

RECENT STORM WAS RECORD BREAKER

THE EXTENT OF ITS RAVAGES JUST BECOMING KNOWN.--SHIPPING ON THE GREAT LAKES DEMORALIZED, AND HUNDREDS OF THOUSANDS OF DOLLARS DAMAGE.

THE FULL STORY HAS NOY BEEN TOLD YET

Port Huron, Mich., Nov. 12.—As if to warn other vessels to keep their distance, Lake Huron today lashed itself into a sea so rough it is probable the country must wait at least another day before the identity of the overturned vessel a few miles northeast of here will be definitely known.

The captains of the tug, revenue cutter, and the life saving crew all believe that the wrecked vessel is that of the tug Sport, with a diver aboard, visited the wreck this afternoon, but the waves were rolling ten and twelve feet high and it was impossible for the diver to get close to the derelict.

A report from Port Frank this afternoon stated that eight more frozen bodies were washed ashore there today.

Buffalo, N. Y., Nov. 12.—A message from the missing lightship No. 82, was found by searchers among the wreckage of the craft on the south shore of Lake Erie today.

It is believed that the message was written by Captain Hugh M. Williams, of Manistee, Mich., who was in command of the ship.

Dead Bodies and Wreckage. Goderich, Ont., Nov. 12.—Reports from points along the Canadian shore of Lake Huron point to a heavy loss of life and shipping in the recent storm.

The Carruthers was owned by the St. Lawrence and Chicago Navigation company.

The Chas. S. Price was a steel schooner of 4,901 tons, built at Loraine, Ohio, and owned by the Mahoning Steamship company.

Port Huron, Mich., Nov. 12.—Although many vessel men are firm in their belief that the steamer which turned turtle in Lake Huron a few miles northeast of here during the big gale is the Regina, of the Merchants' Transportation company, of Toronto, others are equally convinced this forenoon that she is not.

Unidentified Vessel. Port Huron, Mich., Nov. 12.—Although many vessel men are firm in their belief that the steamer which turned turtle in Lake Huron a few miles northeast of here during the big gale is the Regina, of the Merchants' Transportation company, of Toronto, others are equally convinced this forenoon that she is not.

Lima, Peru, Nov. 12.—Ten towns were destroyed and several hundred persons killed in an earthquake, which occurred last Friday in the mountainous Peruvian province of Aymara. News of the disaster reached this city

AGREEMENT NOW IN SIGHT IN MONEY MEASURE

SIX DEMOCRATS OF SENATE BANKING BILL ASK THE CAUCUS TO GIVE THEM MORE TIME, AS THEY HAVE PRACTICALLY REACHED AN UNDERSTANDING.

HITCHCOCK IS STILL OUT OF THE FOLD

Washington, D. C., Nov. 12.—Marked progress toward an agreement on the administration currency bill by six of the Democratic members of the senate banking committee resulted in a request that action by the Democratic conference called for today be delayed.

The six Democrats, Senator O'Gorman said, were reaching an agreement by mutual concessions, and he said the conference would be asked to leave the question to the committee members in the hope that the bill, in form approved by the president, might be presented to the senate, signed by the six Democratic members at an early date.

Senator Hitchcock, of Nebraska, was the only Democratic member of the committee not in today's conference of committee members. The other six Democrats prepared to ask the conference to allow them further time.

Senate Democrats in a party caucus today took up the currency situation with the plan of bringing the administration bill out of the complex situation which has grown up about it in the banking committee and putting the measure on the way to passage in a form acceptable to President Wilson.

Senators O'Gorman and Reed went into the committee meeting, but Senator Hitchcock did not attend. A compromise was effected as between the banks of the house voted on by a majority committee. The bill is to be recommended.

Bank ownership of stock in the regional banks was taken up but the administration senators refused to yield and it was practically agreed that the house provision on that point should stand.

Chicago, Ill., Nov. 12.—Senator Newlands of Nevada, raced through Chicago today on his way to Washington. When he left his home state it was in a desperate endeavor to reach the national capital in time to attend the Democratic currency conference today.

In his message to Senator Kern, the Nevada statesman asked that the conference be postponed for a day or two, "until Democratic senators have an opportunity to be present."

Senator Newlands said he was anxious to present what he called his "federal reserve system" an outline of which he recently telegraphed to Senator Owen.

