MANAHAN SHOWS UP AS AN OPERATOR HIMSELF

Congressman Who Seeks to Probe Big Grain Exchanges Mixed up with Competitive Concern.

By Leased Wire to Evening Herald. Washington, March 7.—At today's hearing on Representative Manahan's resolution for congressional investigation of the Chicago, Duluth and Minneapolis grain exchanges, the interests of middle western grain farmers were represented by J. W. Shorbill of Nebraska.

David F. Simpson of the Minneapolis chamber of commerce said he believed the grain exchanges of the country would welcome a broad, thorough investigation and insisted they had not eliminated competition nor continued to reduce the price of grain to farmers.

Simpson said the Minnesota courts had decided that the grain exchanges were in no way operated in violation of the law and that the evidence against the exchanges was part of a fractional fight for business between the Minnesota exchanges and the Equity Co-operative exchange, recently organized, now being waged in the district.

Simpson said the Minnesota legislature's investigation had developed that Representative Manahan, author of the resolution, was an officer of the Equity exchange. Mr. Manahan insisted to say his name had been used by the organization without his knowledge, but this after learning of it, he was displeased. Letter heads showing the use of Mr. Manahan's name were placed in the record.

PYTHIANS BEGIN WORK ON HEALTH DATA

As energetically as the local Moose are striving to secure the location of the proposed sanitarium of their order here, the Albuquerque Knights of Pythias are working to have the sanitarium to be established by the Pythians built in the Albuquerque district. Active steps to secure the Pythian institution for Albuquerque will be started tomorrow when a committee appointed by the local lodge will meet to prepare data.

The committee is made up of C. O. Cushman, W. W. Bowers, Dr. W. J. Hope, Dr. W. W. Spargo and H. O. Stone. They expect to finish arranging all the data at tomorrow's meeting. Naturally, the facts and figures and all the arguments in favor of this district assigned for the Moose will apply to the Pythian proposition, and the committee will have the benefit of the statement prepared for the Moose. The facts and figures will be turned over to Supreme Keeper of Records and Seal Fred H. What when he comes to this city next Tuesday with Supreme Vice-Chancellor Young to attend the big class initiation.

As already stated, Pythians throughout the state are behind Albuquerque in the effort to secure the sanitarium. Grand Chancellor Howell Barnes of Santa Fe, who was in Albuquerque yesterday, assured the local Pythians that every lodge in the state would support the Albuquerqueans in their effort.

The gathering of Pythians in this city next Tuesday and Wednesday, with the presence of the distinguished members of the order to lead in part to the occasion, will be only one of several events that will mark next week's activities here. It will be one of the busiest weeks of the season.

It is planned to give Mr. Gardner a welcome that will serve to keep New Mexico prominent in his recollection of the state during his visit on his trip through the country.

The commercial club will entertain these Secretary Thomas Egan has arranged to meet the agents with a battalion of automobiles and take them for a ride. Secretary J. H. Sterling of the Ticket Agents' association has sent word that his party will number 125 or 130.

In connection with the gathering of Knights of Pythias on Tuesday, members moving pictures will be taken by the Rio Grande Motion Picture company, of which E. F. Cobb is managing director, provided the company's camera arrives in the city in time.

COMMERCIAL CLUB HOLDS MEETING TUESDAY NIGHT

Important Business to Come Before Session at Which All Members are Urged to be Present.

ENTERTAINMENT FOR VISITORS NEXT WEEK

Secretary Thomas Egan this afternoon announced a general meeting of the Commercial club for Tuesday night, March 10th at which all members of the organization and all business men are urged to be present. A number of matters of importance to the community are to come up for attention and it is important that the business interests be well represented.

Among other things a report is expected from the special advertising committee named several weeks ago to raise funds for the national advertising campaign for this spring and summer, and business matters of equal importance will be introduced for the first time.

Secretary Egan makes a special request to every owner of an automobile to volunteer it for service Tuesday afternoon at 1 o'clock for a ride over the city to be given the 120 delegates to the convention of the International Ticket Agents' association. These men come into closer contact with the traveling public than any other class of "carists" and it is urgent that their entertainment in Albuquerque be such as to give them a favorable impression of the city and its people.

Commercial club committees are cooperating in plans for the entertainment of the Knights of Pythias and G. A. R. delegations which will be in Albuquerque next week. These matters are well in hand; but the secretary is especially anxious to have urgent at least fifty automobiles for the entertainment of the ticket agents.

Those who are willing to aid the club in this important work are urged to telephone secretary, No. 41, without delay.

STAGE SET FOR A BATTLE ROYAL TONIGHT

College and University Debaters Primed for Contest in Presbyterian Church Tonight.

With both teams eager for the forensic battle and the students of the two institutions as keenly interested as if a football title were at stake, the stage is set for the annual debate between the University of New Mexico and the State College of the Presbyterian church tonight. After dinner at the Alvarado as guests of the reception committee and the debaters, they were taken to "Within the Law" as guests of the student body of the University.

This morning they were taken on an auto ride about the city and its vicinity, and after the debate they will be guests at a reception. The reception committee that greeted the visitors at the station was made up of A. H. Hart, Mrs. Hubert, Miss Mary Cooper and Miss Helen James.

The debating teams are made up as follows: University, Lester Harkness, Fred Atkins and William J. Higgins; A. and M. College, Miss Ruth Day, Richard Wharton and Edward Huxen.

During intermissions in the debate the variety show club will entertain. As already noted, after the debate a reception will be given to the visitors.

Have a Suit With Personality

You have often noticed men whose clothes seemed to be a part of their individuality—clothes that could not have been worn with the same distinction by any other man in the world.

There's a reason for "clothes with personality"—and that reason is a good merchant tailor.

Scores of customers will tell you this. They will tell you they never had a suit that felt "just right," that was satisfactory in every particular, until they brought their tailoring problems to us.

Let Us Show You Why.
