MOTHER JONES OFF TO VANCOUVER TODAY

President's Board of Conciliation Leaves to Undertake Peace Mission in the West Virginia Fields.

[By Lensed Wire to Evening Herald.] Trinidad, Colo., June 6.—Local officials of the United Mine Workers have made a request to Col. J. Lockett, commanding the federal troops here, that firearms be taken from the possession of mine guards and employees of the Carbon Coal and Coke company at Cokedale be collected.

At military headquarters it was stated that at the time the disarmament was going on in the district early last month, all guns at Cokedale were gathered up and tendered the company, but that the federal officers had not taken possession of them.

Complaint that a number of imported men had gone to work in the Aguilar district was made to the federal authorities by the union leaders. An investigation by the army officers stationed at Aguilar disclosed that the men had gone there some time before the federal troops occupied the district and hence in pursuance of the federal policy would not be prevented from working.

Mother Jones Goes in Peace, Seattle, Wash., June 6.—"Mother" Mary Jones, organizer for the United Mine Workers of America, left for Vancouver by steamer last night without hindrance, the Canadian immigration officials, who prevented her from embarking on the previous day, having been overruled by their superior officers at Ottawa.

The British Columbia government ordered the exclusion of "Mother" Jones, who has announced her intention of addressing the striking coal miners of Vancouver Island, on the grounds that she would be likely to "stir up trouble."

COMMITTEE TO REPORT BUT ONE BILL

Senate Interstate Commerce Committee Votes to Bring in Only Trade Commission Measure This Session.

MAY MEAN LIMIT TO TRUST LEGISLATION

Pointed Out that Action Followed Conference with President and Urgent Plea for Adjournment.

[By Lensed Wire to Evening Herald.] Washington, June 6.—The senate interstate commerce committee today voted to report out only the trade commission measure of the trust bills. The action was construed by many as an indication of limitation of the administration's program at the present session of congress.

There was no record vote. In a general discussion some senators opposed the motion and others declared themselves opposed even to the bill at the present time. Chairman Newlands said the committee later might take up supplemental legislation and issued this statement:

"The committee determined today to segregate the trade commission from the supplemental legislation and authorized me to present an amendment in the nature of a substitute for my original bill for a trade commission. The committee concluded to name the trade commission the federal trade commission instead of the interstate trade commission, in order to clearly distinguish it from the interstate commerce commission.

"The fear expressed that this bill will inaugurate a wholesale inquiry of the three hundred and fifty thousand corporations of the country is groundless. This power is substantially the same as is now possessed by the bureau of corporations, and certainly the powers of that bureau have not been exercised in such a way as to annoy the honest business of the country.

"The committee will continue its consideration of supplemental legislation regarding interlocking directorates, holding companies, railroad securities, etc., and its action may be on the line of amendments to the trade commission bill or of separate legislation.

Some administration senators declared the committee's action did not foreshadow a curtailment of the trust program at this session. Those inclined to the view that it may, pointed out that the committee's action came after conferences of some of the members with the president and emphasized the pressure for an adjournment before the fall campaign.

DEL CASSE'S AGAIN IN POWER IN FRANCE

President Poincaré Today Invites Former Foreign Minister to Form a New French Cabinet.

VIVIANI UNABLE TO HARMONIZE MINISTERS

Modification of 3-Year Army Term One of Chief Stumbling Blocks in Way of an Agreement.

[By Lensed Wire to Evening Herald.] Paris, June 6.—President Poincaré this evening invited Thonibelle Delcasse, former foreign minister, to form a new French cabinet.

René Viviani, who yesterday was said to have accepted the premiership and to have virtually selected all the members of the new cabinet, today informed President Poincaré that he was unable to form a ministry and declined to make any further efforts to do so.

There was heated discussion when the ministers chosen by M. Viviani met informally today to prepare the declaration of policy to be laid before parliament. The question whether the new combinations should unreservedly support the three years' military service law or modify it, found a hopeless division of opinion.

