

GOV. FORT AND SPEAKER PRINCE RECEIVING PENNANT OF BATTLESHIP NEW JERSEY IN BEHALF OF STATE

(Special to the Evening Star.) TRENTON, March 25.—Governor Fort has sent the following letter of thanks to Captain W. H. H. Sutherland, of the battleship New Jersey, for the pennant of the sea-fighter which was presented to the State yesterday: "My Dear Captain—Your messengers have presented to me, and through me to the State, the home-bound pennant

which was flown from the main truck of the New Jersey on her return to her home port, after the late cruise around the world. This compliment which you and your crew pay to the State of New Jersey is highly appreciated. The House of Assembly received from me a special message advising them of the compliment of this presentation, and they adopted a resolution in acknowledgment of it and granted to your

messengers the courtesy of the privilege of the floor of the Assembly, and received them in honor of the event. Let me assure you, and through you the crew, that what you did in this regard was greatly appreciated, and that the beautiful pennant will be preserved among the archives of the State as one of our most cherished possessions. With distinguished regard, yours very truly, JOHN FRANCIS FORT, Governor.

SEVENTEEN BODIES ARE DUG UP TO CLEAR UNDERTAKER

Board of Health Inspector Finally Finds Infant He Is Searching For.

Inspector Charles Burke, of the Board of Health, yesterday went with a corps of men to the Cemetery of the Holy Sepulchre and exhumed seventeen tiny coffins in an endeavor to locate that containing the body of the unnamed infant son of Michael and Rosara Tamburro. When they reached the little casket they quickly cleared Arabella Santamaría, an undertaker of an unpleasant charge. On January 15 the undertaker took to the city clerk a death certificate showing that the infant had died of "no vitality." This was not considered a satisfactory cause of death and the certificate was sent back for correction and no burial permit was issued. At the same time another certificate was issued for the burial of another unnamed child. Nothing more was heard of the case till two weeks later Santamaría brought back the certificate with the necessary correction. He was asked where the body was, and told the authorities that it had been buried in the Cemetery of the Holy Sepulchre. The cemetery authorities, he said, had not asked for a burial permit. The case was reported to Health Officer Chandler and, it being feared that Santamaría had buried both bodies under the one permit, he assigned Inspector Burke to the case. The latter found, when the bodies, which are buried in un consecrated ground and the graves unmarked, were uncovered, that the Tamburro child was in the little casket made by the father himself. The other burial had been properly made. Health Officer Chandler will ensure the cemetery authorities for accepting the body for burial without the accompanying permit.

WILL S. RISING, WHO IS LECTURING ON PRESIDENT TAFT AT THE ARCADE THIS WEEK.

MR. RISING'S LECTURES FEATURE AT ARCADE.

One thing that adds to the value of the program at the Arcade Theatre is the instructive lecture that accompanies its leading picture features. The lecturer this week is Will S. Rising, who has often before served in the same capacity. He is well known in Newark and popular, and his discourses are not only instructive but entertaining as well. His special subject this week has been, "With Taft in Panama." Mr. Rising is a college graduate and was at one time a law student in New York. His early life was spent in Colorado, and he owns properties there and in Wyoming left him by an uncle with whom he was reunited romantically after many years. Mr. Rising early drifted into the theatrical and operatic world, having been educated musically in Italy, where he sang successfully, as he did also in Paris and London. He was a London favorite at a time when men like Mansfield and E. H. Sothern were little known there.

WOMAN GETS THIRTY DAYS. Agnes Farley, 40 years old, no home, was committed to jail today in the Second Precinct Court for thirty days, upon complaint of John Fischer, of 51 Lake street, Bloomfield, a detective employed at the Delaware, Lackawanna and Western railroad station, who charged her with loitering about the passenger station.

DR. PHILIPSON IN LECTURE HERE ON JUDAISM'S SPREAD

Cincinnati Rabbi Addresses a Large Audience at the Temple.

The Rev. Dr. David Philipson, of Cincinnati, O., addressed an audience that filled the large Temple B'nai B'rith on "Judaism in America" last night. Dr. Philipson reviewed the history of the Jewish people in the lands in which they had lived since the days of the dispersion from Jerusalem. He pointed out how this very dispersion tended toward the strengthening of the Jewish religion, as well as furnished an opportunity for the Jewish people to spread broadcast their world-subduing thoughts and ideals. According to one of the ancient pages, "On the day that Jerusalem was destroyed the Messiah was born," meaning that at the time that the Jewish nationality, which had never been a first-rate political power, was conquered, the new opportunity of witnessing for the God of truth was granted them.

WILL ASK CONFIRMATION OF CITY HALL ENGINEER.

Building Committee of Council to Act on Hallett's Name. The building committee of Common Council will tonight be asked to confirm the temporary appointment of Harry Hallett as an engineer in the City Hall plant. Because of the illness of James Devine, the custodian, James Wiseman wrote to the civil service authorities at Trenton and asked them to submit three names from their eligible list. This was done, and on March 1 Hallett was put to work by Wiseman. Hallett will have the distinction of being the first appointee made from the civil service competitive list by the building committee. His salary will be \$100 a month. A temporary appointment places him in office for only sixty days.

Schneider, Meyer, Steger, Gruenbaum, Hammesfahr, Adee, Panik. The event was celebrated at night with a dinner. There will be another tournament April 21, at the same place.

CURTAIN BLAZE CALLS FIREMEN. The alarm of fire which was sounded from box 49 at 10:05 last night brought the firemen to the home of Andrew Sidner, 190 Broad street, where a curtain fire was extinguished by the firemen after damage of \$25.

SOUR STOMACH Is An Almost Certain Sign of Acute Indigestion

If you occasionally have a taste of sour food in your mouth, it surely shows that the food you are eating is not being digested, but instead, is fermenting and giving out poisonous gases. Belching of gas is a common symptom at such times, and also that lump of lead feeling, as if your stomach was carrying a much greater load than it could stand. If you want prompt relief and permanent cure, go to E. R. Petty and get a large tin box of Mi-o-na tablets for 50 cents. E. R. Petty knows that Mi-o-na is a highly recommended scientific remedy, and that is why he is ready to return your money if it fails to cure acid stomach, belching of gas, dizziness, biliousness, sick headache, foul breath, and all stomach troubles.

He pushed the girls just as the sign fell, and it merely brushed their shoulders. Had he been a second later it would have crushed them.

MERCHANTS AND OFFICIALS TO DISCUSS LIGHTING PRICE.
Broad Street Improvement Association merchants and Public Service officials will confer with the Board of Works lighting committee late today on the question of price for flaming arc lamps in North Broad street. It was held that the company could place the lamps in South Broad street for \$70 a lamp and north of Market street for the same price.
