

COMPOSER FILM STAR

"Carnival" Coming to Colonial.
Ivor Novello, who plays one of the leading roles in "Carnival," is the composer of the famous ballad of the late war, "Keep the Home Fires Burning."

Mr. Novello is a splendid musician, being the son of the famous vocal teacher, Mme. Clara Novello Davies, who although at present making her headquarters in New York is equally well known in European musical circles.

While filming the Venetian scenes in that historical old city Mr. Novello met his friend, Jascha Heifitz, the great violinist, who was playing a concert in the city on his world tour.

Mr. Novello introduced Heifitz to the rest of the company and as they were all stopping at the same hotel the Daniello, they had many enjoyable times together. Mr. Novello composed a special piece for the great violinist which Heifitz played at his concert there.

In addition to being an unusually gifted musician, Mr. Novello is one of the most popular and sought after society men in the West End of London. He was one of the first bona fide society men in London to take up the stage, he has appeared in several pictures and expects now to devote his talents to the screen as a definite career.

"Carnival," the spectacular film production which United Artists recently released and in which Mr. Novello plays the leading juvenile role, will be the feature at the Colonial Theatre for three days beginning Wednesday of next week.

SCOUT NEWS

Troop 17 held a fine meeting under the direction of Mr. H. V. Feyl, Scout Executive, last Wednesday, at the Community Church. At this meeting it became known that Mr. Horton Spurrier, a Ventnor Policeman, had resigned his commission as Scoutmaster, as his newly acquired duties at the City Hall prevent his coming to meetings. Troop 17 feels the loss of their Scoutmaster very keenly, as Mr. Spurrier was a good Scoutmaster, and good Scoutmasters are hard to get in Ventnor. Scout Executive H. V. Feyl will act as Scoutmaster until some public spirited man takes charge of this fine troop of Scouts.

One of the best meetings of 1922 was held last Wednesday. Each Scout had some particular subject to explain and demonstrate to the rest of the Troop. Every Scout, almost, had his demonstration ready and gave it in fine shape. After this there were games and jokes, also songs.

WOMEN WHO DRIVE THEIR CARS—

HAVE usually found it unpleasant to go to an automobile repair shop of any kind. They are almost invariably mussy and dirty.

We have taken special pains to make it pleasant for women to avail themselves of our facilities for battery inspection and repair.

Here you will meet with courtesy and neatness that will please you.

AS a rule women do not understand batteries. But as far as the Philadelphia Diamond Grid Battery is concerned, lack of technical knowledge makes no difference.

The Battery is Guaranteed for Two years. That's all you need know about it. We stand squarely behind the guarantee; so does the maker, one of the largest manufacturers in the United States.
