 Since taking Cardui I have no more

 and feel good all the time." Take  
 Cardui and be benefited by the pec-

 from which you suffer, just as it has

**RHEUMATISM PAINFUL & DANGEROUS**

Rheumatism is due to a diseased  
 condition of the blood and of the  
 muscles, brought about by an excess  
 of uric acid in the circulation. It is  
 not only a very painful disease, but an  
 extremely dangerous trouble. The  
 briny, acid state of the blood gradu-  
 ally forms a coating over the muscles,  
 and by depositing a cement like sub-  
 stance in the joints frequently termi-  
 nates fatally, or leaves its victim a  
 "doctor" who is not a doctor, but a  
 hopeless cripple. It is natural to  
 "doctor" the spot that hurts, and it is  
 quite right to use liniments, hot appli-  
 cations, etc., to get temporary relief  
 from a painful joint or swollen tendon;  
 but Rheumatism is not a skin disease,  
 and such things, when depended on  
 alone make one careless, and the dis-  
 ease gets a firmer hold on the blood.  
 S. S. S. cures the disease because it is  
 the greatest of all blood purifiers. It  
 goes into the circulation, and re-  
 moves every particle of the  
 irritating uric acid, builds up  
 the blood, makes it rich  
 and oily, and in  
 this way pre-  
 pares it for the  
 proper nourishment of all joints,  
 muscles, nerves and bones. If you  
 have Rheumatism, get the uric acid  
 out of the blood by taking S. S. S., a  
 purely vegetable medicine, and enjoy  
 freedom from its misery. Book on  
 Rheumatism and any medical advice  
 free to all who write.

Disan Statehood League which has in-  
 augurated a vigorous telling country-  
 wide campaign for a rousing big ma-  
 jority for the constitution on an elec-  
 tion day.

**Business Men Take Hand.**  
 Headed by Colonel M. L. Stern,  
 and backed by an enthusiastic deter-  
 mination to get out every vote in Al-  
 buquerque on the constitutional elec-  
 tion day, the committee of the Non-  
 Partisan Statehood League started  
 out yesterday afternoon to secure the  
 members of a committee of fifty  
 who will volunteer their services as  
 workers on election day, to aid in get-  
 ting out the vote. The committee is  
 going after business men, and prop-  
 erty owners. The bigger the business  
 and the more the property holdings,  
 the more anxious is the committee to  
 place the citizen on the working  
 force.

From the success they met with  
 yesterday the committee is likely to  
 make it a committee of one hundred  
 instead of fifty. Every member of  
 this committee on election day will  
 be decorated with a large white rib-  
 bon, and on the ribbon will appear a  
 legend calculated to make the voter  
 sit up and take notice. The com-  
 mittee will be organized into squads  
 who will take turns about working  
 at the polls or hustling out tardy  
 voters.

The committee from the league  
 also proposes to organize an auton-  
 omous brigade and a horse and carriage  
 brigade so that while there will be  
 no hired conveyances the voter who  
 is disinclined to walk to the polls  
 can ride in style just the same as if  
 a collection of candidates was foot-  
 ing the bill. This same committee  
 is now planning to issue a statehood  
 button and to decorate every man in  
 the county with one who favors the  
 constitution. The idea will be to  
 show the opponents of statehood how  
 very lonesome they are.

tion makers improved their oppor-  
 tunity and got many of the best fea-  
 tures of the organic laws of other  
 states. Admitting the constitution is  
 not satisfactory to any one voter in  
 New Mexico—a strong reason for be-  
 lieving that it is a pretty good docu-  
 ment—and the people turn it down,  
 what will the delegates who reassem-  
 ble to frame another constitution have  
 to work upon? What will they insert,  
 and what will they prune out? What  
 would we have if all the demands of  
 the objectors were inserted in our or-  
 ganic law? Just imagine the mass of  
 contradictory clauses, unbridled li-  
 cense and Alcoholic restrictions, sat-  
 urnalia and sanctification!

When pushed to a corner some of  
 our kickers will declare that they  
 would rather live in a territory for  
 ever than accept a constitution that  
 does not exactly suit them.

Mr. Editor, after an experience of  
 a quarter of a century of territorial  
 bondage, I would be willing to accept  
 the Book of Mormon as our organic  
 law.

I would then at least have a say  
 as to who would manage our state af-  
 fairs, and I need not avail myself of  
 the opportunity to assume any more  
 combal responsibilities.

Yours for statehood,  
 LUCIUS DILLS.
