able to identify Martin as the guilty party.

Martin Caulfield was the next witness, but he said that he could not identify the man who held up the saloon.

Patrick Jordan was in the saloon playing cards at the time of the holdup. The holdup man, the witness said, had a handkerchief over his face and he could not recognize the defendant as the person.

HIGH SCHOOL GRADUATE ENLISTS IN THE NAVY

Thomas McCarthy of Central High Honored by Fellow Students.

The first high school student in Butte of the class of 1917 to enlist in Uncle Sam's forces is Thomas McCarthy, of the Catholic Central high school, son of Patrick McCarthy, the North Main street butcher and groceryman.

Mr. McCarthy leaves tomorrow night on the Short Line at 5 o'clock for Salt Lake, where he will undergo a further examination. He has enlisted in the linemen and electrician's department of the United States navy. He is 20 years of age and has been allowed his graduation papers by the Central high in the scientific course, in which he was one of the leading students.

The young volunteer is the oldest of a family of nine children. He was born in Butte. The other students at the school extend their congratulations to McCarthy and pray for him a speedy and safe return.

This afternoon the student body of the Central high gathered in one of the larger rooms to bid goodby to their comrade. Several speeches were made and patriotic songs were sung and several mementoes were presented to Mr. McCarthy, who is a very popular member of the school. The sisters were present as well as several of the priests.
