

GENERAL ATTACK MADE IN SENATE ON TARIFF BILL

Senator Simmons Declares the Committee Duty on Reed and Willow Furniture Is Not Justified.

(By The Associated Press.)
Washington, June 13.—The administration tariff bill was subjected to another general attack today in the senate by Senator Simmons, democrat, North Carolina, who declared the committee duty of 60 per cent ad valorem on reed and willow furniture—which subsequently was approved—was illustrative of the plan of the majority as outlined in the whole bill. "You start in the kitchen, levying heavy duties on kitchen utensils and ware," said the senator. "Next you impose a heavy tax on tableware and then you go after the furniture in the home, levying a duty of 60 per cent on furniture in common use throughout the country. If you can tell me anything of consequence entering into the household or the building of the home, or that goes on the backs of the people on which you have not increased the duties, I don't know what it is. If this tax is for revenue, then I say to you do not go into the homes of the people to tax the necessities to raise a revenue. The furniture item furnished the only real fight of the day in which unusually good progress was made on the bill. Disposing of several remaining minor amendments in the metal schedule the senate got through with the wood schedule, after deferring the fight over its proposal to retain shingles on the free list. Then it went into the sugar schedule, but since the committee had not recommended any change in the house rates in that section the big controversy was taken up, that at the proper time he would move to restore logs of fir, spruce, cedar and western hemlock to the free list. A duty of 25 per cent, board measure, was approved by the house and the committee. The Alabama senator said it was absurd to put the logs on the dutiable list when timber,

NEW SUBS IN PRACTICE TRIALS

U. S. subs 50 and 51 saluting each other before starting speed runs.

The U. S. submarines 50 and 51, latest and largest type of undersea craft, built by the Lake Torpedo Boat Company, successfully completed fifty-two hours of continuous running test on Long Island sound. The boats are 243 feet long and of the most modern type. They are double hulled, differing in many particulars from other craft of the new S class. The plans on which they were built were drawn after a careful study of German U-boat construction had been made, and some German practices proved in the war were adopted. The navy has accepted them.

SHRINE NUMBERS MORE THAN HALF MILLION NOBLES

Imperial Potentate Cuts Addresses Opening Session of Imperial Council at San Francisco.

(By The Associated Press.)
San Francisco, June 13.—The Imperial Council of the Ancient Order, Nobles of the Mystic Shrine, was welcomed to California and San Francisco today by Governor Stephens and Mayor Rolph, both members of the Shrine. Their addresses took place at the opening of the Imperial Council session in Scottish Rite auditorium. The growth of the organization from 57,000 members when it met in San Francisco 29 years ago to an enrollment of more than 600,000 at the present time was described by Ernest Allen Cutts of Savannah, Ga., imperial potentate of the order, in his opening speech. "The Shrine always has stood for an open Bible, an open church and an open school," he said. "If we had not been a God-fearing body of men, could we thus have prospered?" The imperial potentate's statement brought the entire assemblage to its feet cheering. Samuel E. Burke, grand master of the Masonic order in California, welcomed the imperial council on behalf of blue lodges of California. He said the history of Masonry in California dated back to the days of 49. Governor Stephens spoke as a past potentate of Al Malakiah Temple of Los Angeles and an honorary member of Islam Temple of San Francisco. "We can't find a great day in California," he said, "for we have assembled here in this city by the golden gate a vast number of the ancient Arabic nobility who are also numbered with the men foremost in every part of the union." He told the visitors they would find hospitality in every part of the state and urged the council to give earnest consideration to Sacramento's plea for establishing a temple. After the addresses of welcome, the council went into closed sessions, which will last until adjournment Thursday. The business it will transact will include the choosing of imperial officers for the coming year, the admission of new temples and the selection of the next meeting place.

swing by to the most modern of tunes. The weather bureau stood ready to swear an affidavit that the weather was "unusual." The last real rain in June in San Francisco was in 1910, when .03 inches fell. In June, 1919 and 1920, a trace was recorded. For numbers in the parade, Medinah Temple of Chicago, which boasts 22,000 members, easily stood first.

NOMINATIONS CONFIRMED. Washington, June 13.—Nominations of Meyer Lissner and Rear Admiral William S. Benson, retired, for reappointment as members of the shipping board, were confirmed by the senate late today. Their present terms expire at midnight tonight. Journal Want Ads Bring Results.

hewn sided or square, was left on the free list. Senator Smeot, republican, Utah, remarked that there would be no question of duty if Canada would put such logs on the free list. "The American people," returned Senator Underwood, "are not concerned about what Canada does. What they are concerned in is cheaper lumber with which to build their homes."

VETERANS FORM A REPUBLICAN CLUB IN COUNTY

Organization to Be Completed at Meeting on June 22; Similar Clubs to Be Organized in all Counties.

Initial steps were taken last night toward the organization of a Bernalillo County Veterans' Republican club. The club is open to all veterans of all wars who reside in the county. John Baron Burg stated last night that the purpose of the organization is to form a consolidation of the veteran republicans of the county and state in order that they may have a special representation at conventions and similar meetings. Similar clubs are to be started in every county of the state. The organization meeting of the Bernalillo club will be held June 22, at which time officers will be elected and the proposed rules and by-laws considered.

