HANGING JUST SUITS GENZ.

Admitted Killing His Sweetheart and Was Found Guilty.

Disappointed Because He Was Not Sentenced at Once.

The jury in the case of Paul Genz, on trial before Judge Lippincott, in the Hudson County Court, Jersey City, on the charge of murdering his sweetheart, Clara Arnheim, came into court at 9.30 o'clock this morning.

The case was given to the jury at 5.30 o'clock last evening. The verdict was "Guilty of murder in the first degree."

When the verdict was read, Genz said, "That suits me."

Then the murderer whispered to his counsel, and Lawyer Collins told the Court that Genz desired to be sentenced right away, and that he wanted to be hanged. Judge Lippincott would not sentence him and remanded him to the Hudson County Jail until May 20, when the sentence will be pronounced.

As Ganz was led from the court-room he said:

"Well, I have got my dose at last." He appeared cool and unconcerned.

Ever since he committed the murder he said he was guilty and wanted to be hanged. Prosecutor Winfield said it was a just verdict.

Ex-Mayor Collins said he didn't know whether he would appeal the case or not yet, and would have a talk with ex-Senator William Stuhl, of Hoboken, who was also assigned to defend the accused man.

It is more than probable, however, that there will be no appeal, and that Genz will be hanged on the date to be fixed by Judge Lippincott.

SHOT IN HER OWN WINDOW.

Mrs. Vandervoort Thinks Malice Sped the Flying Bullet.

Mrs. Elizabeth Vandervoort, who lives at 302 East One Hundred and Sixth street, was standing near a rear window of her home yesterday, when one of a party of several men on the roof of the six-story flat-house at the northeast corner of One Hundred and Fifth street and Second avenue fired a bullet from a pistol at the window. The bullet struck the woman in the left thigh and inflicted a severe flesh wound.

Mrs. Vandervoort is of the opinion the bullet was fired by a malicious person in the flat-house, with whom she admits she had a disagreement and afterwards a serious quarrel several days ago. The police of the East One Hundred and Fourth street station are of the opinion, however, that the shot was accidental, and was probably fired by some one shooting at a target, or a cat on the roof of the building.

The wounded woman was attended by Dr. Kellar, of 1702 Lexington avenue. He removed the bullet, and pronounced the injury a severe one.

Mrs. Vandervoort confided to several friends that she had a serious quarrel with several men in the building from which the shot was fired. At the time two men, both of whom are unknown to her, vowed to have vengeance. She is sure one of these men fired the bullet.

The case was not reported to the police until 11.30 o'clock last night, and two detectives were immediately detailed to investigate. Arrests of the two men who threatened Mrs. Vandervoort may follow.

HE IS JUDICIALLY DEAD.

Gov. Werts Must Set a Day for the Execution of Andrews.

BELVIDERE, May 8.—The case of wife murderer George Andrews, now in the County Jail here awaiting execution, resembles that of Dr. Buchanan.

Andrews was tried, found guilty and sentenced. His case was appealed from court to court until the United States Supreme Court rendered a decision adverse to him. Since that time Andrews has been in jail waiting for some one to name a date on which he shall be executed. The delayed execution still seems far away.

The reprieve last obtained was from Gov. Werts. The courts now refuse to resentence the man, and say the responsibility rests with the Governor. He was to be executed on a certain day between certain hours. He was not executed on that day because the Governor stayed the execution, and it is now held by the courts that so far as they are concerned their connection with the case is ended.

The Supreme Court Justice has been asked to sentence Andrews and refused. Prosecutor Stryker will now ask the Governor to set a new date for the execution.

BUCHANAN STILL SAFE.

He Will Not Die Until the Courts Take Some Action.

SING SING, N. Y., May 8.—The latest opinion given yesterday afternoon by Attorney-General Hancock in the Buchanan case has caused uneasiness to the condemned man and also to Warden Sage. Buchanan wrote a letter to his lawyers last night asking if it is likely he would be taken to New York and resentenced, in accordance with the suggestion made by the Attorney-General to District-Attorney Fellows.

