

### PROF. HOLDEN FOR GOVERNOR

Indications that Farmer Professor Will Be Factor in Next Campaign.

**COSSON INTERPRETS THE LAW**  
He Holds that Commerce Counsel Shall Act Only in Rate Matters Brought Before the Commission.

(From a Staff Correspondent.)  
**DES MOINES, Ia., April 30.—(Special.)**—The suggestion, which came out last week that in some way in the political contest of next year, Prof. P. G. Holden, of the State college, be pitted against Representative E. W. Moore of Cedar Rapids, is taking a somewhat serious turn. It is known that Moore has been selected by number to be his candidate for governor, largely because he changed front on the senatorial matter at the critical time and is given credit for settling the matter. Unless something extraordinary happens he will run for governor or lieutenant governor in which case Prof. Holden will also run for the office and he will see, who receives the highest favor.  
Prof. Holden is typical of the new movement for the betterment of Iowa farm conditions. He has been the head and mainstay of the agricultural extension movement in Iowa and in every county of the state he is known for his wonderful zeal for the good farming idea. But he has offended the president of the State Board of Education, because he was persistent in demanding of the legislature larger appropriations for his department, and actually has been getting the money, despite the fight of the president. It was because of this that Representative Moore made a bitter attack upon Holden in the legislature and denounced the department of which he is the head.  
Now others are taking it up and one of the leading critics of the extension work is quoted as declaring that Holden has been doing more harm to Iowa than the honest farmer can repair in years. But officials of farmer organizations are becoming interested and the prospect is that an effort will be made to remove Holden from the college and to cut out the seed corn and other specialties.  
The sequel to this will be that the matter will go into the state political campaign next year.  
**Cosson Interprets the Law.**  
The new law as to the commerce counsel was the subject of an official opinion by Attorney General Cosson rendered Saturday. He had been at work on the decision the last ten days. Doubt had arisen as to whether or not the commerce counsel was to act for the railroad commission in all cases or was limited to a few. The attorney general finds that the law provides that the commerce counsel shall act only in matters affecting rate cases brought before the railroad commission itself, though there would be neither impropriety nor illegality in the commission designating him to act for that body in interstate cases before the Interstate Commerce commission or in cases in federal or state courts. But the office of the attorney general, which is provided for in the constitution, has authority over cases in the courts and if the commerce counsel or anyone else is designated to aid in such cases it must be to work jointly with the attorney general. Under this ruling it will be possible for the railroad commission to make much larger use of the commerce counsel than had been supposed possible under a narrow interpretation of the law.

**Need More Hospital Rooms.**  
The State Board of Control in its rounds the last ten days found that the state hospitals are becoming over-crowded again and that something must be done to give more room. At Clarinda about 1,300 patients are now located. One of the first of the buildings to be erected by the board under the new appropriations will be a cottage at Clarinda to accommodate 100 patients and it will be located out on the farm and away from the main buildings.

**High School Aid in Iowa.**  
State Superintendent Deyoe is making preparations for putting into force the new law in regard to state aid for high schools. The legislature appropriated \$75,000 for this purpose the next two years and there will be aid given every high school that maintains a normal course for the instruction of teachers. Fred Mahannah of Mason City, president of the State Teachers' association, will be the inspector to pass on the qualifications of the high schools and their right to receive state aid.

**Want the Mine Headquarters.**  
Local branches of the United Mine Workers located here will this week vote on the question of the removal of the district headquarters from Oskaloosa to Des Moines. There are about 30,000 miners in the district and the officers are regarded as of importance. The headquarters of the operators is here and practically all the work of settlement of labor troubles is done here; but in the southern Iowa coal fields a hard fight will be made to retain Oskaloosa as the head of the organization.

**Iowa Deaths in March.**  
The report of the State Board of Health for the deaths in Iowa in March shows a total of 1,145, the largest number being from pneumonia, 280. There were twenty-two suicides and six homicides in the state in March. Other leading causes of death were: organic heart trouble, 112; tuberculosis, 141; senile debility, 135; cancer, 118; smallpox, one, and measles, twenty-five. Of the deaths seven were reported to be over 100 years old.