This system calls for a federation of state and national banks, in each state as a reserve association, consolidating and mobilizing the reserves of member banks for mutual protection against bank runs and stringencies. In addition there would be one federal reserve bank of which the state reserve associations would be members, under which government funds and a portion of the reserves of the state associations would be deposited.

Nationally, the central bank would perform those functions which in individual states would fall on the state associations.

Methodist Missionary Board to Meet at Boston. Decatur, Ill., Nov. 12.—Boston was chosen today as the 1914 meeting place of the missionary board of the Methodist church.

The committee on general distribution of missionary funds devoted the appropriation among the foreign countries as follows: Eastern Asia \$269,802; southern Asia \$242,392; Africa \$50,269; South America \$100,060; Europe \$169,838.

Ten towns were destroyed and several hundred persons killed in an earthquake, which occurred last Friday in the mountainous Peruvian province of Aymara. News of the disaster reached this city

REBEL CABINET MEETS WITH HALE

PRESIDENT WILSON'S REPRESENTATIVE MEETS WITH CARRANZA AND HIS ADVISORS AT NOGALES TODAY—MAY MEAN RECOGNITION OF CONSTITUTIONALISTS.

JAPAN ALSO WILL SEND A BATTLESHIP

Nogales, Sonora, Mex., Nov. 12.—William Bayard Hale, President Wilson's personal representative, went into conference here just before noon today with General Venustiano Carranza and the entire Mexican constitutional cabinet.

The conference was held in the border customs house in which Carranza established his capital on coming here from Hermosillo.

Those who met the American representative with General Carranza were General Felipe Angeles, minister of war; Francisco Escobedo, minister of foreign relations and the treasury; Ygnacio Bonillas, minister of fomento and communications, and Rafael Zubaran Canpamy, of the department of the interior.

Neither Mr. Hale nor General Carranza would give an intimation as to the topics that might come up for discussion.

The conference extended far into the afternoon.

Washington, D. C., Nov. 12.—Conferences now being held between William Bayard Hale and General Venustiano Carranza at Nogales are interpreted in official circles here as the first open move by the United States government to show its interest in the constitutionalist movement in Mexico.

No officials commented today on Mr. Hale's exact status, but on a previous occasion, when he spent three months in Mexico City, gathering information President Wilson let it be known that Mr. Hale was there as his personal friend.

Little doubt exists in diplomatic circles that while Mr. Hale still retains the character of unofficial envoy, he is furnishing the Washington government with information for official purposes.

It was pointed out by some observers that Mr. Hale's conferences were not necessarily a forerunner of recognition, but might be an important factor in determining the future attitude of the Washington government toward the constitutionalists.

Mr. Hale probably will report on the personal characteristics of General Carranza, whether he has the united support of all constitutionalists or revolutionists, or whether, if successful by arms, he would establish a provisional government that would guarantee a fair and free election.

There is also a possibility that the information he gathers may be useful to the state department in its dealings with foreign diplomats here. The diplomatic corps in Mexico City is said to be at a disadvantage in making reports on the constitutionalists as its only source of information there is the Huerta government.

There was no indication here today as to future steps in the American policy.

Rear Admiral Brush on the battleship Louisiana at Tuxpam reported to the navy department today there was no immediate need of protection to American property in that vicinity.

Late today Secretary Bryan warned both the Huerta government and the constitutionalists not to molest extensive English and American railroad properties at Tuxpam, which it was reported one or both factions were threatening to burn.

A CABINET OFFICER TELLS MINERS' SECRETS

W. B. WILSON, SECRETARY OF LABOR, IN ADDRESSING FELLOW UNIONISTS AT SEATTLE, TELLS OF IMMENSE PROFITS MADE BY CALUMET OPERATORS.

\$121,000,000 DIVIDENDS ON CAPITAL OF \$1,250,000

Seattle, Wash., Nov. 12.—Secretary of Labor William B. Wilson, addressing the American Federation of Labor, bitterly condemned the attitude of the Michigan Copper Mining companies and warned them that a new conception of titles to property was in progress of formation.

He declared he would make public not only the wages paid to the miners, but hours they worked and the labor conditions, but the enormous profits of the mine owners.

Secretary Wilson, who addressed the delegates as "Fellow unionists" said: "The department of labor as now organized and directed will be utilized to cooperate with the great trade union movement in its effort to elevate the standard of human society."

One of the general duties imposed upon the department under its organic law is the duty of promoting the welfare of wage workers.

"The one great specific duty imposed upon the department is the duty to act as a mediator in trade disputes, to appoint commissioners of conciliation in trade disputes.

