## JOHN DEERE TWO ROW LISTER CULTIVATORS

A simple, convenient, strong and durable cultivator, neat of design and built to give the user quality of work which can not be equaled by any other make.

The hinge connection between pole and frame insures even depth of cultivation.

The automatic centering device gives a great freedom of motion, and causes the cultivator to follow the ridges perfectly.

The name John Deere on your implement is a MARK of quality made famous by good implements.

The range of adjustment meets every condition.

The cultivator is easily handled and all levers are within reach of the operator.