**Must Have Licenses.**  
W. B. Barnes, food and dairy commissioner, has sent out to owners of creameries a notice that the law in regard to licenses for milk testers will be rigidly enforced as soon as it goes into effect July 4, and that all operators of the Babcock tester must have licenses. It is expected that all operators will have their licenses before the law goes into effect.

**Tuberculosis Day Observed.**  
Observance of "Tuberculosis Sunday" was general throughout the state and many sermons were preached on the importance of good health and some of the things necessary to maintain the same. The state tuberculosis department has been at work on plans for a long time and has had the co-operation of many high in the churches.

**Receive Higher Wages.**  
Des Moines plasterers will receive \$3.90 a day beginning Monday, May 1, according to the new wage scale which goes into effect on that date in Des Moines. It is an increase of 50 cents a day, the new rate being 79 cents an hour.  
The scale was adopted last October by plasterers' local No. 2, the men believing that \$3.60 is a fair wage because plasterers do not work continually throughout the year. The contractors were notified of the rate in the scale at the time.

**Reducing the Saloons.**  
The city council of Ottumwa has revoked nine saloon licenses, and intends to increase the yearly license from \$1,500 to \$2,000 per year. Ottumwa now has twenty-two saloons.

**Big Things on Farms.**  
That they raise things on the state farm was proved by Secretary Treat of the Board of Control today, as he exhibited

a photograph of a pig reared on the farm at the school for the deaf, the pig carrying 70 pounds of pork. He bears the name of "Jupiter," and is a sample of the live stock the state of Iowa owns.

**Inspectors for Iowa Streams.**  
The State Board of Health today announced that Dr. G. H. Sumner, secretary of the board; Sanitary Engineer Higgins and State Chemist Kinney will constitute the Iowa members of the committee which will unite with a similar committee named by the government to inspect the waters of Iowa streams. Reports of contamination by sewage have caused the naming of the commission.

**Tax Commission Soon to Be Named.**  
Governor Carroll expects very soon to name the members of the tax commission empowered to investigate the assessment and taxing system of Iowa and recommend changes. The commission will organize and have an office at the capitol and make a thorough investigation of taxing systems everywhere. It was created in lieu of a proposal for a permanent tax commission to take over all the taxing matters of the state.

**Investigates at Mitchellville.**  
The State Board of Control went to Mitchellville this morning for the purpose of investigation of the State Industrial school there. The quarterly visit to the institution had not been made since the new superintendent was placed in charge.

**The Farmers' Elevator Company of Dyess, Tama county, filed articles of incorporation with the secretary of state, the capital being \$15,000.**

**GIFT TO GLENWOOD Y. M. C. A.**  
Mrs. Martin, Who Died Friday, Leaves Fifteen Thousand to Institution Organized Last Week.

**GLENWOOD, Ia., April 30.—(Special.)**—Mrs. Elizabeth Martin died at the family home north of Pacific City at 1:30 Friday morning. Mrs. Martin was the widow of Milton J. Martin, who died in the same house, the family home, about eight years ago. The Martins have lived in the western part of Mills county for more than fifty years and were one of the wealthiest families in the west side of Mills county.  
After remembering her family generously, Mrs. Martin leaves \$15,000 to the Glenwood Young Men's Christian association. The funeral was held from the home yesterday afternoon at 2 o'clock. The Martins had no children. Mrs. Martin leaves a sister, Mrs. D. W. Bennett of Woodbine, Ia., and Mrs. Cornelius Anderson of Pacific Junction, Ia. Articles of incorporation of the Glenwood Young Men's association were this week filed with County Recorder Workman. This organization was formed some months ago. The following sign the articles of incorporation as officers and directors: President, George McGridge; vice president, Charles E. Corey; secretary, L. A. Bower; treasurer, E. H. Herrick; Directors: J. W. Carter, W. S. Elliot, Shirley Gilliland, W. H. Hamilton, H. M. Logan, W. C. Ruthke, F. M. Shriver and Albert Harrison.

