from Rotterdam, for a copy of the insurance laws of New Mexico. He received a similar inquiry from Cape-town, Africa, and also from England.

NEW MEXICO REFORM SCHOOL
Full Proceedings of the First Meeting of the Board of Trustees at Springer.

At a meeting held at the Springer House in Springer, Colfax county, on July 26th, 1909, of the board of trustees of the New Mexico Reform School there were present the Governor, Hon. George Curry, M. W. Mills, J. K. Hunt, R. E. Aldrich and Rafael Aguilar. The other member, Francisco Serna of Chama, Rio Arriba county, being absent. Whereupon Governor Curry was elected temporary chairman. He announced that he had met with the board as ex-officio member to aid them in their organization. M. W. Mills was elected president of the board, and R. E. Aldrich was elected secretary and treasurer. It was proposed to visit the buildings and grounds, which was done by the members present. The members then reconvened at 8 p. m., transacting the following business: The secretary was instructed to write Traveling Auditor C. V. Safford and give him such information as to enable him to secure the seal, minute book and other records for the board, and also to write to Territorial Auditor W. G. Sargent and the treasurer, M. A. Otero and secure funds of about \$1,000 for immediate expenses. It was decided to send a committee to visit a reform school or schools of some state. M. W. Mills and J. K. Hunt were appointed as such committee, only the actual expenses of the committee to be paid and the committee to be given letters of introduction signed by the board. The committee was required to report speedily.

The secretary and treasurer was directed to take charge of the building and procure insurance for not less than \$7,000.

In conformity with a proposition made by Trustee Aguilar all applicants for the wardenship are required to make written applications, submitting their endorsements at the same time. Present applications are to be considered at the next meeting.

It was understood that Trustee J. K. Hunt would at the next regular meeting secure the services of a competent man to make out full specifications necessary for the repair of the building according to the report of the committee, appointed to visit other like institutions, with a view of making contracts to repair the building ready for occupancy. The meeting then adjourned, subject to call of the president.

SHERIFF ROMERO LOSES PRISONER
In Addition He Gets Rid of His Pocket Book, His Weapons and Sundry Belongings.

Needles, Cal., July 28.—Somewhere in the river bottoms east of this city, a man named Rice is hiding and Indian trappers are hunting him. He has shot and slightly wounded a Mohave Indian and the Indian claims to have shot Rice, but not seriously enough to stop his flight.

Rice was being taken from San Francisco to Las Vegas, N. M., by Sheriff Cleofes Romero. He is charged with forgery committed three years ago.

The Santa Fe train on which the sheriff and his charge were traveling was delayed by washouts near here and yesterday while the sheriff slept Rice, it is said, stole his weapons, watch, keys and money. With the keys he unlocked the shackles on his wrists and ankles and escaped. A posse went in pursuit and the swiftest of the Indian runners caught up with him this morning. Rice grappled the Indian and finally shot him and escaped. The posse returned here late today, secured more weapons and ammunition and again took the trail.

FIGHT FOR DECENCY IN CLOVIS

Report from Clovis, Curry county, has it, that City Attorney Fred McDonald who was recently brutally assaulted by two gamblers, has lodged complaint that City Marshal Martin had accepted tribute for the protection of questionable enterprise. Martin denies the charge and has brought counter charges, alleging that McDonald has taken illegal fees. The gamblers who assaulted McDonald have been arrested and will be given a hearing at Texico on change of venue. McDonald is determined to make Clovis a clean town morally but is meeting with bitter opposition as there is a strong element that wants the town to be wide open.

LURED WOMEN TO HIS DEN.

(Continued From First Page.)

asked Jerome. This was objected to and the ruling reserved. Thaw said: "I have always been sane medically although I think I may have been legally insane a few minutes when I killed White. Dr. Evans is misled when he said I suffered delusions because I was told by Jerome everything I said was untrue."

