The Chicago Anarchists Indicted for Murder.

The Loses From the Long Continued Drought in Texas.

Powderly's Plan for Preventing Senseless Strikes.

The Rock Island Express Robbers Finally Run Down.

Gladstone's Talk to His Backers—An Attempted Lynching in Denver—Etc., Etc.

CHICAGO, May 27.—It is understood that the indictments signed by the grand jury are as follows:

For murder—Spies, Schwab, Fielden, Fischer, Lingg and Schaubel.

For assault to kill—Lingg.

For conspiracy—Spies, Schwab, Fischer, Lingg, Fielden, Schaubel, Parsons, Engel and Hirschberger.

For unlawful assembly—Spies, Schwab, Fielden, Fischer, Lingg, Parsons, Schaubel, Hirschberger, Engel and probably Schneider.

A local paper says: The states attorney expects to be able to present such evidence as will hang some of those indicted. The socialist and anarchists are making strenuous efforts to

RAISE LARGE SUMS OF MONEY

for the defense of the indicted men and it is reported that they are succeeding. About \$10,000 has already been subscribed. At least \$50,000 is expected by their committees. Those who are trying to raise funds are working with some success among the members of the Liberal league. The best possible legal talent will be secured. Mrs. A. R. Parsons has written to General J. F. Butler to enlist his sympathies for the imprisoned men. The defense committee asked General I. N. Stiles to undertake the defense but he declined. Upon the refusal of General Stiles to accept a retainer, the committee set to work to secure Col. Robert G. Ingersoll, and one of the committee says she has the utmost confidence that Ingersoll will accept.

Fighting for the Spoils.

LITTLE ROCK, Ark., May 27.—An Indian territory special says: The Delawares and Pawnees and other adopted citizens of the Cherokee nation are moving to secure the intervention of the United States government in preventing the distribution of the \$300,000 lease money received from the cattlemen per capita among the Cherokees by blood only. A census of the Cherokee full bloods is now being taken, preparatory to the distribution. The adopted citizens hope to prevent the division of the money, and the protests have created intense bitterness. A fight is being waged against Chief Bushyhead and his administration and the adopted citizens expect to secure control of the Cherokee government in 1887, when an election for the chief and officers occurs.

Maxwell's Testimony.

ST. LOUIS, May 27.—The features of Maxwell's testimony today were the admission that his statement in the letter to Freller saying that he held certain medical degrees was a lie; his contradiction of his former statement that he wrote marginal notes in his Yale Macum about the best method of administering chloroform before he came to this country; his admission, when shown a forged diploma of the Royal College of Surgeons, London, that he wrote it, saying it was simply to keep himself up in the practice of penmanship, and his plea of intoxication as the means of accounting for other peculiar statements and contradictions.

Powderly's Plans.

CLEVELAND, May 27.—Tonight it is said that Powderly's plan for the future government of the order is the establishment of state assemblies. There will then be four assemblies. Local assemblies will be subordinate to districts; districts to state, and state to national.

The plan is reported to be very popular among those of the delegates who have heard of it. It will do away with many unnecessary strikes. It provides, among other things, that no assembly but the state and national shall have the power to order strikes or boycotts. If the local assembly wants to boycott or strike, it must first get the consent of the district and then of the state assembly.

Attempted Lynching in Denver.

DENVER, May 27.—About 2:30 this morning an organized mob of about 500 men attempted to take from jail and hang Andy Green and John Withers, the alleged murderers of J. C. Whitnab, the Broadway street car driver. Sheriff Ormner, anticipating the attack, had Jailor Hopkins, Deputy Hollingsworth, and half a dozen other deputies heavily armed and guarding the jail. When the attack was made the officers fired blank cartridges into the crowd, who returned the fire. Several shots were fired between the parties without any bloodshed, and the mob after finding it impossible to gain an entrance into the well guarded building, dispersed.

The Rock Island Express Robbers in Limbo.

CHICAGO, May 27.—The papers print this morning a long article regarding the Rock Island express robbery and murder on March 14th. It sets forth that two men named Connors and McCoy have been arrested as the principals in the crime, and are now being held either in Joliet or this city, pending the arrest of the third person or a confession from one or the other of the prisoners. The arrests, it is said, were made on the basis of a statement made by a convict named Plunket, now confined in the Indiana penitentiary under the name of James Wilson.

HOLD-UP THE ROCK ISLAND

road that coming winter, at or near Morris.

The intention was to seize the express messenger and rob his safe. Plunket's part was to point a pistol at the messenger and keep him quiet while the others opened the safe and got the contents.

They were all familiar with the road, having worked on it a long time. Having thus arranged for the campaign, they separated. Plunket went to Indianapolis shortly, where he soon got into the penitentiary for larceny. Soon after, he was brought back to Chicago, where he was held for extradition. He was sent word to outsiders that he

KNEW WHO DID THE JOB,

and his brother-in-law visited him and heard the story which is told in the above.

The railroad company put their detectives on the trail, and the arrest of Connors and McCoy has been effected. It is understood that the wife of a farmer, near Yorkville, Illinois, has identified their photographs as being the likeness of two men she fed Sunday morning after the robbery.

The Denver Races.

DENVER, May 27.—Today was the best day of the races at Jewell park, so far this season. 3,000 people were in attendance. The weather was fair.