**ELOPES WITH LITTLE GIRL**  
Alvin Fletcher of Paton, Ia., Drives Away with Thirteen-Year-Old Daughter of Employer.

**PATON, Ia., April 30.—(Special.)**—Officers are now closely trailing Alvin Fletcher, the young farm hand, who eloped with the 13-year-old daughter of Mr. and Mrs. Henry Lowe. Added to this charge is also that of selling mortgaged property. The Lowe family have been residents here only about a year, coming from Kentucky. Shortly after they came, Fletcher came from the same country and hired out to Lowe. While Mr. and Mrs. Lowe were at Grand Junction on a visit the girl and young man eloped, driving away from the premises with a horse that Lowe had sold Fletcher, and which Fletcher had mortgaged in payment. They drove to Laurens and there the horse was sold to O. P. Perry and has since been recovered. The newly married, as they claimed, then went east and Sheriff Wilson has been able to trace them as far as Chicago and a search is being instituted for them there. The last legislature just passed a stringent law against kidnaping, and as the girl is only 13 years old Fletcher, when found, will be arrested under this charge. This neighborhood is quite a little stirred up over the event on account of the youthfulness of the girl.

**EDWIN CASS STAYS IN JAIL**  
Alleged Tax Evasier Placed Under \$25,000 Bond by Judge at Bedford.

**BEDFORD, Ia., April 30.—(Special Telegram.)**—Edwin Cass, the alleged tax evasier of Taylor county captured in Durango, Colo., recently and brought back to Bedford, has been indicted by the Taylor county grand jury on three charges of tax evasion. His bondsmen were the main one. His bonds were placed at \$25,000, which he has not been able to furnish. Judge Maxwell refused to allow the bonds to be reduced. The case will not be tried this term.

**New Instructor at Tabor College.**  
TABOR, Ia., April 30.—(Special.)—Prof. H. E. Ellis of Beatrice is the newly selected instructor for the commercial department of Tabor college.

Prof. Ellis graduated in 1908 from the Springfield high school of Lincoln county, Iowa, and the year following studied at Cornell college, Mt. Vernon, Ia. After a year's successful teaching he took a year's commercial training in the commercial college at Cedar Rapids, Ia., completing his college education. He was employed in the college, Holton, Kan., in 1909.  
For the last two years Prof. Ellis has given most excellent service as teacher of the commercial branches in the Beatrice high school, where they sought to retain him for another year.

**Eloper Married at Mason City.**  
MASON CITY, Ia., April 30.—(Special.)—Officers were just a little too late to intercept a marriage here which occurred yesterday. Miss Hazel Hanning was a buxom lass of 15 years, residing at Colfax. Daniel Houts was a Waterloo lad of 24 years. They eloped from Colfax, expecting to get married at Des Moines, but officers were too near at hand and they changed their mind. Coming to this city they secured a witness and a marriage license was issued. Rev. Le Roy C. Cooley of the Presbyterian church tied the knot. The parties then left for Minnesota.

**Woman Burns to Death.**  
CRESTON, Ia., April 30.—(Special Telegram.)—Miss Jane Wells of Stam, Taylor county, was burned to death in her home when in a fainting fit she fell to the floor upsetting an oil stove with which she was cooking. The flames spread while she lay unconscious. Neighbors saw the blaze and succeeded in getting her out of the house, but she died from her burns. The house was destroyed. Miss Wells lived alone.

**Five Years for Horse Thief.**  
CRESTON, Ia., April 30.—(Special Telegram.)—Judge Maxwell sentenced George Foster, self-confessed horse thief, at Bedford to five years in the penitentiary today. There is money in knowing Ted.

### Man of Big Deals Heads Omaha University Club

R. C. Peters had a birthday yesterday, only the forty-ninth since he was introduced to the world at Petersburg, Mich., but during the intervening time he has built what is reputed to be the largest institution of its kind in the United States—the Peters Trust company. This concern deals largely in farm loans, and at the present time it has outstanding mortgages aggregating \$11,000,000. Mr. Peters started in business only twenty-five years ago with-out a customer, first locating in West Point, Neb., where he remained fourteen years. His business expanded to the point where it was necessary to seek a greater field, and eleven years ago he came to Omaha to establish the Peters Trust company.  
Because of his success in engineering big deals he was chosen president of the University club, which is now forming in this city, and as its head he has already accomplished much. More than 100 members, all prominent residents, have been secured and as soon as the roll is increased to 300 efforts will be made to establish a permanent home.

