AUTOCASTER

WHEN the Irishman got into a row with his wife and she threw a plate at his head the meek is said to have started and in the midst of it the husband jerkily remarked: "If I'd known married life was like this—I'd have got married long ago." All of which carries out the general conception of the Celtic conviction that we must have peace even if we have to fight for it.

Tolstoi preached non-resistance which meant letting everybody walk on your neck. This brings peace to the bullies and death to the meek. Jesus turned the other cheek, but he took the money changers by the scruff of the neck and threw them out of the temple. So it all depends when to fight and what to fight for, which means keep an eye out for the spurious flag wavers.

WEDDING BELLS AND GREATEST WEALTH

Miss Anne Burnett, of Ft. Worth, Tex., is heiress to the famous Burke-Burnett oil fortune. Guy Waggoner, of the same town, is heir to vast oil fortunes of the Southwest. If they wed, as is reported, there will be a fortune estimated greater than Rockefeller's wealth.

Cipriano Lujan was up from Sabinoso last Saturday on business.

Phil Miller, Cowman from near Solano was in Roy Saturday on business.

Mr. and Mrs. Shelby Strickland and Mr. and Mrs. Clyde Hooper are in Raton where Messrs Hooper and Strickland have secured good positions.

Remigio Lopez appeared before the State Tax Commission at Santa Fe last Thursday in the interest of the Mosquero schools. We understand that he was successful in getting their budget approved.

The carpenters are making fine progress on the Marie Ivey home which she is erecting in the north part of town. P. T. Gibson, the carpenter, expects to have the building enclosed by the first of next week.

ST. GEORGE'S SCHOOL NOTES

More pupils were enrolled this week. A good many more are still expected, we hope the month of October will bring them all.

The Domestic Science Class are all taken up with their work. They have already shown their willingness to make their work a success.

The Art Class are making wonderful progress. Art is the work of the whole spirit of man. There is something peculiarly appealing and infinitely satisfying in the man or woman who poses the qualities of good sportmanship. Our pupils were taught to consider the advantages of athletics—mental, moral and physical, and have been encouraged to take an interest in them. So they will organize a basketball team, volley ball team and they have already organized a tennis court. They are a pretty lively crowd and do good team work and intend to show great effort during the year.

Last week September 14 one of our graduates, Alfredo Pacheco, son of Luciano Pacheco, left Roy for St. Anthony's College, San Antonio, Texas. He will take up the regular collegiate course and at the end of three years he will be ready to enter any university. We wish him every success in this great undertaking.

BRADLEY

Mrs. Elsie and Mrs. Margaret Hazen assisted Mrs. G. W. Hazen to prepare dinner for Arthur's bean harvesters Tuesday.

Miss Virginia Woods was calling on Miss Mayme Smith last Sunday.

Mr. and Mrs. Frank Hughes and Mr. and Mrs. Clifford Thomas of Solano were callers at the Ralph Hazen home last Sunday.

Chandler Moore of Solano was calling at the Moore and Garms homes of this community Wednesday evening.

Mrs. Elsie Hazen and Mrs. Margaret Hazen called at the Moore home Tuesday afternoon.

Mr. Dewees of near Mosquero was in this neighborhood Thursday afternoon.

Misses Mary Woods, Virginia Minnie Woods, Clovis Moore Ollie Thomas and Norma Aspgren were all out for a ride Sunday afternoon. A fine time is reported by all.

Mr. and Mrs. R. H. Thomas and children of near Solano were visitors in our community Sunday.

A. G. Hazen and daughter Mary Eleen, were visiting at the Moore home Saturday night and Sunday.

Preparations are being made to move the Bradley school house into Mosquero soon. The furniture was moved in Saturday.

Henry Garms made a business trip to Roy Saturday.

COUNTY SEAT ITEMS

Well, well, here we are again after a long absence. First a trip to Oklahoma and then immediately thereafter a journey to California has kept us busy. But now that we are back, we intend to make up for lost time and will doubtless inflict the readers of the S. A. with a great deal of our witty and indispensable writings.

The thing that surprised us most upon our return was the steady growth that our little county seat had made during our absence. Nearly all of the houses that were under construction when we left had been finished and a number of others commenced. We find that since our return two more have started up. Mr. J. W. Johnson is building a nice residence close enough to our own so that we can run over and borrow coffee for breakfast. Probate Judge, Julian Padilla has started another residence on the other side of us and plans are being made for immediately commencing two more dwellings in our immediate part of town the result that we are beginning to feel crowded. And still the town grows steadily and substantially.

