**DEMOCRATIC PARTY
GOES ON RECORD
AGAINST VOTES
FOR WOMEN**

National Legislation on Subject Opposed by Leader Underwood on Floor of House Today.

**WANTS TO LEAVE
IT TO THE STATES**

[By Leased Wire to Evening Herald.]
Washington, Feb. 4.—The Democratic party was formally placed on record today as opposed to national legislation conferring the right of suffrage on women by Majority Leader Underwood on the floor of the house. Representative Underwood declared he believed, with the party, that the suffrage question was for the states and not the national government to determine. Representative Lenoir injected the question into the house debate by asking Mr. Underwood if he would use his influence to have reported a resolution for a suffrage committee, an action which the Democratic caucus had refused to take.

"Will the gentleman use his influence that the resolution be reported so that the house may vote on it?" demanded Mr. Lenoir.

"I will not," replied Mr. Underwood. "Because I am not in favor of it. If there is one principle my party stands for, it is local self government. If there is one single question that the Democratic party is committed to it is that franchise should be controlled by the individual states."

**WOMEN OF WESTERN STATES
TO CONCENTRATE EFFORTS**

Washington, Feb. 4.—Word went out from woman suffrage national headquarters here today to the women voters of ten western states to concentrate their efforts on the campaign for the passage of the federal amendment to enfranchise women. It was the answer of the leaders to the action of the Democratic caucus which last night refused to authorize a standing committee on woman suffrage in the house.

"On the day that 200,000 women registered in Illinois," declared the leaders, "one hundred and twenty-three Democrats of the house sent word to the four million women voters in the United States that their cause was of less national moment than the disposal of waste paper in Washington."

**OVER 15,000 WOMEN
REGISTERED IN CHICAGO**

Chicago, Feb. 4.—Complete official returns today show that 15,287 Chicago women registered yesterday and qualified as legal voters under the new Illinois suffrage law. The total number of men who registered yesterday was 85,181.

**MILITARY RULE
IS UPHOLD BY
TRINIDAD
COURT**

Petition for Writ of Habeas Corpus Denied and Aguilar Marshal Is Remanded to Custody of Chase.

**RULES MOYER CASE
IS PARALELL ONE**

[By Leased Wire to Evening Herald.]
Trinidad, Colo., Feb. 4.—The right of the military authorities to arrest and detain individuals in connection with strike disorders was upheld by Judge A. W. McHenric of the Third judicial district in a ruling handed down here this afternoon in which a petition for writ of habeas corpus in the case of James Davis, marshal of Aguilar was denied and the prisoner was remanded to the custody of General John Chase.

A similar ruling was made in the cases of Albert Hill, Robert McGuire and Antonio Lamont, officials of the United Mine Workers of America, who are also held as military prisoners.

Hill, McGuire and Davis were arrested by the military authorities following the action of the military commission which investigated strike disorders in the vicinity of Aguilar and which in a formal finding, charged the three men with being implicated in some of the outbreaks.

Steps to secure their release, and that of Antonio Lamont, an organizer held for picketing, were taken by counsel of the United Mine Workers of America. Arguments on the petitions occupied three days and were concluded Saturday since when Judge McHenric has held the cases under advisement. In announcing the ruling of the court Judge McHenric held that the cases are a parallel of the Moyer case in all essential principles.

"The differences are technical, unimportant and do not affect in anywise the underlying legal principle found in each of the cases."

Counsel for the prisoners was granted thirty days in which to file a bill of exceptions.

**CONGRESSMEN HAVE
HIT THE WRONG
BULLS-EYE**

Barking Up Improper Tree in Trust Legislation Plans. Declares Seth Low to Committee.

[By Leased Wire to Evening Herald.]
Washington, Feb. 4.—"You have hit the bull's eye, but it's the wrong target," Seth Low, president of the National Civic federation, told the house judiciary committee today, discussing pending trust bills.