R. C. PETERS.

### ARREST FOR TURNER MURDER

Henry Graham, Colored, Captured and Lodged in Jail.  
**IS HELD AS A MATERIAL WITNESS**  
Followed Through the Swamps of New Jersey and Taken After an Exciting Chase of Thirty-Five Miles.

**NEW YORK, April 30.—(Special Telegram.)**—With his hands shackled and closely guarded by several men, Henry Graham, a Lakewood negro, was whirled into Tom's River, N. J., in an automobile tonight and lodged in jail as a material witness in the murder of Mrs. Charles Turner, whose body was found Friday in the pine forests of Lakewood.  
The man was captured after a hunt since yesterday. Prosecutor Brown of Ocean county took up Graham's trail yesterday morning, when he received word that Graham was the last person who had seen Mrs. Turner alive.  
The chase after Graham began with the break of dawn, the prosecutor, sheriff and a detective giving chase in a touring car. The horror of the murder so aroused the men of Monmouth county that a posse was formed there. It was the Monmouth county posse that learned of a negro in the swamps near Englishtown. The swamp was surrounded and Graham questioned just as the prosecutor and his companions came tearing up in the automobile. Graham was captured thirty-five miles from the scene of the crime. With his winding in and out of the woods, retracing his steps and dodging from highway road to secluded path, he probably traveled twice this distance, but he did not appear exhausted. The Monmouth posse quickly transferred the negro to Mr. Brown's automobile and it was headed for Tom's River jail.

### Engagement Party is Interrupted by Injury to Fiance

Young Man Seriously Hurt While Directing Unloading of Wagon Before House.

Preparing for a party at which his engagement to Miss Hulah Hulse was to be announced, Jens Neilson, 24 years old, was run down and probably fatally injured at 8:15 o'clock Saturday by the city engineering department automobile, driven by Dean Noyes.  
He was taken into the home of his fiancée's mother, Mrs. H. D. Hulse, 1885 North Sixteenth street, in front of which the accident occurred, and attended by Police Surgeons C. H. Peppers and T. T. Harris.  
Neilson was standing by a wagon in front of the Hulse home, directing the driver how to unload a case of beer, when the automobile coming from the south at a high rate of speed glanced on the rear wheel of the wagon and struck Neilson in the back, knocking him across the street. The driver of the machine did not stop. Persons along the street, however, recognized the city engineering department's automobile and Noyes, the driver, Neilson refused to be taken to St. Joseph's hospital. He was taken into the Hulse home where he has been boarding. The party last night was to have been held for the purpose of announcing the engagement of Mr. Neilson to Miss Hulse, the wedding to take place in September, and also to announce Neilson's law firm partnership with Fred N. Anheuser. Neilson has been affiliated with the Bond and Real Estate company, 812 Brown block.

### Woodrow Wilson Says That He is a Liberal

New Jersey Governor Asserts Democratic Party Stands for Real Representative Government.

**NORFOLK, Va., April 30.—**"Responsible business" and genuine representation of the people in government is our program and, item by item, we shall carry it out," said Governor Woodrow Wilson of New Jersey, guest of honor at the banquet of the Pewter Platter club last night, classifying himself as a liberal and setting forth the liberal platform.  
"A new temper has come into our affairs," he continued. "Only a little while ago the whole country seemed deeply disturbed, as if with a sense of incalculable changes. There was a dread of what was to come. Many held back and protested hotly, while the majority seemed to surge ahead, eager for change and not too critical of what the change might be.  
"By imperceptible and very happy chances of temper and point of view we have come out of that state of mind, that perturbed view of our life, and have begun to get something like a complete vision of our problems and of the policies that must solve them.  
"In politics, law and fact, theory and practice do not jibe. We still reverse 'representative government,' but we are forced to admit when we scrutinize it closely, that by one means or another, the governments we actually have, have been deprived of their representative character. They do not represent us."  
Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all druggists.