The first race, trotting, for the 2:35 class, the best three in five, for a purse of \$500, by Byron M., Charlie K., and The Moor, entered, was won by Charlie K. The Moor second, and Byron M. third. Best time, 2:37.

The second race was a one-fourth mile, running, heat race for all ages; purse, \$400. Entered, Our Friend, Helianthus, Allee and Moonlight. In the first heat Helianthus was distanced and ruled from the track. Moonlight sold favorite in the pool, but Allee was the race winner and beat, with Moonlight second and Our Friend third. Time 1:16 and 1:50.

The third race was a one and one-fourth mile running dash for all ages, for a purse of \$400. Entered, Unique, Jim Douglass, The Dude and Vice Regent. The latter was withdrawn before the race was called. Jim Douglass sold favorite in the pool, and made an easy winning with the Dude second, and Unique third. Time, 2:14.

Lord Ogilvie has matched The Ute against Echo for a mile race on Monday for \$1,500 a side.

A Bad Year for Texas.

LITTLE ROCK, May 27.—A Fort Worth special says. The unprecedented drought throughout north and west Texas continues. Reports received from forty-eight counties in the dry section show the crops to be an entire failure. In many counties there will be hardly corn enough raised to replace the seed, while in others the wheat and oat crops are entire failures. The oldest settlers say this is the longest drought for this season known in the history of Texas. In most of the counties there is no grass at all. Stock water is getting very scarce. The range is not so good now as it was in January and February last. In regard to the mortality among cattle on the trails, and on the great ranches in the west, little that is authentic can be obtained. Reports agree, however, that the plains are covered with dead carcasses, and that hundreds of head are dying daily of starvation and thirst. Many birds are too weak to be driven to water.

A Day's Work in the House.

WASHINGTON, May 27.—A resolution was favorably reported to the house authorizing a special session of the Utah legislature.

The public lands committee presented a favorable report on the bill for setting the Mobile & Girard land grant.

A bill granting the seal rocks in the Pacific ocean, near the mouth of San Francisco bay, to the city of San Francisco, was favorably reported to the house.

The house then continued the discussion on the oleomargarine bill, but before taking action on the same, adjourned.

Canadian Legislators Imitating Americans.

ST. PAUL, May 27.—A Winnipeg special says: In the legislature today a motion of confidence in the Norwegian government was defeated. So hot was the discussion thereon that an opposition member crossed the floor after the debate and called Premier Norquay a contemptible liar. The bulky premier promptly hit his assailant and a free fight followed, though the combatants were soon parted.

Gladstone Counseling With His Party.

LONDON, May 27.—Two hundred and fifty members of parliament attended the meeting of the liberals today. Mr. Gladstone was very vigorous and animated in his address. He said that nobody should be committed to the support of the home rule bill by listening without protest or objection, to what he had to say in favor of the measure, because he desired the fullest freedom to prevail in the liberal party in respect to it. Lord Salisbury's recent speech, in which he said the business of England in Ireland was to govern, had decided the condition of the controversy, because he was official spokesman of the opposition.

THE IRISH POLICY

of the government's opponents being, therefore, coercion, the importance of settling the Irish question now was intensified. It had been proposed to settle the matter by the adoption of an abstract resolution affirming the principle of home rule for Ireland. Mr. Gladstone thought the course proposed by the government would answer better. An endeavor has been made to emasculate the principle of autonomy for Ireland and convert the bill into delusion and snare. Mr. Gladstone warmly denounced Lord Harrington, who, he said, possessed

THE RACES AT LONDON.

CINCINNATI, May 27.—Today was the first day of the spring meeting of the Latonia Jockey club at Latonia, Kentucky. The weather was sultry, the track dusty, but the attendance was good.

In the first race, three-quarters of a mile, Test and Pearl Jennings ran a dead heat for first place, Editor third. Time, 1:16.

The second race, seven-eighths of a mile, Acceptor won. Bravot second, May Lady third. Time, 1:30.

The third race, a mile dash, Endurion, St. Joseph second, Eloise third. Time, 1:43.

The fourth race, five-eighths of a mile, for the Chicago stakes, Jennie Tracey won. Waris second, Valuable third. Time, 1:40.

The fifth race, five-eighths of a mile, for the Harold stakes, Jim Gore won, Duke of Bourbon, second, Laredo third. Time, 1:58.

A match race between Tyrant and Volant will be run at St. Louis, the association there having added the \$4,150 necessary to secure the race.

England's Great Race.

LONDON, May 27.—The race for the Epsom grand prize, for three-year-olds, over the city and suburban course, 1 1/4 miles, at Epsom today, was won by Lord Arlington's bay colt Candemas. Lord Bradford's chestnut colt Sir Hawo was second and T. K. Graham's brown colt St. Miris third. There were eight other starters.

Sparks.

LITTLE, May 28.—A congress of agriculturists of the north of France has adopted resolutions favoring an increase of import duties, and denouncing the existing commercial treaties and the prohibition of the importation of American bacon.

ST. JOSEPH, May 27.—Two farmers—D. G. Parker and David Montgomery—residing on adjoining farms seven miles southeast of this city, became involved in a quarrel today over an old grudge, and after fighting for some time Parker drew a revolver and shot Montgomery twice, killing him almost instantly. Parker is in jail.
