Court at Gatesville next week.

Town full of strangers this week.

The attendance at Court this week was small.

Several large schooners in our harbor this week.

We were glad to meet many of our friends this week.

The farmers report peas and potatoes growing rapidly.

Railroad men can be seen on our streets very frequently of late.

Mr. Haywood Sawyer, one of E. City's leading attorneys, is here this week on a visit to his sister, Mrs. L. F. Ziegler.

The box factory of the Branning Mfg. Co. has started up. Some good work is being done in this department.

The Farmers' Alliance now has 1691 sub alliances in this State with a membership of over 70,000. The Chowan Alliance will meet in Edenton to day.

We notice the small boys are still using the noiseless gun on the streets. Is it possible this thing is going to be allowed? If laws are made, why not enforce them?

We acknowledge the gift, sent us by Dr. Geo I Nowitzky, of his book on "Norfolk and the Sound and River Cities of North Carolina." It is a big improvement upon the original edition.

The many friends in Edenton of Mr. E. L. C. Ward, a gentleman well known in this community, joins us in extending our sympathy in the loss of his wife, Mrs. Mattie Ward, who died Tuesday, March 26th, at her home in Murfreesboro.

A bright sky, gentle breezes from a southerly direction, warm glowing sunshine, overcoats all hung upon the clothes rack, umbrellas thrown aside, stoves and heaters barely warm except for cooking purposes, and all working men in their shirt-sleeves; who would not live in such a climate! It is equal to Florida with the yellow fever left out.

The subscription list of the Fisherman and Farmer continues to grow. A large number of new names added to the list this week. We extend a hearty welcome to our new readers, also raise our hats to a number of delinquent subscribers who came in and planked-down their "boodle" like gentlemen. Such things as this gives us new life. Let others follow.

Our merchants are anticipating a brisk spring trade. Consult our advertising columns if you would know where to find what you want and buy to best advantage. The liberal advertiser is the liberal dealer. He is the man who enjoys a good trade, and consequently never has any old shop-worn goods to put off on his customers. It is then to your interest to trade with those who advertise in the Fisherman and Farmer.

SHILOH'S COUGH and Consumption Cure is sold by us on a guarantee. It cures Consumption. For sale by Hooper & Co.

We were pleased to shake the hand of our young friend, Dr. Shelton McMullen, of Hertford, this week. He informs us that he will locate in Edenton to practice his profession, about April 20th.

Bro. Paul Creecy, of the E. City Economist, Bro. P. John, of the Carolinian, and Bro. T. B. Berry, of the News, were in Edenton this week. We hope they all carried home a long list of new subscribers.

It is now a settled fact that Edenton will soon have another Railroad. The surveyors of the Suffolk & Carolina Road began work on yesterday surveying their water front, &c., on the east end of the town.

A note from Dr. W. R. Capehart states that through a mistake the dates of the opening exercises at Avoca were printed wrong. The correct dates are April 23d, 24th, 25th and 26th. The editorial banquet occurs on April 23d.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by Hooper & Co.

SUPERIOR COURT OF CHOWAN COUNTY.

This court was opened on the 1st by His Honor, Judge Boykin, and held throughout the week. The charge of the Court to the Grand Jury was somewhat out of the usual channel and was, therefore, most interesting as well as instructive.

The cases on the State docket were soon disposed of being, for the most part, few and unimportant. The Civil docket was reached Wednesday to the pleasure of such of our attorneys as were ready for trial. A number of visiting attorneys were to be seen at the bar during the term; among them, Messrs. Charles Pettigrew and T. A. Armstead, of Plymouth; Hawood Sawyer, Esq., and Judge J. C. Albertson, of E. City; Hon. T. G. Skinner, of Perquimans; Mr. R. H. Blount, of Hertford; L. L. Smith, Esq., of Gates, and Mr. A. M. Moore, of Greenville.

The term has been a most pleasant one although not quite as profitable as lawyers and other officers of the Court would wish.

The Grand Jury continued in session throughout the term, working slowly but surely, judging from their make-up. It is composed of good and prudent men who, knowing the right, will dare to pursue it.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10c and 75c per bottle. Sold by Hooper & Co.

NEW ADVERTISERS.

Read the "ad" in this issue of the Franklin Fish Agency. This is a new firm and a good one too. We commend them to our fishermen.

Fishermen, your attention is also called to the card of C. M. Murden, formerly of Edenton, who has located in Suffolk, Va., for the purpose of selling fresh and salt fish, sturgeon, &c. Try him.

Read notice of house and lot for sale by J. C. Sharp, in this issue. J. W. Spruill, Tax Collector, also offers for sale a desirable lot.

FISH NEWS.

Big improvement in the catch of fish this week around Edenton. Our fishermen have made large preparations for the spring's work, but, up to this week they have not realized a great deal. Not only has the catch been small but the prices, in Northern markets, low and discouraging. The fishermen began to cut herrings this week.

The E. City Carolinian says it has frequently alluded to the fact that, pecuniarily, the fishing interest is the largest in our Albemarle section, really bringing more money to it than comes from any other industry. The number of firms and owners of seines and nets engaged in fishing in our waters reach nigh on to three hundred, and the indications now are that more fish will be caught and shipped than in any previous season.

GATHERED BY POSTAL CARDS.

MANTEO, April 2.—Big improvement in the fishing this week. The fishermen are smiling. Every day the shipments enlarge.

MACEY'S FERRY, April 2.—Fishing improving over here. Some good catches made this week.

ROCKY HOCK, April 3.—The catch of fish has very much improved since our last report. Up to the present our fishermen have done better than for several years past.

PLYMOUTH, April 3.—Shad fishing has improved this week. Hope it will continue.

The Asheville Citizen says that "Rev. Jos. A. Munday, an eloquent and noted Tennessee evangelist, has returned to the ways of sin and has been fired from a Baptist pastorate at Morristown, Tenn., for drunkenness and gross immorality."

C. M. MURDEN,

Of Edenton, N. C., takes this method of informing the Fishermen that he has located in Suffolk, Va.,
