TOURIST CLUB FOR HOME FOLKS AND VISITORS WITH UP-TOWN QUARTERS PLANNED

Work at New Park Near Completion, C. of C. Told at Annual Meet

RESUME OF ACTIVITIES. PROJECTS IS GIVEN

A tourist club for home folk and visitors, with uptown headquarters, will be organized here as part of the entertainment program of the Chamber of Commerce, it was revealed last night at the annual meeting of the organization held at the Skyland hotel. About 125 persons, including several new residents, attended the meeting.

Reporting for the entertainment committee, O. Y. Brownlee said construction work on the new park between Church and Main streets at Five Points is nearing completion, and that membership in the tourist club will entitle the holder to use of the facilities of the park, including tennis, horse-shoe, croquet, roque, and shuffle-board courts, and that a room will be provided uptown where tourists may rest, write home, and read their home town newspapers. Annual membership dues will be \$2. Miss Catherine Goodman will again be official hostess.

Mr. Brownlee was one of a half dozen five-minute speakers who gave resumes of community-wide activities closely connected with the Chamber of Commerce. Dr. E. K. McLeary gave the innovation; Paul Hilliard, dramatic tenor, sang two selections, with piano accompaniment by Miss Kate Dotson, and Roy C. Bennett led group singing.

E. W. Ham, president of the Chamber of Commerce, presided and gave a general report of the activities of the organization. Edw. R. Sutherland read extracts from letters giving the reactions of new residents to the community's activities and its advantages. Dr. J. L. Weddington described improvements being made to the clubhouse of the Hendersonville Golf and Country club. H. E. Mitchell outlined the activities of the Chamber of Commerce. Dr. Hyatt Brown stated the aims of the newly-organized Rod and Gun club, and Yates W. Little read a financial report of the Chamber of Commerce. Mr. Brownlee introduced special guests present at the meeting.

In his talk, Mr. Sutherland said that perhaps 75 letters from new residents are being assembled so that copies may be supplied to others who may contemplate coming to Hendersonville to live. Dr. Weddington said that \$5,000 is being spent to provide adequate accommodations for golfers and others who may wish to join or make use of the country club. Dr. Brown said that the chief objects of the Rod and Gun club are to stock streams with fish and to protect fish and game out of season, and Mr. Mitchell said the merchants' division expects to enlarge its activities this year and to climax its efforts with another Trade Jubilee at the close of the year.

Attractive folders containing the dinner meeting program were supplied with the compliments of the Flanagan Printing Co.

OSCEOLA PROPERTY IS SOLD; NEW CLUB HOUSE TO BE BUILT

Beach There Will Be Improved and Road and Street Work Are Also Contemplated

The sale of Osceola Lake by Henderson county to the Maxwell Development Company, Inc., was made public today. The sale included the lake and all property inside the road around it, and the purchase price was not announced.

S. Maxwell is president of the purchasing concern, J. Z. Cleveland is secretary-treasurer, and B. A. Whitmore is attorney.

Mr. Maxwell announced that development of the property would begin immediately. The beach will be enlarged and improved and a clubhouse will be built on the site of the old pavilion, recently destroyed by fire. The clubhouse will be modern in ever detail and will contain lockers, showers, and all equipment necessary for bathers. It will be completed and ready for a formal opening on July 4. The bathing beach will be completed and ready for use by June 1.

An extensive development of the property surrounding Osceola Lake is planned by the Maxwell concern and the Osceola Investment company of which A. H. Houston is president and I. E. Johnson secretary-treasurer. The latter concern owns about 200 lots in the vicinity of the lake.

In addition to the work at the lake, street and road work will be done and it is planned to build a number of cabins for sale and rent on the property surrounding the lake.

