

**The Fun Features of the Fair  
Albuquerque**

New Mexico amusement lovers will learn, with great pleasure, that the management of the Thirtieth Annual Fair at Albuquerque has closed a contract with the C. W. Parker Carnival Company for the appearance of that great group of attractions at the Fair next October. This is undoubtedly the leading amusement company of the world carrying 200 people and requiring 20 cars to transport its equipment. The Parker Company played at thousands at the Minnesota State Fair last year, this fair being one of the biggest in the West. It has pleased immense crowds everywhere for the past ten years, and is now bigger and better than ever before with dozens of unique new fun features.

New Mexico is lucky to secure this big aggregation for the fair, it is by far the best thing of its kind ever seen in the Southwest, and assures that the "fun features" of the Annual Fair and Carnival will be the best ever this year.

**SECTIONS RESERVED**

The Register and Receiver of the United States Land Office at Clayton, New Mexico, have received the following letter from the General Land Office at Washington, D. C., which is self explanatory:

Register and Receiver,  
Clayton, N. M.

Sirs:

Section 6 of the enabling act of June 20th, 1910 (Public No. 219) provides: "That in addition to section sixteen and thirty six, heretofore granted to the Territory of New Mexico sections two and thirty-two in every township in said proposed State, not otherwise appropriated at the date of the passage of this act, are hereby granted to the said State for support of common schools."

"In view of the additional grant for sections two and thirty two, you will allow no appropriation of lands in such sections, adverse to the proposed State, by entry, filing, selection, location, or otherwise, except in cases where an entry or filing might be allowed, under existing regulations, for lands in a section sixteen or thirty-six.

Very respectfully,  
S. V. PROUDFIT,  
Assistant Commissioner.

Board of Law Review,

**GEO. DAVIS, MEMBER OF PENNSYLVANIA CONSTABULARY SERIOUSLY WOUNDED.**

By Associated Press—

Greensburg, Pa., July 30.—In a fight last night near the Export Coal mines, ten miles from here a striking coal miner was shot and killed and George Davis of Wilkesbarre, a member of the state constabulary, was seriously wounded. A score of others received minor injuries. The battle was the result of efforts of the officers to arrest a number of sharpshooters, said to be strike sympathizers, who for the last week have nightly endeavored to shoot out a search light placed at the entrance to the strike affected mine.

**ONE WHITE MAN AND FIFTEEN NEGROES KILLED NEAR TEXAS TOWN.**

Associated Press Bulletin—

Houston, Texas, July 30.—Reports from Palestine, Texas, today report that fifteen negroes were killed and one white man was badly wounded in a race riot near Slocum, Anderson county, late yesterday.

**GOOD RACING PROMISED AT ALBUQUERQUE**

Albuquerque, N. M., July 30.—Believing that good clean horse racing is one of the most powerful drawing cards for any fair, the management of the Thirtieth Annual Fair and State Exposition has offered purses aggregating \$6,500 in the racing program, which bids fair to be the most elaborate, and with the largest field ever entered an Albuquerque race meet—and that is going some. The horse racing is going to be one of the very biggest and best features of the biggest and best Fair ever held in New Mexico.

**SITUATION IN SPAIN IS SERIOUS**

(Special to the Spanish American)

Madrid, July 30.—Excitement throughout Spain is intense over the conflict with the Vatican, which came to a climax yesterday with the decision of Premier Canalejas to recall the Spanish Ambassador to the Vatican. Both the Government and the Clerical parties have accepted the challenge to battle and the situation is being complicated by the intrusion of Don Jaime the exiled Carlist pretender to the throne and may easily develop into an actual fracture.

Already the government is taking precautionary measures prohibiting demonstrations from which disorder might result. The clerical party appears to have set its aim not upon minor concessions, but upon the downfall of Canalejas and his cabinet, and the cancellation of the entire program of reform, the withdrawal of the imperial decree permitting non-Catholic organizations to display the insignia of worship, though this, furnishing the ostensible cause of the conflict, assumes secondary importance.

**GOVERNMENT WILL MEASURE COLFAX COUNTY STREAMS**

The flow of water in the various streams in the vicinity of Raton is to be measured by government gauges in the near future. A. D. Stewart, government hydrographer, is in the city and will at once establish a gauge in the Sugarite southeast of town, near the site of the Black Mesa land project. The gauge will be placed about five miles from town along the Rocky Mountain Road, and will be the means of demonstrating the feasibility of the Black Mesa project.

Another gauge will be installed in Raton Arroyo on First street to gauge the flow of this stream. Other streams will follow until the government gauges register all the streams of the county.

**PREMIER THROUGH PRESS BOLDLY TAKES UP THE CHALLENGE**

(Special to the Spanish American)

Madrid, Spain, July 30.—The Roman Catholic press of Spain makes no effort to conceal its joy over the decision of Premier Canalejas to recall the Marquis De Ojea, the Spanish ambassador to the Vatican. The rapture with the Vatican and the prospective fight with Clericalism, they predict, will result in the downfall of the Premier. Premier Canalejas telegraphed the following statement to the press today, boldly taking up the challenge of Don Jaime, the Carlist pretender: "We do not fear the threat of civil war. The King and the Spanish democracy support us."

Premier Canalejas has fixed his eyes upon the modernization of Spain and the complete elimination of the clerical element as a factor in the government of the kingdom and he is confident of the support of the Cortes, which was elected in May on this issue. He is determined to carry through his battle for the revision of the concordat of 1851, registration and regulation of religious orders, government control of public education and the recognition of absolute freedom of conscience.

**DEW WILL DROP IN ON CRIPPEN**

By Associated Press—

Father Point, Que., July 30.—Chief Inspector Dew of Scotland Yard and Chief MacCarthy of the Quebec police today perfected their plans for the arrest of Dr. Hawley Crippen and his companion, Miss Lenever, should they be on board the steamer Montrose as is firmly believed.

The Montrose is ploughing her way slowly through the east end of the St. Lawrence river with the suspects. The inspector believes that they are ignorant of the fact that they are under surveillance. The steamer is expected to reach here at about 6 tomorrow morning. When the pilot boat puts out from Father Point to place the river pilot on the Montrose, it will carry inspector Dew and the Canadian officials, who will make the arrests in case they identify the suspects as Crippen and Miss Lenever.

Washington, D. C., July 30.—Attorneys representing the Madrid government at Nicaragua today filed protests with the department of state and those of justice and commerce and labor, against the sailing of the yacht Hornet, now at New Orleans, with a cargo of arms and ammunition supposed to be intended for the use of the Estrada faction.
