SAN ANTONIO HAS CLUE TO NELMS MYSTERY

Police Believe They are on Trail of Mysterious Woman and Type-Writer Likely to Solve Riddle of Disappearance.

San Antonio, Texas, July 15.—Three developments in the mysterious disappearance of two daughters of Mrs. John W. Nelms of Atlanta were announced by the San Antonio police today. The police noted a physician on or about June 25 treated at a local hotel the child of a Mrs. Dennis; that on June 25 a man giving his name as W. Sims stopped from here to Victor Innes in San Francisco a typewriter with Hindu characters, and that the mysterious package addressed to Miss Beatrice Nelms was

in care of "Mrs. Margaret Mines" and not Mrs. Margaret Mines, a local woman, who denied knowledge of the shipment or acquaintance with either Miss Nelms or her sister, Mrs. Dennis. No Mrs. Margaret Mines had been located last night. Innes was the lawyer who secured Mrs. Dennis' divorce and police have started to trace the typewriter shipment. In the meantime the package shipped to Miss Nelms remains unclaimed in a local express office. Its contents are unknown.

Innes Not to Be Seen. Portland, Ore., July 15.—Victor E. Innes was not to be seen here today and his lawyers said that Innes had told him nothing to account for having ordered a typewriter with Hindu characters sent from San Antonio to San Francisco. A member of the Innes household, however, said that news reports of the typewriter had been mentioned to Innes several days ago and that he had dismissed the subject by saying "They are trying to dig in things extraneous to the disappearance of Mrs. Dennis and Miss Nelms." As Innes was located in Manila for several years it was stated he probably had ordered the typewriter for some business firm in the orient or had planned to return there himself. Innes, according to members of his family, has never had the slightest interest in the study of the occult.

Sought on Installation Plan. San Francisco, July 15.—The typewriter with the Hindu characters shipped here from San Antonio last month was bought here on the installment plan by Victor Innes on October 13, 1912, while Innes was assistant United States district attorney at Carson, Nev.

The company was unable to obtain more than the initial payment of \$15, plus a credit of \$20 on an old machine turned in, and heard nothing more from Innes until the machine was returned, express prepaid, from San Antonio, arriving here June 25. The sender's name was given as Nims or Sims—just which was difficult to make out. Times arrived in Los Angeles from San Antonio June 26, was registered in Sacramento July 2, and continued northward to Portland, Ore., where he was located.