PLANNING FOR MOBILIZATION OF INDUSTRIES

Commons Discusses Difficulty of Mediterranean as War Theatre

PROVISION FOR FOOD IS ALSO BEING MADE

LONDON, May 22.—Plans for the mobilization of British industries in the event of war in Europe were hastened today and a vast program for facilitating munitions production, speeding up airplane deliveries, providing food supplies for the civil population, and protecting the lifeline of the empire began to take concrete form.

Debate in the house of commons emphasized the difficulty of holding the Mediterranean Sea in the event of war with Italy.

Italy's ambassador to England, Dino Grandi, conferred yesterday with Sir Sidney G. Van Strindberg, permanent under secretary of foreign affairs, and authoritative sources said the conference took up a general discussion of the Ethiopian situation. It was the first visit of Grandi to the foreign office since he presented a copy of the Italian decree annexing Ethiopia.

Two situations apparently were involved in the British preparations: First, the Italo-Ethiopian situation, in which Viscount Cranborne, parliamentary under secretary for foreign affairs, told the house of commons yesterday the government is taking steps to clear up the whereabouts of L. J. Bonner, Red Cross worker, reported arrested at Dire Dawa.

And second, the Palestine-Egypt affair, in which Prime Minister Stanley Baldwin told the house of commons Britain would tolerate no interference.

Authoritative sources said that reinforced guards at British and French legations in Addis Ababa would remain on duty in spite of Italian hints that they be reduced. This was understood to be the central point in the conference yesterday.

In its industrial program the government has offered subsidies to automobile companies for entering the field of airplane manufacture in an effort to increase production. Contracts for tools, machines and gauges to be used in munitions manufacture, were expected to be placed within a few days.

WALKOUT COMMITTEE

It has Not Courage to Take Any Action Against Him

COMMITTEE OF DIFFICULTIES FACE TAX FRAMERS

WASHINGTON, May 22. (UP).—Townsend charged today that the house committee he walked out yesterday lacks the courage to carry out its threat to cite for contempt of the house.

WASHINGTON, May 22. (UP).—Townsend was perplexed by the difficulties which Dr. Townsend created by his act of the committee and by its proposed contempt according further study of the case to bring immediate contempt against Townsend in the house as soon as it met today.

The committee dropped the charge of contempt and instead was given another proposition which was to certify a contempt against Townsend to the Supreme court of the District of Columbia.

Continuation of the case to the court probably would prevent any action in the matter next fall.

A delay developed, despite a statement by Speaker of the house Joseph W. Byrns that the case was in "pending contemplation of the house when he walked out of the inquiry.

BEARDED TELLS DEMOS HERE OF HIS POLICIES AND QUALIFICATIONS

A. H. (Sandy) Graham, candidate for the Democratic gubernatorial nomination, was described as a World War veteran worthy of recognition by the state, and as a safe and sane "middle-of-the-road" candidate in an address here last night by Bruce Beard of Salisbury.

Speaking at a meeting of veterans and others at the courthouse Mr. Beard declared that Graham had served the State of North Carolina well since 1920, that in those years he had studied government, and that he is a man who knows government probably better than any other man in the state.

Drawing a picture of the present campaign for the Democratic nomination, he declared that Clyde R. Hoey says that he is entirely satisfied with the way things have been run and with the old order. Dr. Ralph McDonald is satisfied with nothing and says in effect that the state of North Carolina has been run by a gang of thieves and that all the voters have been suckered to allow the "machine" to remain in power as long as it has. In his views and platform promises, he said, Dr. McDonald is radical and the anti-sales tax candidate was pictured by Mr. Beard as leaning toward radicalism and communism.

On the other hand, Mr. Graham was described as neither believing that the old order was perfect, nor leaning toward radicalism. Mr. Beard said, you may return to your homes safe in the knowledge that the State of North Carolina will be in the hands of a man who is neither run by the capitalists or the communists.

He outlined Graham's views, declaring that he favors local county option on the liquor question, the removal of the sales tax from the necessities of life, better schools and the participation of the state in federal old age pensions and