School commenced Monday with a heavy attendance. The old building formerly used as a court house soon overflowed with smiling youngsters and the Methodist Church was opened up to a couple of grades. Three trucks bring the children in from the outlying farms and eight teachers find that they are crowded with the increasing number of children. A rumor that the budget for the schools of the Village were to be cut down considerably resulted in hasty action on the part of the board and the sending of Hon R. Lopez to Santa Fe to remonstrate. Under his able management the Commission decided that no cut whatever would be made.

The county officers are now comfortably quartered in the new court house. It affords plenty of room and a large room is being arranged for the holding of the first term of court. With a slight expenditure for remodeling the building and the erection of a small addition for a jail the county will have quite a nice little court house at but little cost to the heavily burdened tax-payers.

The opening gun of the political battle soon to be staged was fired in Mosquero Saturday afternoon when Hon. John Morrow, Democratic Candidate for Congress made a speech from the porch of the Wilson store and spoke briefly but eloquently on some of the political questions of the day and of what he would try to do for the people of the state if elected to the lower house of the National Legislature. But few people were out as the meeting had evidently not been properly advertised or else as the voters were too busy scanning the horizon for an approaching rain to listen to political speeches.

Rain is badly needed. Some of the farmers have planted a large acreage of wheat and need rain to bring it up. Others have prepared a large acreage of ground for the planting of winter wheat and will await the arrival of the rains before risking the planting of the seed wheat. Unless a rain fall soon the country is threatened with another wheat failure. Monday night it clouded up, drizzled rain for a little while and gave great promise of being about ready to open up the flood gates of the heavens and pour out the supply that is due this country and has been accumulating to the last twelve months. The old weather man evidently changed his mind, however, and decided to hold off for a while longer.

A letter from Mr. James England, popular Mosquero American Legion Post Commander, informs us that he has accepted the position of Civil Engineer in the State School of Mines at Boulder Colorado.

Messrs Sullivan and Wilson of Mosquero were in Roy Thursday attending the Democratic Caucus.

In as much as we will soon move into our new quarters, we would appreciate it if all delinquents would pay up as it costs money to move.

"Bill" Bagley is back at his old job with the linotype on the S. A. force and from now on we can lay all mistakes on to "Bill."

The Star Route to Kephart has been reversed and the mail commencing Tuesday morning of this week will leave Kephart at 8 A. M., on Tuesday, Thursday and Saturday and will reach Roy by 11 A. M., the returning mail to leave Roy not later than 3 P. M. the same day and will reach Kephart by 6 P. M. The new change will give Kephart direct mail from Roy the same day it reaches here and mail mailed at Kephart will leave Roy on the 1 o'clock trains. The new change will be an advantage to all on the route except those on the returning route who will get their mail one day later.

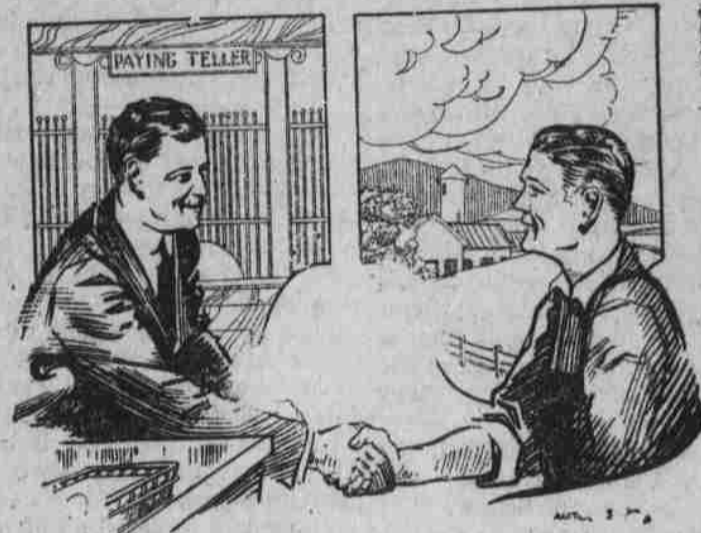

Karl Guthmann attended the democratic caucus at Solano last Saturday.

Mrs. Henrietta L. Russel of Grenville spent a few days this week with friends in Roy.

ATTENTION FARMERS

Dairy cattle have advanced 50% in the corn belt in six months. If you need dairy calves of any breed, especially Guernsey, or big type Poland China Hogs, or any other breed of stock, write me for prices and full particulars.

L. M. Wagner,
R. F. D. Jesup, Iowa.

The Farming Business--

YOUR farm is a business, Mr. Farmer. It should be conducted as any other successful business if it is to pay a profit. And what successful business but has good banking connections?

The mechanics and management of your farm are for you to work out. If you have a good farm and operate it efficiently, then you have a physical collateral as good or better than any business in the land.

Our doors open just as wide and our banking facilities are given as fully to you as to any other business man in Harding County.

Other business firms need financing, need advice, need cooperation in turnover of stock, and they come to us for that service.

Why don't you?
