ALLEN AFTER SENATORSHIP

organization to rebel against the distasteful of Mr. Bryan and to discuss the selection of a candidate for governor on the democratic ticket.

During the last week there is no doubt that Dahlman has gone up in Lincoln and at the present growing popularity of the Omaha mayor down here, democrats profess to believe he will get a larger vote than any of his competitors in the city of Lincoln.

The fact that Dahlman has the confidence and friendship of Richard L. Metcalf, notwithstanding the two degrees upon the liquor question, has started the rumor that his friends may affect a combination to offset the alleged Thompson-Hallenberg agreement, which is largely dependent upon the governor going after his present job.

DEATH RECORD.

Two Die Near Same Time. LEAD, S. D., Feb. 6.—(Special).—Within a few hours of each other two well known Lead women, each of them wives of Home-stake foremen, passed away here at the Home-stake hospital.

Mrs. Mildred Kempt Reitz, wife of Oscar A. Reitz, foreman of the mine plant, was a victim of heart trouble, with which she had been suffering for over a year. Until her marriage five years ago she conducted a photograph studio in Lead. She was 52 years of age and is survived by her husband and her parents, who reside in Schuyler, Neb., where the remains were sent for interment.

Nebraska VOTE IS CERTAIN ON LICENSE

City Attorney of Lincoln Holds No Doubt of Legality.

PROF. J. W. SEARSON RESIGNS

Stenals March on Board of Education and Leaves His Position Voluntarily—New Quarters for Consumptives.

(From a Staff Correspondent.)

LINCOLN, Feb. 6.—(Special).—The legality of the proposition to vote on the liquor question was settled yesterday when City Attorney Flansburg gave his approval. Mr. Flansburg held that the city had adopted the initiative and referendum and that as the Excise board is a legislative body, there was no question about the right of the people to vote for or against the saloons.

The saloons were voted out of Lincoln a year ago, and when that question was submitted no one questioned the right of the people to vote, but when the petition was filed to try the case again, several who opposed the saloons at once raised legal objections, holding such an election could not be held.

Inasmuch as two members of the Excise board have agreed to abide by the result of the election, there seems little doubt now that the election will be held, and if a majority favors saloons, licenses will be issued. Both sides are preparing for a hard fight and the result will be very much in doubt until the votes are counted.

Stenals March on Board. By resigning at this time, Prof. J. W. Searson of the Peru Normal school, who has sent his resignation to Principal Crabtree, has saved the normal board fighting over his discharge. It had been announced around the state house for some time that Mr. Searson had been marked for a decapitation by certain members of the board, and when action was taken by the board on Mr. Crabtree's resignation, the resignation of Mr. Searson saved him half that work.

The board will meet at Peru Tuesday and at that time an architect will be selected for the new school to be erected at Chadron.

Red Cross Consumptive Camp. The State Board of Health yesterday evening put its official approval upon the removal of Double Red Cross Consumptive camp (the state sanatorium) from the grounds of Fairbanks hospital, where it had been located, to the grounds adjoining the Sunlight sanatorium, to the north on Garfield street.

The patients are now comfortably housed and receive their board from the Sunlight sanatorium. There is a central building around which the tents and car dwellings are grouped, thus making the camp perfect in every detail.

The consumptive camp is now permanently located and officially designated as the State Sanatorium for Consumptives.

Addition to Postoffice. PREMONT, Neb., Feb. 6.—(Special).—Plans for the addition to the postoffice building have been received by Postmaster Swanson and he has been directed at once to advertise for bids. The addition will be built upon the west side and will be an extension of thirty-nine feet, two stories in height. Some changes will be made in the roof of the present building. When the postoffice was built seventeen years ago it was thought to be as large as the city would ever need. While the alterations are being made, the tents and car dwellings in the lower floor of the Morse block at the corner of Broad and Fifth streets.

Coal Furnace Temporarily Relieved. GOTHENBURG, Neb., Feb. 6.—(Special).—The hard coal famine was broken this week when one dealer received half a car. The coal was delivered in the afternoon and was used in the morning. The dealer who had the coal was Mr. O'Leary, who is a member of the board of directors of the city.

PLATTSBURGH—Mrs. Fred Gardner, a Plattsmouth citizen, was buried Saturday afternoon.

PLATTSBURGH—About midnight the dwelling of Mrs. O'Leary, opposite the county jail in this city, was consumed by fire. Mrs. O'Leary escaped in her nightgown.

PERU—Miss Carrie Huston, who teaches at Syracuse, had the misfortune to fall from the top of a tree, breaking her left arm just above the elbow.

PERU—E. L. Mallory, formerly of the Peru bakery, but now a resident of Hot county, has bought the Van Hook property and will move back to Peru about the first of March, and later on expects to go into business.

PERU—The State Board of Education will meet here next Tuesday. This will be an important meeting to the people of Peru as plans are to be made for the new administration building and a location selected for it.

PERU—Frank Humbert, proprietor of the city meat market, had a serious runaway Wednesday evening. His right arm was broken at the wrist and his face was badly cut, one cut above the eye requiring several stitches.