### Hunyadi Janos Natural Laxative Water

Quickly Relieves: Bilkuness, Stomach Disorders, and CONSTIPATION

**Asthma Catarrh**  
WHOPPING COUGH BRONCHITIS COUGHS CROUP COLDS  
**Vapo-Cresolene**  
ESTABLISHED 1870  
A simple, safe and effective treatment for bronchial troubles, without doing the stomach with drugs. Used with success for thirty years. The air rendered strongly antiseptic, inspired with every breath, makes breathing easy, soothes the sore throat, and stops the cough, inducing restful nights. Considerable relief is afforded to young children and a boon to sufferers from Asthma.  
ALL DRUGGISTS.  
Try Vapo-Cresolene for their CHILDREN WHILE TRETHERING, with PERFECT SUCCESS. They are simple, effective and antiseptic. Of your druggist or from us, 10c in stamps.  
Vapo-Cresolene Co., 62 Cortlandt St., N. Y.  
**REST AND HEALTH TO MOTHER AND CHILD.**  
Mrs. W. H. SLOW'S soothing syrup has been used for over SIXTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TRETHERING, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN; CURES WIND COLIC, and is the best remedy for DIARRHEA. It is a wholly harmless. Be sure and ask for "Mrs. W. H. SLOW'S soothing syrup," and take no other kind. Twenty-five cents a bottle.

### Why Cough

Ask your doctor about coughs. Ask him if your own is necessary. If not, then why cough? Does he recommend Ayer's Cherry Pectoral? Ask him, and let his answer be final.  
J. C. Ayer & Co., Lowell, Mass.

### A GOOD MOVE

should be made quickly and safely. We'll send men who are experts—who don't get your nerves with blunders or break-work—just as we are.  
**PHONE US WHEN YOU'RE READY**  
Our large, clean, padded Vans carry big loads—our men work steadily—quietly. They arrive on time—are courteous and willing. Because of all this, you are assured of satisfaction if we make your next move. Phone us.  
**Expressmen's Delivery Co.**  
216 So. 17th St. Ground Floor Bee Bldg., 17th St. Side. Phone Douglas 394. Ind. A. 1814.

**The Brown Bottle**  
Protects Schlitz Purity from the Brewery to Your Glass  
Schlitz in brown bottles costs you no more than common beer in light bottles.  
Light starts decay even in pure beer. Dark glass gives protection against light.  
All Schlitz is aged for months in glass enameled tanks, so that it cannot cause biliousness. It will not ferment in your stomach.  
If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."

**Schlitz**  
The Beer That Made Milwaukee Famous  
Phoned Douglas 1397 Independent A 2623  
Schlitz Bottled Beer Depot 723 S. 9th St., Omaha, Nebr.

**You Don't Become a Nuisance**  
The Bee's Great Booklovers' Contest rewards you for your industry in solving pictures; not for gathering subscriptions and bothering the life out of your friends by asking assistance. It doesn't cost a cent either.  
**More Than \$3,600 in Free Prizes**

**First Prize—Value \$2,000**  
An Apperson "Jack Rabbit" touring car. Model four-thirty, with five-passenger capacity. This is a car that can be driven year after year over all sorts of roads without excessive repairs or extraordinary maintenance cost. Do you wonder it is such a popular machine? This car is exhibited at the Apperson garage, 1102 Farnam street.

**Second Prize—Value \$750**  
An 88-note Kimball player-piano, an instrument with a record for high achievements in the musical world. It is a concert hall in itself. It is a player that every member of the family will enjoy; all will want to keep it going every afternoon and evening. It is exhibited at the A. Hoopes store, 1518 Douglas street.

**Third Prize—Value \$500**  
This prize is a beautiful lot, number 8, block 4, in A. P. Tukey & Son's 11er addition. It is located midway between Omaha and South Omaha, and is one block from the leading thoroughfare that connects the two cities. The street car line is within one block of the lot. It is an east front, 50x150 feet.

**Fourth Prize—Value \$250**  
A Columbia Grafonola "Regent", valued at \$200, and \$50 worth of the latest records go as the fourth prize. The advent of the Grafonola, coincident with the recent marvelous development of the art of recording music in the form of disc Graphophone records, has established principle of sound-reproducing instruments. This Grafonola may be seen at the Columbia Phonograph company's agency, 1311-1313 Farnham street.

**CASH PRIZES:**  
Five of \$10 Ten of \$5 Twenty of \$2
