

**ROY SCHOOL NOTES**

The Primary rooms have increased their enrollment until all benches are now filled.

The stage of the church is being used by grade one, and it is filled to the limit.

Hugh Gray and Eldridge Blood were new pupils this week.

Mattie Gunn has withdrawn from Roy school to enter Las Vegas. The teacher and pupils regret losing her.

The beginning class in Spanish is doing good work. They are not only studying the text book diligently, but they are also trying to get hold of conversational Spanish. They like to be addressed in Spanish as Violeta, Alena, Roberto, Arturo; and those who unfortunately have names that cannot be translated seem rather disappointed. "Luis Aguas" was fortunate enough to have two translatable names.

The high school physiologies have been received and the class is promised plenty of work from now on. Some experiments will be made which will be very helpful to the students in their work.

The Freshman class is a noisy addition to the high school.

The Agriculture classes have done a good deal of shop work since school opened. The boys don't dare leave their keys at home or lose them. If they do they will have to bear the consequence. Ask Louis about it. He knows. The blacksmith shop was put up last week. Ask Joseph and Louis about the ants.

Mr. Potts:—"Artur, go back there and get those tongs."

Arthur:—"About five minutes late" "These," holding up some kindling.

Prof. Lantow, head of the department of animal husbandry at State College, was a caller at Mr. Potts' department one day this week.

G. W. Strong, our county agricultural agent, also stopped a few minutes on his way to another part of the county.

Mr. Larkins, of Las Vegas, accompanied by his wife, spent Monday in Roy, in the interests of the publishing company which he represents, Ginn & Co.

His visit at the high school was a very profitable one to the school as well as a pleasant one to the superintendent. Through him we are to receive some very helpful reference books.

Hazel and Dollie DeFrees have withdrawn to enter the school at Mosquero. We regret to give them up, but of course it is nice to be at home, and they will get the same work there that they would here perhaps.

Ruth Pritz, Katharine Gray and Josephine Scott are new additions to our high school this week.

We now have in the grades 222 pupils. Those entering this week are: Eva Naranjo, Amador Naranjo, Ophelia Trujillo,

STEPHEN B. DAVIS, JR.  
Republican candidate for United States Senator.

# The Tariff

New Mexico must have a protective tariff on her wool and other products.

Other states need protection for their products, agricultural, mineral and manufactured.

Republicans believe in protection for all who need it. What is fair for one is fair for another.

There are democrats, judging by their votes, who believe in a protective tariff for the products of their own states, but not for other states.

This is wrong in principle, for it represents the height of selfishness. It is bad in practice, for no tariff can be written on such a basis. A foolish man might take such a position in good faith, but these democrats are not fools. In this world, he who gets must give.

We cannot have a protective tariff for New Mexico and no protection for the rest of our country.

**STEPHEN B. DAVIS, Jr.**

Edna, John and Katharine Gray, Salome Naranjo, Opal and Sylvester Flood, Ralto Goss, Hugh Gray and Eldredge Blood.

A new desk has been ordered for the first grade teacher and should be here the first of next week.

Our agriculture and domestic science departments are much in need of a few more chairs.

Our report cards have been ordered, and the records of the grades will be sent to the parents at the end of each month. The high school teachers will report every six weeks. We hope the parents will take time to examine these reports.

Our visitors since our last report are: Mesdames Guy Anderson, George Towers and Youngblood.

Have you seen the signs "drive slow" which our boys at the shop made and which are posted on the streets leading to the school? If you will heed them it may save some little fellow a lot of suffering or possibly his life.

There is no better janitor in the state than Uncle Mike. He keeps our rooms neat and clean, keeps the papers picked up off the yard, sees that our balls are taken care of and looks after us

generally,—even scattering peanuts for us to scramble after.

Those withdrawn thus far are Otis Harris, Hazel and Dollie DeFrees, Mary Woods, Harold and Reginald Gunn, Mildred Gunn and Mattie Gunn.

If you should hear an unusual noise about the building that you can't quite account for just charge it up to the class in vocal music.

### WILL FLY TO ROAD MEET HERE

J. M. Gordon, the Dawson aviator announces that he will fly down in his new plane to attend the road convention here next Monday and Tuesday, September 25th and 26th. During these two days, Mr. Gordon will do some exhibition flying as well as carry passengers on short flights over the mesa. He will leave the coal city shortly after nine o'clock on the morning of the 25th and should arrive in Roy at about ten o'clock.

### LIBERTY

This community was visited by a fine rain last Monday afternoon, it is the finest rain which has reached the people who lived in the western portion of the district, it is so wet the farmers are vacationing from their wheat sowing and other farm work.

Mr. D. P. Moore has sold his valuable farm to Mr. U. H. Frazier of Gould, Oklahoma. Mr. Moore had one of the best farms in this community, and we believe Mr. Frazier is justly proud of his new possession, he and his family moved into their home last Monday, and expect to make a number of improvements which will add to the appearance of the place and to their comfort. We welcome the Frazier family to this community and trust they may feel at home among us.

Mr. Geo. Wartman made a business trip to Roy Wednesday. Miss Irene Nowlin, teacher of the Independence School, spent the week end with home folks.

The Young Peoples Class of the Liberty Union Sunday School enjoyed a pleasant evening in the home of Mr. and Mrs. Chas. Mericle on last Saturday evening.

Mr. and Mrs. D. P. Moore are disposing of their household effects, preparatory to leaving for an extensive visit in the east. Here's wishing Mr. and Mrs. Moore much pleasure in their trip as they have spent the past fourteen years in building up a home here and deserve a good vacation.

The Liberty Union Sunday School is progressing nicely under the leadership of Mr. Hugh Mitchell, despite the fact, that so many have gone away to school. Our interest is good and attendance and collections are fine. Everyone is cordially invited to attend.

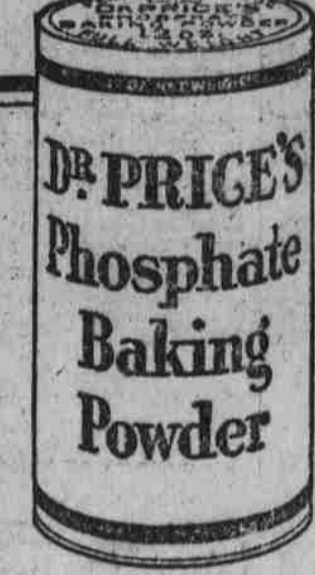

The prayer meeting service which meets each Sunday evening at 7:30 is progressing nicely and everyone is helping. Mr. Tracy Mitchell was our leader last Sunday evening with "Charity" as his subject, and conducted the services in a splendid manner.

Mrs. James Chistman will be the leader next Sunday evening. This organization expects to start a Bible study about Oct. 1st, with Mrs. Geo. Lucas as teacher, and all persons who are interested in this course of study will be welcome to join us.

Miss Lola Newman, our efficient school ma'am, and her sister Pearl, spent the week end at the parental Newman home near Solano.

Irving Ogden of the Mora Patriot spent a few days on the mesa the first of the week. The S. A. acknowledges a friendly call from Mr. Ogden. We understand that Mr. and Mrs. Ogden will again become residents of Harding County after January 1st.