He explained his frequent changes of counsel by saying that the lawyers were influenced by the fact that they thought the charges he made against White were untrue. Asked if he was expelled from Harvard for studying an immoral subject, he said: "Illegal perhaps, but not immoral."

CAPITAL AND LABOR CLASH

Wells Murder Case at Roswell Expected to Go to Jury Some Time This Afternoon.

Roswell, N. M., July 28.—Bitter arraignment of alleged evils of organized labor and oppression of capitalist classes characterized the arguments today in the trial of W. T. Wells, a local capitalist, on the charge of killing Ollie Shirley, a union leader. Attorney General Frank Clancy of Santa Fe, opened for the prosecution and was followed by J. B. Eldridge for the defense. W. W. Gatewood closed for the defense. District Attorney J. M. Hervey closed for the state today the case going to the jury immediately thereafter.

NO MORE FREE LUNCH AT CHEYENNE

Cheyenne, Wyo., July 28.—The new free lunch ordinance went into effect yesterday, when all saloonkeepers of the city were notified that the serving of free lunch must cease. Some saloonkeepers withdrew the ordinary free lunch and kept pretzels on the bar, but these were notified to withdraw even pretzels. There is much criticism of the new ordinance, and especially of the fact that the city council saw fit to suspend the rules to pass it at the earliest opportunity.

PRESIDENT TAFT LED GREETING.

(Continued From Page One)

ing chorus and hand clapping and cheers and waving of hats and handkerchiefs told the men in the flying craft that their task was accomplished. The crowd expected Orville to come down then, but he kept on just the same.

He was after his brother's laurels. Wilbur returned to the starting derrick, where the army officers were gathered and they began to chaff him about his record now in peril.

The machine used in the flight consists of two planes, one five feet above the other and measuring thirty-six feet from tip to tip. The seat for the operator is placed in the center of the lower plane, off to the left of the motor. The passenger sits on the other side of the motor. The motor itself is a product of the Wright brothers, and is a four cylinder thirty-horse power, water cooled gasoline engine. The gasoline is pumped directly into the in-take pipes, there being no carburetors. The tips of the plans are flexible for about 12 feet. By means of a lever they can be turned into a curve resembling a heliocoid, the wings moving in opposite directions. A second lever controls the twin rudders which are supported by a brace ten feet from the rear of the plans.

The weight of the machine, including both operator and passenger is a trifle under 1,200 pounds.

Zeppelin Flies Three Hours.
Friedrichshafen, July 28.—Count Zeppelin yesterday personally steered his airship Zeppelin II. This was his first trip since his recent accident. The airship remained up for three hours. Representatives of the war office were on board.

CALL FOR BIDS.

Notice is hereby given that bids for the construction of sidewalks on the streets specified below, will be received at the office of the Mayor at the Capitol building, which said bids will be opened at the next meeting of the city council of the City of Santa Fe, on Tuesday, August 3rd, at the Fireman's Hall at 7:30 p. m. The city will reserve the right to reject any or all bids. Bids must be given for the construction both of concrete and brick sidewalks on each of the several streets and specifications for the same can be seen at the office of the Mayor at the Capitol building.

The bids to be received shall cover the following streets:

On the north side of Johnson street from the Denver & Rio Grande Railroad Company's track to Grant avenue, a four foot walk.

On the east side of Sandoval street to Water street, a four foot walk.

On the east side of College street from the bridge spanning the Santa Fe creek to Manhattan avenue a four foot walk.

On the east side of Cerrillos street from Montezuma avenue to Hickox street a four foot walk.

On the east side of Don Gaspar avenue from the bridge spanning the Santa Fe creek to Manhattan avenue, a six foot walk.

On the west side of Don Gaspar avenue from Manhattan avenue to Capitol street, a six foot walk.

On north side of Palace avenue from Arroyo Sals to city limits, a four foot walk.

The bids shall be per square foot.

JOSE D. SENA,
Mayor.
