FOR SALE. The valuable property known as the SIERRA MADRE SALOON, Lake Valley. Enquire of Wilms & Kleiner, Kingston, N. M.

Hermosa one of our neighboring towns is looking up. It will pay some of our mining capitalists who are on their way to Kingston to stop off at Hillsboro and go down to Hermosa. Chance to strike it big with a little money down there.

Spring, gentle spring is upon us, and now is the season of year, when the "young man's fancy turns to thoughts of love"—so sang the poet, but they tell us that the young man's thoughts in New Mexico turned to getting rid of paying his winter board bill.

The Hon. N. Grayson of California visited his brother in Sierra County this week. Mr. Grayson although a very rich man is, nevertheless, a very broad-minded man, and one who has spent several hundred thousand dollars in Sierra County.

Big list of cash subscribers this week from Hermosa. We are very thankful for the appreciation manifest in behalf of the Advocate in Hermosa, and hope that we may always stand as well with our neighbors as we do at present. We shall always try to be broad, truthful and reliable, and on this ground we will fight it out.

The Grand Central Hotel at Lake Valley has been greatly remodelled and improved and is now one of the best houses in Lake Valley. John Johns has taken the management of the house and suffice it to say his reputation as a hotel man is a guarantee that the house will be kept in apple-pie order. Meats 50c. Beds 50c. and 48c. Give them a call.

The trees in the canyons are putting forth their welcome foliage, and no more for 8 months will the grey and yellow leaf of fall-time cast its somber tints against the wild wind and majestic stratus of composed evening and granite but on the contrary will the Oscar White Elm-trees spread their effulgent petals in contrast with the Spanish Dazov, while the native Casti will lie low in wait for an opportunity to insert its points into the unsuspecting tender foliage as the wanders forth in the gentle spring time to acquire the argentiferous glens and glittering aurum.

Mr. Clark is setting out apple-trees and otherwise beautifying his place. The Advocate is anxious to see everybody emulate his example. Nothing so justifies capital to invest as does a manifestation among people to remain. Where a town looks migratory and appears of a mushroom growth no one wants to invest. We say, and say it from practical experience, that nothing so looms a town in the estimation of strangers in the far west as does a manifestation among its people of contentment and a disposition to remain. Hillsborough is a permanent, lasting town and our people should show this by their improvement.