MRS. GARDEN WAS A PIONEER RESIDENT OF THE DUKE CITY

Old timers whose memory goes back to the days when the railroad went through this country recall the part played by one of the pioneer women, Mrs. Kate Garden, who died on Sunday evening. The body of the dead woman was shipped yesterday to her former home at Leavenworth, Kans., for burial. Mrs. Garden came to Albuquerque in the early days of the new town. She opened a boarding house for the men who built the Santa Fe railroad and later operated a restaurant in a building she recently sold at Third and Gold avenue. She owned several pieces of valuable property in the city. She was born in Cincinnati, Ohio, and moved with her family to Leavenworth. She came to New Mexico about 40 years ago for the benefit of the health of her adopted nephew. She has recently been making her home at the Commercial Inn on South Fourth street. Death resulted from an accident which she received about six weeks ago when calling upon a sick friend at St. Joseph's hospital. She stumbled and fell at the hospital entrance, suffering a broken hip from which she never recovered. A niece, Mrs. Carroll, of Houston, Tex., was with her during her illness.

WASHINGTON LEADING FOR 1923 CONVENTION
San Francisco, June 13.—The Imperial Council of the Ancient Order Nobles of the Mystic Shrine got down to business sessions today after the grand opening parade to escort the imperial divan to the council chamber. Reading of the report of Imperial Potentate Ernest Allen Cutts of Savannah, Ga., occupied most of the afternoon session, the morning being largely given over to speeches of welcome. Tomorrow will come the election of officers, when Deputy Imperial Potentate James McCandless of Honolulu is to be elevated to the highest office. By custom the only contest for office is in that of grand outer guard, the lowest position in the imperial divan. The race is generally considered to be given John Fouché of Alhambra Temple, Chattanooga, Tenn., and Earl Mills of Za-Ga-Zig Temple of Des Moines, Iowa. They are past potentates of their temples. Washington so far is the chief applicant for the privilege of having the imperial council meet within its gates. The selection of the next meeting place will be made Thursday. Tonight several official banquets were held. The imperial divan members were the guests of honor at one, their wives at another, the association of recorders of Shrine Temples at a third and Canadian Temples at a fourth. The imperial potentate's ball followed the banquets. So that all could have an opportunity to dance two other large halls were used in addition to the civic auditorium. Decked with gay banners, bunting and green boughs, and lighted by Oriental lamps and with the floor crowded with brightly costumed Shriners, the auditorium was a picturesque sight. California's climate, its best advertised attraction, was slightly off schedule today, but a heavy mist put no damper on the enthusiasm of three miles of resplendent Shriners nor on the crowds that packed the sidewalks, the downtown windows, the grandstands and electric light poles to watch the strange spectacle of a transplanted Arabia.

NEARLY 200 ARE ENROLLED AT U SUMMER SCHOOL

First Assembly to Be Held This Morning at 11:30 o'clock; No "Preps" or H. S. Registrations Taken

First assembly of the State University summer school will be held this morning at 11:30 o'clock at which time announcements and short addresses will be made to the students by President David Spence Hill and Dean B. Mitchell. Already approximately 200 pupils have registered for the summer session, all registrations being of college or teacher grades. No preparatory or high school registrations have been taken his year. The summer school course has been held since 1918 when there were about 90 pupils registered, many of them being of high school age or younger. With approximately 200 pupils enrolled, university officials are enthusiastic over the outlook for the summer school which is expected to develop into one of the most important summer educational institutions in the entire southwest. It is doubtful if many more registrations will be received, although expectations are that the enrollment will probably pass the 200 mark before the courses are too far advanced for further enrollment.

It withstands these destroyers!

Carey Roofing

THE tough durable body of a Carey Roofing, combined with the coating of crushed mineral, enables it to withstand the continual onslaught of heat, cold, storms and steam.

Carey Roofing was developed specifically to withstand ALL of these "destroyers." It has proved over many years of use that it is the correct roofing—yet it costs little; is easy to apply; and may be secured in the exact weight you wish for every type of building.

The price you want to pay; the roofing you want to use; and more roofing for every dollar you invest—this is why you'll always use Carey Roofing when you get acquainted with it.

Our samples show you how easily you can select YOUR Carey Roofing.

Four heaping teaspoons of GRAPE-NUTS for the cereal part of a meal is sufficient for an ordinary person. More may be used if desired.

NET WEIGHT TWELVE OZS.

Power for you, too!

FOOD for the human body is like fuel for the modern engine—both are converted into power.

Some foods are more effective than others in developing energy without overtaxing the system during the hot summer days.

Grape-Nuts is a skillfully prepared food for human power. It contains the necessary elements for strength and energy, and it supplies this power lightly and smoothly, with no burden to the digestion.

Grape-Nuts is a go-ahead food, made from whole wheat flour and malted barley, skillfully blended and processed, and slowly baked for twenty hours. Ready to eat with cream or milk—a complete food.

There's a delicious charm of crispness and flavor in Grape-Nuts, and a great aid to health and efficiency in its well-rounded nourishment.

Travel light and travel strong with Grape-Nuts as a regular part of your breakfast, lunch or supper. Every member of the family will enjoy it.

Order from your grocer today!