The definitions of forbidden combinations proposed, he said, would include labor unions, farmers' co-operative associations and preliminary rate conferences by railway traffic agencies now approved by the interstate commerce commission. Laborers were entitled to combine for better wages or hours, Mr. Low contended, although combinations such as boycotts which affected interstate trade should be forbidden. He feared any effort to define the prohibitions of the Sherman law would weaken that statute.

Louis D. Brandeis told the house commerce committee that commercial crimes were an effect, not a cause, and that legislation should prevent offenses, as it would be difficult to fix the personal guilt.

"If an officer of a corporation knew he would be punished, he would behave himself," commented Chairman Adamson. "Crush the corporation and the same offender would start another of the same kind."

Mr. Low suggested also that the labor exemptions be made broad enough to include employers' agreements with men.

Discussing the tentative bills as an economist, Professor Clark of Columbia university declared their proposal sound. The Sherman law could be relied on to eliminate monopolies already existing, he said, but definition of its prohibitions was necessary in order to stamp out monopoly in the making. He illustrated what he called "monopoly building acts" as being out throat competition in limited territory, or factory agreements, which denied trust products to those who bought from a competitor some single article of over which a monopoly was desired. Those practices he said, would be remedied under the tentative bills.

**REBELS COMMITTEE WILL
UPHOLD MINERS' CLAIMS**

Trinidad, Colo., Feb. 4.—The claims of the United Mine Workers of America for recognition of all charges of union concerning conditions and the rights involved in the Colorado coal strike will be upheld by the findings of the congressional investigation, in the belief of John Lawson, international board member, in a statement made this morning. Lawson is directing the work of preparing evidence to be laid before the committee in this district and will remain in the district until the inquiry opens here. A great mass of testimony is being arranged by the miners for presentation according to the local leaders.

**MINE WORKERS OFFICERS
TO ATTEND CONFERENCE**

Indianapolis, Feb. 4.—International officers of the United Mine Workers of America today began shipping their affairs in preparation to attend the joint conference of miners and operators at Philadelphia next Tuesday, when negotiations for a new wage contract will be started. The new scale will replace the agreement now in effect in Illinois, Indiana, Ohio and western Pennsylvania, and which expires April 1 next.

The miners have adopted a recommendation that there be no suspension of work at the mines in case the conference should fail to reach an agreement by April 1. President White proposed that if it were found impossible to reach an agreement and negotiations broken off, the miners should go on strike and not merely suspend work.

**JURY COMPLETED IN
MICHIGAN MURDER CASE**

Houghton, Mich., Feb. 4.—A jury was completed in the Beechville murder case this morning. Most of its members reside in the lower end of Houghton county, a district remote from the copper miners' strike zone.

In all, 112 witnesses were examined. The jury will consider evidence against five deputy sheriffs who are charged with second degree murder in connection with the killing of a striker.

**PLANS ARE OFFICIALLY
ANNOUNCED FOR ROCK
ISLAND ORGANIZATION**

[By Leased Wire to Evening Herald.]
New York, Feb. 4.—Official admission that plans are under way for the re-organization of the Chicago, Rock Island and Pacific lines was made today in a statement issued by the Rock Island company of New Jersey, one of the holding companies.

"A committee has been appointed," says the statement, "to consider what should be done towards re-adjustment of the securities of the Rock Island holding companies. Plans have been submitted which are having careful consideration and it is hoped that in due time some satisfactory solution will be reached."

**REVOLUTION
POSSIBLE IN
UNITED
STATES**

Startling Suggestion Made in Minority Report of Senate Committee on Judiciary on Constitutional Amendment.

**LOSING PARTY MIGHT
GET PRESIDENT**

[By Leased Wire to Evening Herald.]
Washington, Feb. 4.—Startling suggestions of the possibility of revolution in the United States were contained in a minority report of the senate judiciary committee urging the adoption of Senator Shafroth's resolution for a constitutional amendment to fix the second Monday in January following the national election for the date of the inauguration and the first Monday in January for congress to assemble.