As a consequence of this discussion M. Viviani at once proceeded to the palace of Elysee and told the president he had decided to give up his attempt to form a cabinet. It was said Maurice Paleologue, French ambassador, who arrived here last night, had informed the president it was the earnest hope of the Emperor of Russia that France would not modify the three years' army service, and that he had maintained that any such step would tend to weaken the alliance between France and Russia.

M. Paleologue is reported as having said he would be obliged to resign his post at St. Petersburg if the law were changed.

A presidential decree has been already drafted and was ready to be issued today announcing the composition of the cabinet previously formed by M. Viviani when the fresh ministerial crisis arose.

Mad Murderer Is Fortified in Church

August Tomisch, from Church Steeple Kills Four, Wounds Fourteen and Defies Whole Hungarian Village

[Special Dispatch to The Herald.] Budapest, Hungary, June 6.—A mad murderer, August Tomisch, has since yesterday morning made an impregnable fortress out of the steeple of the village church at Hoeslany. Armed with a repeating rifle and 200 cartridges, he took refuge in the steeple, after killing a farmer and his wife and wounding their daughter.

Police tried to reach the criminal but were repulsed with a fusillade which killed two and wounded fourteen others.

A large force of police surrounded the church today but their commander, confessed he was hopeless until Tomisch decided to surrender or used up his ammunition. A narrow stairway is the only approach to the steeple, and whenever anybody has attempted to ascend it Tomisch has been able to force him quickly to descend again. He fired 200 of his 500 cartridges yesterday and besides wounding a large number of persons destroyed the altar and pictures in the church. This morning he shouted:

"It is a good thing you let me sleep during the night. Now I have fresh strength. When my last cartridge is gone I will kill myself."

DIVA MAKES OUT FAIR CASE AGAINST FASCINATING RAPP

Witnesses Today Testify That Schumann-Heink's "Nice" Husband and Mrs. Dean, Kissed Frequently and Sat in Each Other's Laps; Otherwise Their Conduct Was Decorous—Save for Some Delirious Letters Read Into the Record.

[By Lensed Wire to Evening Herald.] Chicago, June 6.—Lillian Heink, testifying with words of affection and testimony concerning close association between William Rapp, Jr., and Mrs. Catherine E. Dean in her New York home were presented today in the hearing of the divorce suit of Madame Schumann-Heink against Rapp.

Miss Francis J. Ashton, nurse, who for five months lived in Mrs. Dean's apartment was questioned and her close acquaintance with the alleged divorcee of Mrs. Dean kept the attention of the judge who listened intently. A letter identified by Miss Ashton as having been sent by Rapp to Miss Dean was introduced in evidence.

Some of its sentences were: "Dear Nannie, This morning brought me a windfall—living letters from you and a postal from my sister."

"You are just simply 'Nannie.' God watch over you and keep you. I do not pray but that wish is as near a prayer as I can come."

"I am falling in love with you all over again and long to have you at the head of my modest little home where your little hands and hands would control everything."

Another letter said: "Dearest Nannie, please sign 'Nannie' and not 'Katie.' Anyone may use the name Katie, but Nannie is to be secret and sacred. I look up to you and worship you and am an entire, your 'Billy.'"

The closing words of another letter read by the attorneys were: "You are the one woman who can give me happiness since my soul is at peace with itself. Your darling, Billy."

Over objection of counsel for the defendant a letter was introduced in which Rapp asked Mrs. Dean to write a forcible letter to Madame Schumann-Heink and to threaten her with a suit for damages if she did not comply with his wishes.

Mrs. Dean's name with that of Rapp, in the letter which he wished to have written to Madame Schumann-Heink in Chicago.

A letter couched in similar language and received by the singer from Mrs. Dean was later introduced.

Miss Ashton told of having seen Mrs. Dean kiss letters, which she said were from "her Billy."

