R. Moses, T. O. P. C. M. I. T. T. is still in the van. He leads the trade because he thoroughly understands his business and carries the very best goods in his line. Look at his merchandise goods and you will be surprised, for they are without equals in the Territory.

A Card. In yesterday's Democrat appeared a statement, which was intended to, and did create in the public mind the impression that there was no first-class tailoring establishment in Albuquerque. This, I have every reason to believe, was published for the purpose of endeavoring to injure me in my business. I was asked several days since by a canvasser for the Democrat to give that paper an advertisement, and because I did not choose to do so, they want the people to believe that no fine tailor work can be done in this city. I have a stock now on hand of \$2500 in cloths, and trimmings for gentlemen's make-up alone. I carry no other stock, and am constantly making additions to that already on hand. My workmen are the best that can be found in New York, Philadelphia, Chicago or any of the other large cities. I warrant all my stock, trimmings, and workmanship, to give satisfaction, and to be as they are represented. I also wish to extend my thanks to all my old patrons and to all new ones that may favor me with a call. I do not know as I am under any obligations to that little spurt, that adopts the method pursued to vent its spleen. I only ask it to send some of its employes around to settle the bills they owe me for altering the store work, and not to wait for me to take it out in advertising as I have been solicited to do. J. B. TARNOX.

CITY CULLINGS.

What is Being Said and Done on the Streets of the Central City.

Saturday night, Dec. 9, 9 o'clock sharp. There are now sixty-two telephones in use in Albuquerque.

I. J. Sharick yesterday received a handsome new counter and show case for his store.

Boyd & Wade promise their patrons some new talent next week of a very high order of merit.

The district court now in session at Socorro will probably finish its business Saturday and adjourn.

A book and stationery store is to be opened soon in the vacant store on Gold avenue, near Front street.

The hospital committee were not soliciting yesterday, but they succeeded in raising nearly \$700 on Tuesday.

A lunch counter and restaurant has been established in the room formerly occupied by the Railroad News Company, on Railroad avenue.

The hurdle race horse man is still in town and will likely remain some time. He intends to give some exhibitions at the fair grounds in a few days.

The improvements now being made to the Methodist church will be completed by Sunday, and services will be held there as usual on that day.

Davis & Co's. planing mill in Highland addition, will be in running order next week. The machinery for it is now on the ground, and is being set up.

Dr. F. Lightfoot, of Great Bend, Kas., is in Albuquerque, and proposes to remain here and practice his profession. He has not yet secured an office.

Charles Etheridge yesterday received the agency for five new insurance companies. He now represents more companies than any other agent in New Mexico.

It is said that Silver Jack, the man recently sentenced to a term of imprisonment in the Los Lunas jail for horse stealing, by a Coolidge justice of the peace, has escaped.

Yesterday morning Ed Zeiger summarily fired a tramp out of the Metropolitan, and the fellow retaliated by firing a rock through the glass in the door. Zeiger has to stand the damages.

At last the Gold avenue side walk has been built in front of the Spiegelberg property. The work was done by the subscriptions of private citizens, Spiegelberg Bros. being unable to stand the expense.

The New Mexico Mining Association will meet in this city Dec. 15. It is to be hoped that there will be a full attendance, as the association will be of great benefit to the miners and mining interests of the Territory.

There is trouble among the insurance men, at least it would be natural to suppose that such was the case, judging from a heated conversation which took place among the underwriters in an insurance office in this city yesterday afternoon.

A private letter received from Capt. R. C. Voss, who recently left Albuquerque for San Francisco, says that on his arrival at the latter city he found his wife very dangerously ill. Since his arrival she has greatly improved, and is now able to sit up.

Another man in the advertising dodge business has struck the town, and will probably give the merchants in Albuquerque a call to-day. He is from Las Vegas and proposes to get up a holiday advertising sheet. It's a good scheme for the man, but a poor one for the men who patronize it.

There are now several saloons in the city that sell beer at 5 cents a glass. The proprietors of other saloons that continue to sell their malt beverages at 15 cents a drink, are indignant at the cut. They say it is ruining the business and that it is impossible to sell beer at a profit for less than the old price.

THE JOURNAL is in receipt of an invitation from Miss Lina and Mr. Nathan Bibb to attend the marriage of their sister Clara Bibb, to Herman Block, Sunday evening Dec. 10, at 6 o'clock, at their residence in Bernalillo.

The infuriated female had nearly demolished the entire glass front of the saloon, when the unlucky vendor of spirits flew to the rescue of his property and the woman retreated.
