

TATE'S

Victor Grain and Seed Separator and Grader,

MANUFACTURED BY THE

WINSTON AGRICULTURAL WORKS,

WINSTON, N. C.

Every Farmer Needs It. Every Mill Owner Needs It. Every Dealer in Grains and Seeds Needs It.

TATE'S VICTOR

EMBODIES more points of excellence in WORK and CONVENIENCE than any other machine for the same purpose. Perfect in SEPARATING and GRADING, simplicity and durability of construction, and the complete SELF-BAGGING arrangement, which in itself SAVES THE LABOR OF ONE MAN. The VICTOR has two shoes which work independent of each other, and which can be regulated, at the will of the operator from a light to a heavy shake, thereby changing the quality and volume of each Grade as may be desired; the Blast is also readily changed from a mild breeze to a strong blast, by means of the Fan Gauges on each side of the Drum. Four grades are made in preparing seed,—the first grade being all the perfect grain, for seed; the second grade for market or milling purposes; the third grade comprising all the small and faulty grains and particles; and the fourth grade is that which is carried off by the combination of Zinc Screen work and the blast. Each grade is deposited into separate bags, as shown in Cut; and the first and second can be run together in the same bag if desired.

THIS MACHINE

Separates from Wheat all foul stuff, such as Oats, Rye Cockle, Garlic, Cheat, White Caps, &c., and with the same operation Grades the grain being treated; and will separate WHEAT, OATS, and BARLEY that have been grown together; will also clean and grade Oats in a perfect manner; while for cleaning Flax Seed it has no equal, or for Barley, Peas, Corn, Rye, Coffee, Rice, Clover Seed, Timothy Seed, Orchard Grass, or any kind of Grain or Grass Seed.

This machine is run by hand or by power without any extra attachments; and by removing two small bolts the Machine is knocked down ready for shipping, moving or packing away. Hence it is the most convenient Machine to handle, takes up the least room, does the most work and gives the best satisfaction of any Fanning Mill on the market.

A large number of certificates could be given in regard to the Machine; but to show how the VICTOR is appreciated by all the leading Farmers and Grain Dealers, we give a list of the sales, nearly all of which were made by one Agent in the short space of three months:
