FILLING NEBRASKA GUARD

Regiments Are Already Up to the War Strength.

ADJUTANT GENERAL VERY BUSY

Hall Has His Plans Well Laid to Mobilize Troops and Will Be Ready for Field in Two Weeks.

(From a Staff Correspondent.) LINCOLN, April 23.—(Special.)—Two weeks from the time companies of the Nebraska Guard begin to arrive at the state fair grounds, the place selected for mobilizing the troops, they will be ready for order to move on Mexico, according to Adjutant General Philip L. Hall.

National Guard headquarters is a busy place these days, guard officers from all parts of the state, anxious to get into actual service, coming in person to urge the calling of their commands at the earliest possible moment.

Among those conferring with General Hall today was former Adjutant General John Hartigan, who offered his services if needed. Captain Holdeman of York, who saw service in the Philippines, arrived at headquarters this morning early, bearing the resignation of Captain Oimstead of the York company, and was at once placed in command of the York company.

Recruiting Goes On Steadily. Major Hollingsworth of Beatrice arrived last night and returned to his home this forenoon. Two recruiting stations have been opened at Beatrice and that company is already recruited up to its full war strength.

Major Waldron of the medical corps is recruiting his command to its required war strength and desires all medical students who wish to enlist to confer with him at once. The hospital strength will comprise 222 men and thirty-two officers.

The recruiting stations at the university, university farm and the Lincoln armory are busy places today. Over forty applicants, waiting their turn to enlist, were turned away, only to show up again early this morning in another attempt to be reached before night.

All companies of the guard in the Fourth and Fifth regiments have been already recruited up to their war strength except two, Fairfield and York, and it is expected that by night these will have reached the needed number. Some of the companies have called headquarters by telephone asking what to do with applications over and above the required number. There have been told to recruit as long as there were applicants, and these would be assigned to companies in the new Sixth regiment.

One man called up General Hall today and wanted to know if the general thought it best for him to try and recruit a company now or wait until the new Sixth regiment is organized. "If you have the nerve, get busy; if you haven't, you better not try it," replied the general.

Want to Form Companies. New application for authority to recruit companies came in from the following: Mel Gordon, at Arcadia; T. C. Campbell, at Hyannis; E. N. Watson, at Albion; R. M. Kelley, at Blair; G. E. Wagner, at Blair; J. W. Gordon, at Randolph; A. E. Cady, Jr., at Grand Island; C. E. Brown, at Exeter; C. E. Hall, at O'Neill; A. E. Bump, at Colfax; C. L. Mathews, at Benson; C. H. Pilger, at Norfolk; David Simms, at Friend, and Oscar Sherman, at Courtland.

A. D. Connor, who is a graduate of Annapolis, has asked authority to muster a company at Central City. Major Waldron of the medical corps is very anxious to secure the services of about fifteen experienced surgeons for the medical department and would be pleased to hear from any who desire to see service.

University Soldiers. Between 2 o'clock and 6 o'clock yesterday afternoon the recruiting station at the university farm had enlisted thirty-one men. Enlistments from the university are expected to bring the number from both branches of the university up to three full companies and possibly four. It is especially desired that at least the university furnish an entire battalion, that it may be officered by university men. The officers of the three companies already designated are: Company A, W. O. Foreman, captain; T. M. Shepherd, first lieutenant; Company B, C. A. Bennett, captain; W. N. Fowler, Jr., and G. A. Walker, lieutenants.

Company F, C. J. Frankforter, captain; A. E. Allen, lieutenant. The regiment of which the students will form one battalion will be commanded by Lieutenant Bowman, military instructor at the university. Governor Morehead having requested the War department to relieve Lieutenant Bowman

from duty at the university, the War department has ordered his resignation.

Itchy, Covered With Pimples and Most Unightly, Instantly Relieved. Paterson, N. J., Dec. 9, 1913: "About a year ago my face began to crack and get scaly in blotches. It soon got worse and my face was all spotted and rough, and it itched me very much at night, and caused me no end of discomfort. After a month or so, pimples and blackheads began to show, first in small numbers and then gradually covering my entire face. It was awful. The pimples were sore and the rash was itchy and my face had a most unightly appearance. I tried different kinds of soap, creams and massages and also a strict diet, but I could get no relief. Resinol Soap and Resinol Ointment caused me instant relief. By the time another jar of Resinol Ointment and cake of Resinol Soap were gone, I can truthfully say that it was a complete cure. It is said that President Bulla of the board desired the appointment of more than one worker, but Governor Morehead felt that one would be enough to start on and besides the expense of more than one would be more than the appropriation could stand.

IOWA COMPANY VALUES ITS STOCK TOO HIGHLY (From a Staff Correspondent.) LINCOLN, April 23.—(Special.)—The McPherson Pasturizing company of Council Bluffs will not be permitted to sell its stock in Nebraska, the blue sky department this morning turning-down its application. Commissioner Reed gives his reasons for a refusal to allow the company to work in Nebraska that it has been organized something over a year and formerly sold its stock to Iowa people for \$5 per share. It now desires to tax Nebraska people \$5 a share and there is no evidence to show that the stock has increased in value sufficiently to warrant the raise in price to Nebraska people.

LODGE AND HITCHCOCK CLASH

Senators Have Tilt Over Right to Criticize Wilson.

BAY STATE MEMBER EMPHATIC

Amenable to Strict—

WASHINGTON, April 23.—The house resolution, appropriating \$300,000 to bring Americans in Mexico back to the United States, was favorably acted on by the senate appropriation committee today. Senator Borah in his speech declared that the "policy we are pursuing will inevitably lead to our taking every foot of territory to the Panama canal, though I would regard that as a crime and a national calamity."