"There can be no conciliation between employers and employes that does not presuppose collective bargaining, and there cannot be collective bargaining that does not presuppose trade unionism."

Of the situation at Calumet, the secretary said it had heretofore been the custom to investigate wages, hours and kinds of labor, and report these to the public.

"And the little bit of confidence that I am going to give you," he added, "is an advance statement of one of the items in that situation—that the largest corporation engaged in the production of copper in the Michigan district, was organized in 1870 under the laws of the state of Michigan, that the face value of its capital stock is \$2,500,000. The shares are \$25 each. They were purchased at \$12 each, so that the actual investment is \$1,250,000. From that time until one year ago, the last fiscal report that we had, a period of forty years, that corporation declared in dividends \$121,000,000 on an investment of \$1,250,000, and made reinvestments out of its earnings of \$75,000,000. Nearly \$200,000,000 of actual net profits in a period of 42 years on an investment of \$1,250,000, and then not only protest against meeting committees of the workers, but refuse to accept the good offices of the department of labor in negotiating the difficulties."

CHANGES FROM "WET" WORKS FOR ANTIS

FORMER GOVERNOR PATTERSON OF TENNESSEE TRAVELS IN SPECIAL CAR TO ANTI SALOON LEAGUE MEETING IN COLUMBUS, TO TELL THEM OF HIS CHANGE OF HEART.

Columbus, Ohio, Nov. 12.—Today's session of the Anti-Saloon National convention was to be known as governor's day, notwithstanding the governors present were not to be honored from the platform until evening.

Former Governor Malcom R. Patterson, of Tennessee, was the principal speaker at the afternoon session.

Twice elected governor of Tennessee as a "wet," Patterson came to Columbus in a special car accompanied by Governor Ben W. Hooper, who succeeded him as Tennessee's chief executive, to give his endorsement to a nationwide program that would have for its aim the elimination of the saloon.

"I am aware that to have suddenly changed the views of mature womanhood which I once asserted and proclaimed from one end of Tennessee to the other, has excited surprise and provoked comment. But this is a world of change. I am neither asham

STRIKER HELD FOR ASSAULT TO MURDER

HEARING OF LOUIS KING SET FOR TODAY BUT CONTINUED--NO CLASH BETWEEN CIVIL AND MILITARY AUTHORITIES--NEWSPAPER PRINTED TOO MANY DETAILS.

COLORADO MILITIA CAN NOT GET THEIR PAY

Trinidad, Colo., Nov. 12.—Civil and military authorities appeared this morning in justice court when the case of Louis King, a striker charged with assault to murder, came up for a hearing.

An expected clash between the judicial department of the Colorado national guard and the officers of the district attorney over precedence failed to materialize when by agreement the case was continued and King's bond was increased from \$700 to \$1000.

King has not furnished bond and is being held at the county jail.

Relations between General Chase and the district attorney, threatened to become strained Monday when four military prisoners were released by the civil authorities. Later they were re-arrested by General Chase. Yesterday a military patrol searched for King but did not locate him.

King is charged with having fired shots during an attack by strikers upon Tabasco, which wounded the two children of Frank Wootton, a machinist. He was apprehended by the civil authorities before martial law had been declared.

Extra forces were dispatched to the district prepared to meet any emergency that might arise. Military and civil authorities report that quiet prevailed throughout the strike zone last night. General Chase visited Ludlow this morning and received a small quantity of weapons recently confiscated by the troops.

Printed Too Much. Pueblo, Colo., Nov. 12.—The principal business this morning before the grand jury investigating the coal strike was the appearance of representatives of an evening paper who were questioned concerning the sources of information of stories printed in relation to the doings of the jury. Members of the jury and those in charge of the investigation object to the printing of any news concerning the investigation.

Court Order Needed. Denver, Colo., Nov. 12.—Deputy State Auditor Ballou at noon today notified Governor Ammons and Attorney General Farrar that he had received telegraphic instructions from Auditor Kanen, now in Seattle, not to issue certificates of indebtedness to cover the expenses of maintaining the national guard in the Colorado coal strike zone without a court order.

Governor Ammons stated that a mandamus suit to compel the issuance of the certificates would be instituted immediately in the state supreme court.

THE DAY IN CONGRESS

Senate. Not in session; meets Thursday. Democrats met in conference and discussed currency bill. House. Met at noon and adjourned at 12:35 p. m. until noon Thursday.