PERU—Miss Anna Fehman, one of the winners in the preliminary debates and one of the most prominent members of the Junior class of the Peru high school, left her home at Fairbury, Monday morning, to accept a lucrative and responsible position there for the remainder of the school year.

PERU—The band concert given at the chapel Tuesday evening was attended by a large and enthusiastic audience. Besides the band, Mrs. C. J. Cook, Mrs. M. J. Flatt, the flutist of Lincoln, and the Normal Glee club participated.

Base Ball Late at Ames. AMES, Ia., Feb. 6.—(Special).—Base ball at Ames will be rather late in starting this season owing to the fact that the cannot work out in the shed with the track men. The ball game was put in last fall for the first time in several years.

AMES—The band concert given at the chapel Tuesday evening was attended by a large and enthusiastic audience. Besides the band, Mrs. C. J. Cook, Mrs. M. J. Flatt, the flutist of Lincoln, and the Normal Glee club participated.

Nebraska CHAIRMAN AND LETITIA HAVE ALSO BEEN WITHOUT HAD GOAL FOR SOME TIME

Union Pacific Declines to Tell Who Hold Passes.

NOTE TO IOWA BOARD TELLS WHY Claim All Are for Interstate Travel, Which Does Not Affect State—James L. Mason is Dead.

(From a Staff Correspondent.)

DES MOINES, Ia., Feb. 6.—(Special).—The Union Pacific railroad has declined to make out a list of the pass holders of the railroad residing in Iowa, and in a note to the secretary of the state executive council that all the passes are for interstate business and that the state laws do not affect the same. Several of the large roads report merely a few pass holders, chiefly the railroad commission and clerks. The Des Moines interurban road reports a list of 67 persons to whom passes were issued last year.

New Railroad Cases. During the last week there were thirty new cases filed with the railroad commissioner. Nine of these referred to failures to furnish cars for grain and live stock; four were concerning delay in coal shipment; two were with reference to station service at Lamont and Eldora; one was an application for reduced rate on broken stone and another for reduced rate on screenings and stone dust; one was an application for the printing of an Iowa express classification; two concerning damage and delay in transit of freight; one was an application for a reduced rate on lard in tubs; three were concerning proper charges to be made for switching and car service by railroads; one asking for a change in the rule relating to shipments of eggs to conform to the western classification and the other requesting an advance in the minimum carload weight on flour and mill stuffs in Iowa from 24,000 pounds to 26,000 pounds; one was for telephone and another for reduced rate on liquor and coal shipments. Car traced and delivered.

Interstate Lumber company, Alexander, asking for reduced rate on lumber. Car traced and delivered. R. N. Seydel, Ladora, against Chicago, Rock Island & Pacific Railway company. Delay in coal shipments. Car delayed in transit. Car delivered. E. Gullick, Denison, against Chicago & Northwestern Railway company. Station service. Company agreed to erect shelter.

Des Moines Coal & Feed Co., against St. Paul & Northern Pacific Railway company. Delay in coal shipments. Car delayed in transit. Car delivered. Des Moines Coal & Feed Co., against St. Paul & Northern Pacific Railway company. Delay in coal shipments. Car delayed in transit. Car delivered.

CHANCELLOR OF NEBRASKA GOES SLOWLY

Head of University Will Await Revision of Foot Ball Rules Before Opposing Game.

LINCOLN, Feb. 6.—(Special).—Chancellor Samuel Avery of the University of Nebraska has received notice of a meeting of the college presidents of the Missouri valley conference schools to be held in Des Moines in about two weeks to consider the abolition of the American game of football from their list of sports now played by the "Big Seven." He is being urged to attend this gathering, but has not yet decided to do so.

The movement which has resulted in the call for this meeting in Des Moines was started by William Allen White of the board of regents at Kansas university. At a recent meeting of the Kansas regents Mr. Allen introduced a resolution instructing the chancellor to call together the college presidents of the Missouri valley conference, and try to get them to substitute rugby for the American game.

Neither Chancellor Strong of Kansas nor Chancellor Avery of Nebraska look with favor upon this movement. The Jayhawkers lead a strong exponent of football and he does not wish to see it abolished. He believes it should be changed to minimize the chances for accidents, but he wants it retained in place of the English game.

Chancellor Avery thinks the agitation against football is not altogether sane. He says that he is undoubtedly many bad features about the game as it is played but he believes the rules committee can revise the playing code so that the objectionable features will be eradicated. He is willing to permit the committee to make new rules, and he feels sure they will put in revisions that will allow most of the present opposition against the great game.

Until the rules committee shows that it is not able to make the American game a safe one, Chancellor Avery will stand by the present sport and will not favor the substitution of the Rugby game. If the American game cannot be so changed as to eliminate the dangerous plays, then he believes the rules committee should revise the playing code so that the objectionable features will be eradicated. He is willing to permit the committee to make new rules, and he feels sure they will put in revisions that will allow most of the present opposition against the great game.
