The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records.

Stark Delicious, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per bushel this year); Stark King David, another apple of wondrous quality and merit; Stark King Philip, a hardy black grape of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.

To any one planting one tree or many, of fruits or ornamental, this book is of incalculable value—a horticultural text-book—a guide to proper selection.

Stark trees have stood the supreme test of actual planting for 85 years—they are the yard-stick by which all other nursery products are measured—they are the first choice of this country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 85 years of successful selling is a positive guarantee of tree quality.

Before you decide to buy, send 7 cents for the Stark Year Book—do it today before the edition is exhausted.

People Who Argue.

There are some people who are never convinced. They will argue a subject out for hours at a stretch, and be no nearer a solution than they were at the start.

It is hopeless to try to convince such a person on any subject. The truth is, it gives them pleasure to argue, and the more you disagree with them the better they are pleased. If you find yourself dropping into the habit, try to drop out again as soon as possible.

Albuquerque, N. M., June, 21.

Are you going to the Thirtieth Annual New Mexico Fair at Albuquerque, October 3 to 37? Now is the time to lay your plans to spend a week or ten days in the territorial metropolis next fall. The fair is to be the first of a series of bigger and better fairs—on an entirely new and more elaborate scale. There will be great exhibits of everything that is raised in New Mexico—excluding umbrellas—from grams grass to steers, and the amusement program will be far and away the biggest and best ever attempted.

Among the new features this year, are a big kennel show and a poultry show. You want to get your entries into each of these early. Write to John B. McManus, secretary, Albuquerque, for anything on earth you want to know about the fair.

The Chanticleer craze has hit New Mexico as it has every other part of the country. Consequently, the management of the Thirtieth Annual New Mexico Fair, to be held October 3 to 8, 1910, is going to have the very biggest poultry show ever held in the southwest. Write to the secretary, John B. McManus, at Albuquerque, and he will send you full information as to how to get your fine fowls exhibited at the fair.

Have you a dog? There is also going to be a kennel show of blooded canines. And these are only a few of the special new features of what is going to be the most comprehensive exposition of resources ever held in the southwest.