American Tars Call on the Pope. Rome, Nov. 12.—A large party of American blue-jackets was received this morning in private audience by the Pope. The men were conducted to the Vatican by Captain William J. Maxwell, of the battleship Florida, and were presented to his holiness by Monsignor Thomas F. Kennedy, rector of the American college in Rome.

New Battleship to Be Commissioned Christmas. Washington, D. C., Nov. 12.—The new battleship Texas, which lately had her acceptance trial, is now 96 per cent completed, according to an official statement by the navy department today. The vessel probably will go into commission about Christmas.

ed to stand before this great audience and acknowledge the wrong, when I once advocated policies which would have made legal a trade which I have come to look on as having no rightful place in the scheme and economy of Christian civilization."

SPUG SEASON NOW OPEN--ARE YOU A SPUG?

THE NEW SOCIETY STARTS ON ITS SECOND YEAR UNDER MOST AUSPICIOUS CIRCUMSTANCES--MRS. J. BORDEN HARRIMAN TELLS OF THEIR OBJECTS.

WOULD ELIMINATE ALL USELESS GIVING

New York, Nov. 12.—A country-wide appeal for the abolition of the useless Christmas gift and a plan for intelligent and thoughtful giving instead were voiced tonight by Mrs. August Belmont, President of the Spugs, at the opening meeting of the 1913 campaign to be waged by that organization against insincerity, compulsion and waste in Christmas giving.

At this meeting the membership rolls of the Spugs—the Society for the Prevention of Useless Giving—were thrown open to all residents of the United States who might want to enroll against the foolish Christmas gift. Having grown from a handful to more than 5,000 within a few weeks during the last Christmas season, the Spugs have outlined for this year a national campaign and hope to establish societies in all cities and towns throughout the country.

Mrs. J. Borden Harriman presided at tonight's meeting. District Attorney Whitman, newly enrolled as a member, and Francis Croninshield, delivered addresses. Mrs. Belmont was the orator of the evening. The original purpose of the society, she said, was to prevent compulsory giving by girls in stores and factories to their employers, the custom of collective giving which the girls felt they could not avoid without embarrassment and possible loss of their positions. This was one of the chief objects of the society, she added, but not the only one.

Another prime attainment sought, she said, was a general cultivation, by all classes of givers, of more thoughtfulness and expression of personality in making Christmas gifts.

"We do not disapprove of collective giving when it is done on the spur of the moment," she said, "or for some particular cause, because then it means that you have collected a sense of human fellowship of which the money collected is but an expression. We do approve of it when it is for the man lower down instead of for the man higher up."

"Some persons think that we oppose giving. Far from it; we do not oppose giving, but we advocate intelligent giving—giving that is done with the Christmas spirit of goodwill as distinguished from giving that is compulsory, from fear or with the hope of obtaining reward—whether that reward be the favor of the man higher up or advancement. The world at large should put more of the Christmas spirit into giving. Christmas should be a time for every person to do his or her share."

"Some folks say to us, 'Of course, you want to promote useful giving.' The word useful has many changes of meaning. Usually when one thinks of a useful present, it is a present decidedly middle-class or commonplace. So we do not attempt to promote useful giving, in the commonly accepted definition of that word. The thing we are really cut to do is to abolish something. We feel that when we have done that there will follow good sense in giving and that everybody will be profited thereby."

"We propose to decrease the cost of the gift and increase the good will; to make the heart of Father Christmas rejoice by little acts of kindness, unselfishness, by putting thought into the gift we sent our dear ones. Give generously; but from your heart, with all your thought. Don't make a business of giving, make it an art. Don't waste what should be a season of goodwill freely given."

IMPORTANT RULING REGARDING MILITIA PAY. Washington, D. C., Nov. 12.—The secretary of war has no authority to dictate the number of officers and men of the militia necessary to constitute a rifle camp of instruction whose officers and men shall be paid under the militia account. Comptroller of the Treasury Downey, final arbiter of such questions, decided so today.

The case arose when the auditor for the war department ruled that a recent encampment in Arizona militia, of which 44 officers and men representing the six companies were present, was not an encampment recognized by the war department.

Rolls Reads Resolutions. Judge John R. McFie presided and occasionally put on the soft pedal when the "discords" began to grow too loud. Paul A. F. Walter was secretary.

There were about 36 people present, ladies outnumbering the men two to one.

