LEGISLATIVE POSSIBILITIES.

ONE can hardly say that the "possibilities" of some political action are remote. The state is a political entity and the possibilities of its action are not remote. Yet we are inclined to think that the possibilities of some political action are not remote. The state is a political entity and the possibilities of its action are not remote.

Politicians Just Hate Elections

Politicians just hate elections. They are afraid of the people. They are afraid of the people's voice. They are afraid of the people's power. They are afraid of the people's will. They are afraid of the people's choice.
