HOLD THEM UNTIL THE DATE OF MATURITY AND GET YOUR FULL INTEREST.

It is unpatriotic to cash your War Savings Stamps when you can afford to hold them. Your government needs every penny it can get to help carry on the war. Don't ask Uncle Sam for the money you agreed to let him have for five years.

Back Up the Boys — Don't Strike Them in the Back

had occasion to drive a considerable number of cars from the factory in Detroit to Savannah. He let it be known to a friend or two that he would pay a man \$25 to go to Detroit and drive an automobile to Savannah, the driver to bear whatever expense he contracted over and above \$25. The offer got around, the newspapers printed it, and the dealer was overwhelmed with acceptances.
The men who finally were selected to make up the driving party included a college student, whose father took him out of school to make the trip, several grocers, the city court sheriff, a wholesale grain dealer, a commission merchant, an insurance man, a lumber dealer, a physician and several mechanics.
The party of 24—several of the men being accompanied by their wives—started away from Detroit in seven Dodge Brothers motor cars. It was expected that the driveaway would arrive in Savannah in seven days. The route was by way of Toledo, Dayton, Cincinnati, Louisville, Ky., Nashville, Tenn., Huntsville, Ala., and Atlanta, Ga. The dealer's plan operated so successfully that he expects to use it again and again in future drive-aways.

ENLISTS CAR DRIVERS BY UNIQUE METHOD

Use of freight cars almost exclusively for shipment of food, coal, munitions, etc., has made it necessary for automobile dealers to adopt a system of driving a great many cars from the various factories to their home cities. This, in turn, has necessitated the finding of drivers, sometimes in large numbers.

The babies of Belgium are to receive a bit of benefit from the patriotism so manifest in Williams, if the plans of the Belgian Relief society meet with success. Mrs. A. Sino has been appointed local chairman of the society and has placed small milk bottles with explanatory labels, in the various stores, into which small contributions may be dropped. It is not the plan of the local workers to carry on a large campaign for this work, as Williams is thoroughly occupied in Red Cross work, and it is not desired that interest should be detracted from it.

Services will be held in Williams today at both churches. In the morning the sermon will be given at the Episcopal church by Rev. H. S. Brewster, of Winslow, and it is announced that special music will be given. In the evening Rev. Brewster will preach at the Methodist church, at 8:00 o'clock.

Much interest is being awakened this week with the announcement that the opera "Robin Hood" will soon be given here for the Red Cross. It will be under the direction of Dr. and Mrs. Richard M. Scott, and the cast will include many of Williams talented amateur actors. September 19 is the date the play will be presented at the Sultan theater.

LONG BEACH CALIFORNIA

Gets Great Returns From Journal Advertising

Famous Beach City Entertains More People From New Mexico Than Ever Before--

Read This Voluntary Letter

Advertising Agency Instructed to List "JOURNAL" Again Next Season

"JOURNAL" Only Medium Used by California Resorts in New Mexico

Long Beach Chamber of Commerce CALIFORNIA

Long Beach, Cal., August 17, 1918.

Read-Miller Company, 120 South Broadway, Los Angeles, California.

Gentlemen:

In view of the fact that Long Beach has been and is entertaining more people this season than ever before, our Board of Directors has authorized this statement to you, that we are delighted with the way in which you have handled our advertising for the summer season, and we want to mention particularly the results secured for us from Albuquerque, and all New Mexico points, through the Albuquerque Journal.

Since the beginning of the summer season a year ago Long Beach has erected approximately two and a half million dollars of new building, and you may be interested to know that Long Beach is now the fourth city in point of building and the eighth city in the point of population, but even with all this additional building we must make still further additions to our housing facilities, which we are doing as the months go by.

While Long Beach is very busy these days with our large shipbuilding and industrial development, and by our active participation in the war program, yet we are bending every effort at the same time to entertain our increasing crowd of visitors, and to make this the best place possible for visitors, as well as permanent residents.

We are agreed you should include the Albuquerque Journal in our next advertising campaign.

Very truly yours,
L. W. BALLARD,
Secretary.