Dr. J. A. Rolls, chairman of the resolutions committee, arose and read lengthy resolutions with many a "whereas" and "sub-statements" telling that the society considers attacks made on Mr. Hewett unfair in manner and biased in motive, and that if these attacks were not controverted they might result in loss of the school to Santa Fe; moreover, that the committee

NO DANGER OF LOSING THE SCHOOL

SUCH IS IMPRESSION GIVEN "ARCHAEOLOGISTS" AT MEETING LAST NIGHT, FOLLOWING READING OF TELEGRAM OF FRANK SPRINGER, ENDING OF REPEATED STORY.

RESOLUTIONS LAUD HEWETT TO THE SKIES

BEHOLD THE "SCIENTISTS" WHO SELECT HEWETT! The school is absolutely controlled by the managing committee of 26. They are people chosen for their fitness to serve on such a board. * * * These are the people who direct the affairs of the School of American Archaeology. You can find a list of them in the courteous office in the Palace of the Governors.

"But the committee will certainly fulfill its scientific obligations—which are as sacred as a Mason's oath or a nun's vow—in everything that concerns the work of the school in its obligation to science and to education." (Statement of C. F. Lummis read last night).

Here is the classification of the committee of 31 (not 26, as Mr. Lummis states) who direct the affairs of the Archaeological School—of the committee with "scientific obligations":

- Competent men engaged in American Archaeology 3
Semitic, Egyptian and classical professors competent and incompetent 6
Zoologists 2
Politicians 2
Lawyers 3
Clergymen 1
Physicians 1
Diplomats 1
Business men and nondescripts 7
Ladies (including 1 scientist and 1 school teacher) 4
Squaw belt literatures 1
Total 31

The reading of a telegram or extracts of a telegram from Hon. Frank Springer now in Washington that there is no occasion for Santa Fe to worry about the School of American Archaeology being taken away from Santa Fe; the passing of resolutions praising Mr. Edgar L. Hewett to the skies and denouncing the "attacks" made by famous scientists on him in the New Mexican; the impression given certain persons that the resolutions attacked the New Mexican itself for alleged "bias" and the challenge offered Dr. J. A. Rolls to show any copies of the New Mexican containing statements against Mr. Hewett that can be successfully controverted; the vigorous denunciation of Prof. Alfred M. Tozzer of Harvard, by former Governor W. T. Thornton who declared Tozzer is but an instructor; the reading of a lengthy letter from Charles F. Lummis, squaw belted literature of Los Angeles, making the same statement; the bombshell exploded by Mr. Paul A. F. Walter in his own "camp" by announcing that Mr. Tozzer is indeed a real, living assistant professor at Harvard and not an instructor, the disgust depicted on certain faces of some of Mr. Hewett's supporters as Lummis's letter, filled with personalities, was read; the clever way portions of the letter were omitted by Mr. Walter—and finally the question asked by Mr. Cutting why the summer school has been dwindling in attendance which question remained unanswered—these were some of the features of the meeting of the Archaeological Society last night.

As some one expressed it today: "It was a meeting full of action."

Rolls Reads Resolutions. Judge John R. McFie presided and occasionally put on the soft pedal when the "discords" began to grow too loud. Paul A. F. Walter was secretary.

There were about 36 people present, ladies outnumbering the men two to one.

Dr. J. A. Rolls, chairman of the resolutions committee, arose and read lengthy resolutions with many a "whereas" and "sub-statements" telling that the society considers attacks made on Mr. Hewett unfair in manner and biased in motive, and that if these attacks were not controverted they might result in loss of the school to Santa Fe; moreover, that the committee

PUEBLO SCHOOL BOY IS FATALLY INJURED BY HAZING OF CONRADES

Pueblo, Colo., Nov. 12.—Standish Hamilton, age 14, is perhaps fatally hurt as the result of a grammar school "hazing" late yesterday afternoon.

The boy recently was withdrawn from a private school and enrolled in the Bessemer public school. As he was riding home on his bicycle yesterday, he was attacked by boys, dragged from his wheel and beaten and kicked. He sustained a fractured skull, several broken ribs and other injuries. He says the assailants told him they were "initiating" him.

TEN TOWNS DESTROYED AND SCORES KILLED BY EARTHQUAKE

Lima, Peru, Nov. 12.—Ten towns were destroyed and several hundred persons killed in an earthquake, which occurred last Friday in the mountainous Peruvian province of Aymara. News of the disaster reached this city

The number of known dead was 120 when the courier left the devastated district, but it was believed several hundred more bodies would be recovered from the wrecked towns.

(Continued on page five).