Signed by Senators Shields, Ashurst, Nelson, Cummins, Chilton and Fletcher, it points out that under the existing conditions "it becomes possible for a political party repudiated by the people to elect a president who was defeated at the election" in case any candidate fails to get a majority of the electoral votes.

"Under the present provisions of the constitution, in the event the house fails to choose a president before March 4 the vice president in office then becomes president for four years. This becomes a great temptation by mere delay to defeat the will of the people and if it is exercised it will likely produce a revolution."

**CONGRESSMEN HAVE
HIT THE WRONG
BULLS-EYE**

Barking Up Improper Tree in Trust Legislation Plans. Declares Seth Low to Committee.

[By Leased Wire to Evening Herald.]
Washington, Feb. 4.—"You have hit the bull's eye, but it's the wrong target," Seth Low, president of the National Civic federation, told the house judiciary committee today, discussing pending trust bills.

The definitions of forbidden combinations proposed, he said, would include labor unions, farmers' co-operative associations and preliminary rate conferences by railway traffic agencies now approved by the interstate commerce commission. Laborers were entitled to combine for better wages or hours, Mr. Low contended, although combinations such as boycotts which affected interstate trade should be forbidden. He feared any effort to define the prohibitions of the Sherman law would weaken that statute.

Louis D. Brandeis told the house commerce committee that commercial crimes were an effect, not a cause, and that legislation should prevent offenses, as it would be difficult to fix the personal guilt.

"If an officer of a corporation knew he would be punished, he would behave himself," commented Chairman Adamson. "Crush the corporation and the same offender would start another of the same kind."

Mr. Low suggested also that the labor exemptions be made broad enough to include employers' agreements with men.

Discussing the tentative bills as an economist, Professor Clark of Columbia university declared their proposal sound. The Sherman law could be relied on to eliminate monopolies already existing, he said, but definition of its prohibitions was necessary in order to stamp out monopoly in the making. He illustrated what he called "monopoly building acts" as being out throat competition in limited territory, or factory agreements, which denied trust products to those who bought from a competitor some single article of over which a monopoly was desired. Those practices he said, would be remedied under the tentative bills.

**URGED TO GET OFF
LIMITED HERE BY
ACCIDENT, SAYS
TOURIST**

Santa Fe Makes It Easy to Go to Trinidad But Difficult Feat to Land in Albuquerque, Alleged.

The only way considered desirable by the Santa Fe railway for a passenger to come from San Francisco to Albuquerque on the limited train, No. 4, is to buy a berth to Trinidad, some 250 miles further, and then get left at Albuquerque by accident, according to a well known business man of this city, who has just returned from San Francisco on the limited. That he came on the limited, he says, is due to the fact that he stood on his rights as an American citizen and refused to get off when requested.

"The idea seems to be," he said today, "to make it as hard as possible for the tourist to come to Albuquerque or New Mexico and as easy as possible for him to leave the state."

"You can easily buy a ticket to Williams, Ariz., on the limited or one to Trinidad, Colo., but getting limited service from the coast to New Mexico is a task sufficient to discourage the most optimistic tourist in short order. Under the laws of California I was able to buy first class transportation to Albuquerque under the laws of the A. T. and P. I was invited to get off the train at Barstow; under the laws of Colorado I was urged to buy additional transportation to Trinidad and get off there by accident or get inadvertently left behind. Under the constitution of the United States I stayed right in the Pullman car at Barstow and they did not put me off. I had my transportation and my Pullman fare and offered to pay any amount needed to make the trip through to Albuquerque on the limited. They wouldn't. I would have to get off at Barstow—if you have ever been there I need say no more—at 3 p. m. stay there until 2 a. m. and then take a local train on into Albuquerque. The company would thus evidently prefer to let a business man, no matter how important his business, lose twenty-four hours time and be as uncomfortable as possible, rather than put him off the limited train in New Mexico, even though the train stops in Albuquerque anyhow—and even though there are plenty of empty berths on the car."

