One of the big features of the
METZ "22" is its gearless trans-
mission. With an clutch to slip
and set 2-22 to 170, it does
away entirely with gear shifting.

The METZ "22" is extremely
economical in operation. It
travels 28 to 32 miles on 1 gal-
lon of gasoline, 100 miles on 1
load of lubricating oil, and often
does 10,000 miles on a single set
of tires.

The METZ "22" climbs Pros-
pect Hill, near Boston, on the
high speed. This hill is nearly 1
mile long, with a grade of from
5 to 7 1/2 per cent.
