Germs in Her System Every Woman Should Read this Advice and the Generous Offer that Goes With It

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Rexall Muc-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailment of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Rexall Muc-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Rexall Muc-Tone comes in two sizes, 50 cents and \$1.00. Remember, you obtain Rexall Remedies only at—The Rexall Store—Fischer Drug Co.

Las Vegas Wants to Watch Weather.

While in Santa Fe Saturday, President Frank H. H. Roberts of the New Mexico Normal University and John C. Baker, professor of science in that institution, will call on C. E. Linney, the United States weather observer, and endeavor to make arrangements with him for fitting the weather flags from the Normal building. Recently the Normal has made the officials volunteer observer for Las Vegas and vicinity. The weather flags that were used by Dr. W. C. Bally, the former observer, however, have not been transferred to the Normal. An effort may be made, too, to secure some additional instruments, such as wind gages.—Las Vegas Optic.

THIEF CAUGHT IN ACT OF STEALING.

Manager of Harness Store at Albuquerque Captures Burglar After a Chase.

Albuquerque, N. M., Jan. 6.—There was about fifteen minutes of a class as an impromptu wrestling match as one would wish to see yesterday morning shortly after 8 o'clock at the corner of Fourth and Central avenue near Schutta candy store when B. W. Rhea of the Thomas P. Delgado harness store succeeded in holding a bold burglar and holding him until police assistance arrived.

Mr. Rhea had just opened the store on Central avenue near the corner when he noticed a suspicious looking man with his face pressed against the window looking into the store. Mr. Rhea sat quiet in the office and awaited developments. Presently, the intruder opened the door carefully, looked around and apparently satisfied that no one was in, went over behind the counter and commenced stuffing a lot of leather block material and other stuff under his overcoat. Mr. Rhea waited until the visitor was pretty well loaded down and then jumped for him, just as he was going out the door. There was an explosive mixup with leather flying in all directions. The man got away and

EXALTATION.

(After the French of Victor Hugo.) Alone by the waves, on a starlight night, No mist on the seas, not a cloud in sight, My eyes pierced further than earth's desires; And nature—all nature, the hills and the woods, The waves of the seas and the heavenly fires.

And the infinite legion of golden stars Replied in a chant of harmonious bars.

While with scintillant crowns they seemed earthward to nod; And the waves, which no puissance can rule or arrest, Made answer, while curling the foam of each crest:

It is God! It is God! It is God! —Florence Earle Coates, in Harper's Weekly.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mr. Rhea is a little out of practice but in pretty fair condition and although it took lively work he held his man until assistance arrived and he was taken to the county jail. WATER COMPANY ORDERS FORTY CARS OF MAINS.

San Antonio, Jan. 6.—The San Antonio Water Company has just made an order for forty carsloads of mains, ranging in size from four to ten inches. This material is for the purpose of increasing the system and keeping up the rapid suburban growth and increasing demand for water supply in all parts of the city.