"It is a matter which I think should

FIREWORKS PLANT
GOES OFF**

Four Persons Injured, One Seriously, by Denver Explosion Which Starts Dangerous Fire.

**FIREWORKS PLANT
GOES OFF**

Denver, Feb. 4.—Four persons were injured, one seriously by an explosion and fire that damaged the plant of the Western Fireworks company at 1844 Lawrence street, here today. Timely arrival of the fire department prevented flames from spreading to the warehouse in the rear where were stored large quantities of explosives. The detonation caused occupants of nearby buildings to rush excitedly into the street.

The injured: Arthur Burgess, serious; C. W. Paradise, Wayne Abbott, George Thomas.

**MINNESOTA HOSTELRY CONVERTED
INTO FURNACE; FEW ESCAPE
BY JUMPING FROM WINDOWS.**

[By Leased Wire to Evening Herald.]
Duluth, Minn., Feb. 4.—Five men are known to be dead, several are missing and thirteen were seriously injured as the result of a fire which destroyed the new three-story frame hotel at Keilherr, forty miles north of here, today.

The dead: Odin Mikkelsen, 58, clerk; Gabriel Shoberg, 32; Charles Larson, 44, of Keilherr; N. Pratt, farmer; McQuinn, Deer River, Minn.

The fire started from the furnace. Nearly all of those who escaped did so by jumping from the windows. The thermometer registered 17 degrees below zero and there was consequently much suffering.

**PRESIDENT OF GREAT
NORTHERN TO QUIT**

[By Leased Wire to Evening Herald.]
St. Paul, Minn., Feb. 4.—Carl B. Gray, president of the Great Northern railway, will resign shortly and probably will be succeeded by the New York, New Haven and Hartford road.

This rumor has been in circulation for several days but it was impossible to obtain any confirmation until late today.

Mr. Gray is said to be in need of a rest and that his work with the Great Northern has broken his health.

From the same reliable source that the Gray report came it was stated that Louis W. Hill would be made president of the Great Northern railway. It is possible that James J. Hill will again become chairman of the board of directors.

**SENATOR THEODORE
TO ATTACK CAPITAL**

[By Leased Wire to Evening Herald.]

SPORTS

**PACKY M'FARLAND
GOES TO NEW YORK**

[By Leased Wire to Evening Herald.]
Chicago, Feb. 4.—Packy M'Farland, the Chicago pugilist, leaves today for New York, where he will make an effort to re-arrange a bout with Mike Gibbons, the St. Paul boxer, word having reached him that which over his guarantee has caused a cancellation of the match first arranged for February 2.

**JAP SOCIETIES
OF NEW YORK WILL
ORGANIZE A LEAGUE**

[By Leased Wire to Evening Herald.]
New York, Feb. 4.—The Japanese consul general in New York, Kame-taro Ijimi, explaining today a movement recently launched to gather all the Japanese societies of New York city into a general league, said the plan was not inspired by anything in the present relations of Japan and the United States.

"Our purpose," he said, "is to have one organization through which the Japanese of New York may voice their opinions."

According to the proclamation in preparation by its promoters, the league would be entitled "Nippon-Jin Kai, or Society for Japanese Men." In describing the need for such an organization the proclamation makes the following reference to the Japanese situation in California:

"Occasionally one of our countrymen on the Pacific coast suffers injustice. If we join together maybe we can help such a one. Although we have no votes perhaps we can do something to influence opinion in this country."

There is specific mention of a purpose to promote better relations between Japan and the country.

Later, it is said, efforts will be made to extend the league throughout the United States.

**SEVEN CLEVELAND
AMERICANS TRAIN**

[By Leased Wire to Evening Herald.]
New Orleans, Feb. 4.—Seven players of the Cleveland American league baseball club in charge of Joe Birmingham, manager, and Charles Hill, trainer, arrived here last night and today began spring training in preparation for the 1914 season. Eighteen members of the Cleveland team are expected here before the week ends.