"What did you see Mrs. Dean and Mr. Rapp do?" she was asked. "I saw them hold hands; they kissed each other and sat in each other's laps," was the reply.

Said Rapp was "just nice" often walked with Pluto.

If Madame Schumann-Heink, 19 attend the Wagnerian festival in Hainfeld, Germany June 15, as she earnestly desires, she must leave her case in the hands of her attorneys and hurry away for the defense has not yet begun and today was devoted to reading deposition of New York witnesses.

FAMOUS LONDON BANKING HOUSE FORCED TO THE WALL

Old Established House of Chaplin, Milne, Grenfell and Company Famous in World Finance Falls with Crash Through Speculations in Canadian Stocks by Arthur Morton Grenfell, Former Chief of the Firm.

[By Lensed Wire to Evening Herald.] London, June 6.—Chaplin, Milne, Grenfell and Company, Limited, a well known firm of merchants and bankers in Princess street, suspended today. The company was registered in 1859 to take over the business of Morton, Chaplin and Company (formerly Morton, Rose and Company). Its authorized capital is \$1,750,000.

The firm is an old-established one with high reputation and excellent family connections. It conducted general and private banking and a company for promoting business. The directors include Ernest Chaplin, G. Grinnell Milne and E. W. Skipwith.

The failure is believed to be the result of large speculations in Grand Trunk by Arthur Morton Grenfell, who was formerly a member of the firm and whose dealings recently have been the subject of much gossip. It is said several Canadian and other companies wherein he was interested are involved. Karl Grey, whose daughter was Grenfell's first wife, is reported among the heavy losers.

Powerful banking and other interests have been working for some weeks to re-establish Grenfell's affairs in the interests of many stockholders of the company. It is reported that the firm recently issued a notice that Grenfell had not been connected there with since February 17.

The affairs of the bank were largely involved with those of the Canadian Agency, Limited, which was controlled by Arthur Grenfell. He and the Canadian agency had been engaged in a campaign for the purchase of a controlling interest in the Grand Trunk railway but when those securities depreciated, the obligations had been created were taken over by a strong group of financial houses in order to protect the many stock exchange firms involved.

CARRANZA'S REPLY EXPECTED TO REFUSE AN ARMISTICE

Washington, June 6.—General Carranza's answer to the mediators is expected in official circles here to include an expression of readiness to send delegates to Niagara Falls to discuss international affairs, as brought in by the situation at Vera Cruz, but a refusal to grant an armistice.

This expectation is based on unofficial information from sources in close touch with constitutionalist authorities. Whether such a compromise will be acceptable to the mediators and the Huerta delegates remains to be seen but the constitutionalists apparently believe their terms will ultimately be approved, particularly if the American delegates throw their influence in favor of it.

CARRANZA BEGINS TO PREPARE REPLY TO THE MEDIATORS

Torrone, Coah., June 5.—General Carranza's answer to the text question sent him by the South American mediators now is being prepared. Carranza, his staff and escort arrived here today after a night spent on the desert twenty miles east of here, where the train was delayed by a washed-away bridge.

Heavy rains also are reported as having delayed traffic from the north. If General Villa does not arrive in Chihuahua City by tonight, Carranza will leave written orders for Villa and continue his journey to Sattilo, which place he is most anxious to reach. General Villa was reported here as having left Chihuahua City on a special train bound for Torreon to meet Carranza.

The constitutionalist commander-in-chief was given a large demonstration upon his departure yesterday from Durango. Several thousand school children lined the tracks over which his train was to pass and stood for several hours in the sun to wave him a farewell.

MEDIATORS DECIDE TODAY TO WORK WHILE WAITING

After the conference Justice Lamar said:

"The discussion today was on the same points which we had before us last Tuesday and before the Carranza incident arose."

The justice added that there was substantial agreement on the points discussed today. He said he had no word from Washington about the attitude of the constitutionalists.