Senator Lodge, who followed Senator Borah, criticized the majority for refusing to accept an amendment to the qualification resolution for the reason that its scope so as to refer to all indications suffered in Mexico in addition to the incidents at Tampico and Vera Cruz.

Lodge and Hitchcock Tilt. Senator Hitchcock said that to have accepted the amendment would have shown discourtesy and disrespect to the president.

"I refuse to consider that a reason," said Senator Lodge, pointing with his fist on a desk. "Are we sent here to be told that we are discourteous because we criticize the policy of a resolution because it was offered by some one or comes from the White House? We will not be held down like that. We cannot be charged with lack of manners. Presidents and policies have always been criticized here and always will be."

Senator Lodge charged that the administration leaders sought to restrict the scope of the resolution for the reason that they hoped to keep Carranza and Villa from any alliance with Huerta. He predicted that unless the embargo on arms was applied to the constitutionalists, the United States, when forced to cross the border, would find Mexicans using guns and ammunition which this government permitted them to procure.

Action by congress putting on that embargo is not necessary," said Senator Smith of Michigan. The president has ample authority. An embargo was placed on arms before by another president.

Says Villa Was in Juarez. Senator Weeks asserted that the joint army and navy board yesterday had agreed that the embargo against arms going across the border should be restored.

"My advice from the border," said Senator Fall, "is that Villa was at Juarez night before last, with 6,000 men, and arms were constantly being taken across, and that the United States army stopped one shipment without authority from the state department."

Senator Lewis said that if Carranza spoke now in warlike tones it must be laid at the door of senators who sought to have congress pass a resolution which would have been tantamount to a declaration of war, when the president of the United States had made it clear that he wanted peace.

"Shall we vote the president of the United States a hypocrite? Shall we vote to say that when he spoke to us he had in his heart a lie?" asked the senator.

OFFER PRISONERS SAFETY

(Continued from Page One.)

The time of the arrival of state troops is indefinite and there is no immediate prospect of relief from the conditions that have existed in the strike district since early Monday. Even to quell the disorders, large bodies of armed men are reported near the railroad approaches in the Aguilar district. They are said to be in an ugly mood.

Adjutant General Chase called me by long distance telephone this morning," declared John Lawson, international board member of the United Mine Workers of America, "and told me he was coming here in the interest of peace. I told him that there could be no peace where there was no justice."

Twenty-five armed men left Walsenburg early today in the direction of Aguilar and Ludlow. Armed men from New Mexico are still coming into the district and a large force from Fremont county is said to be marching across Huerfano county. Large numbers from

Trinidad are reported to have joined the Ludlow strikers who have been entrenched in the black hills northeast of Trinidad since Monday night.

Troops Leave Denver. DENVER, April 23.—Reports that some of the Denver militia had mutinied because of failure to receive back pay were denied positively by Adjutant William A. Snappier, who added that this question would be considered at the adjutant general's office today.

Two companies of infantry reached here from Boulder to Longmont today and with a Denver contingent it was expected that 150 would be on their way to Trinidad within a few hours. The departure of two troops of cavalry from Denver, as reported last night, was delayed until today.

Colonel George Lee, assistant adjutant general, stated that ten to fourteen men of Troop C declined to board the train as their reason failure to receive back pay and a personal consideration which they refused to disclose. Lee said no drastic action had been taken and he expected the men to leave on a later train.

WHITE CALLS IT CIVIL WAR Miners' Leader Says Fight is for Union Principles. KANSAS CITY, April 23.—"We have a war in Colorado that transcends in barbarity any contest south of the Rio Grande," said John P. White, president of the United Mine Workers of America, here today. "We have civil war at home," he con-

tinued. "It involves greater and more clearly defined principles than the Mexican trouble. The fight being made for the recognition of the union will go on. These miners are backed by our organization of nearly 200,000 members. The United Mine Workers union is supplying the strikers with funds, food and clothing, but the union never has sent nor considered sending them a gun or cartridge. I do not know where they obtained guns and ammunition."

Tells Mines Committee Colorado Has Government by Gunmen. WASHINGTON, April 23.—"Mother" Mary Jones, strike leader, today appeared before the house mines committee and described conditions in the strike district in the Colorado coal fields. "Mother" Jones said that "if she were president" she would order the governor of Colorado to have the imported gunmen, "with their machine guns, out of the district. Conditions in Colorado, she said, had led to a "government by gunmen."

EMPEROR FRANCIS JOSEPH OF AUSTRIA IS WORSE VIENNA, April 23.—The condition of Emperor Francis Joseph was not so satisfactory today. The doctors this morning said: "His majesty's rest last night was disturbed by fits of coughing. The catarrhal symptoms showed no signs of abatement, and the patient's strength and appetite were satisfactory."

Itchy, Covered With Pimples and Most Unightly, Instantly Relieved. Paterson, N. J., Dec. 9, 1913: "About a year ago my face began to crack and get scaly in blotches. It soon got worse and my face was all spotted and rough, and it itched me very much at night, and caused me no end of discomfort. After a month or so, pimples and blackheads began to show, first in small numbers and then gradually covering my entire face. It was awful. The pimples were sore and the rash was itchy and my face had a most unightly appearance. I tried different kinds of soap, creams and massages and also a strict diet, but I could get no relief. Resinol Soap and Resinol Ointment caused me instant relief. By the time another jar of Resinol Ointment and cake of Resinol Soap were gone, I can truthfully say that it was a complete cure. My face had assumed its former color and looks due to Resinol Soap and Resinol Ointment. They are, I think, the best for any skin trouble." (Signed) Robert Trzanyan, 309 E. 21st St.