Warden Sage said to-day he would certainly make no further move in the case of Buchanan until he received some kind of a regular order from the court. If he received a legal order to produce Buchanan for resentence he would probably comply with the order.

Lawyer Gibbons, leading counsel for Buchanan, said to-day that Buchanan could not legally be resentenced, as the case was now out of the hands of the New York State authorities and in the Federal courts. Mr. Gibbons declares he will prevent the execution of Buchanan if he is resentenced before the United States Court passes upon the case.

MAY NOT DIE, AFTER ALL.

Gottlieb Meyer Alive and His Wife Well Guarded.

Gottlieb Meyer, the tailor, who has put two bullets into his head behind his left ear, after trying to shoot his wife, Annie, has surprised the surgeons at St. Catherine's Hospital, Williamsburg. They now say he has a faint chance to recover, and they believe the bullets failed to pierce the brain.

Mrs. Annie Meyer was going about her household duties in the little kitchen of her apartments at 21 Lorimer street, this morning, and appeared to be wholly indifferent as to her husband's fate. She denied emphatically that there was any truth in her husband's charge that she had been intimate with a man named Reichling.

Mrs. Meyer keeps a chain fastened on the door of her apartments, and will only talk to visitors through a six-inch aperture.

ALLISON'S FIRST SENTENCE.

The New Judge Gives Thomas Nearly Five Years in Prison.

Judge Thomas Allison pronounced his first sentence in the Court of General Sessions, Part II., to-day. The prisoner was John Thomas, who was indicted for robbery in the first degree.

He was permitted to enter a plea of attempted grand larceny in the first degree. He had helped to rob Franz Hofgran on the night of April 27 in East Fourth street of a five-dollar gold piece and a silver watch.

In November, 1886, Thomas was sentenced to four years and ten months for burglary, and in 1893 to two years and eight months in the penitentiary for grand larceny.

Judge Allison to-day sentenced Thomas to four years and eight months in State Prison.

Immediately after Thomas was sentenced, John Francis Cramer, aged nineteen, of Waterbury, Conn., was arraigned for sentence on a charge of attempted grand larceny in the second degree.

Cramer had stolen three diamond rings, valued at $250, from Nathan Morris, of 22 Bowery, April 17. Because of his previous good character and the fact that the property had been restored, Judge Allison suspended sentence.

Court Wondered that Flint Lived.

Justice Cowing to-day sentenced Philip Flint, convicted of burglary in the second degree, to nine years in State prison. April 4 last Flint robbed the house at 322 Houston street. The owner, Joseph Rubacena, and Flint had a terrible fight, and Flint stabbed Rubacena. Rubacena's son Sigmund joined in the fight, but Flint got the best of it. Judge Cowing in sentencing Flint to-day said: "I cannot understand how such men as you ever reach the bar of justice—alive."

ROBBER JOHNSON ESCAPES.

Post-Office Bandit Eludes Officers at Salamanca, N. Y.

A despatch was received at the United States Marshal's office, Brooklyn, this morning announcing the escape, at Salamanca, N. Y., of Charles Johnson, from two deputy marshals who were taking him to Arkansas.

Johnson was arrested March 16 with his pal, "Big Frank" Sutton, at 24 St. John's place, Brooklyn. He is wanted for robbing more than fifty post-offices in the United States.

He was turned over to the United States authorities April 22, and was in the custody of Deputies Bigsby and Lewis, who started with him for Fort Smith yesterday, to stand trial for robbing the post-office at Eureka, Ark.

United States Marshal Hayden thinks Johnson escaped by jumping from the train while it was in motion. He has notified Attorney-General Olney of the affair.

Sutton is still in Raymond Street Jail. He is suspected of being one of the gang who broke into the post-office at Matteawan, N. Y., on the night of Feb. 6, and shot Watchman Schneider.

TAIT DECLARED INSANE.

Chemical Bank Paying-Teller Not Mentally Responsible.

John R. Tait, defaulting paying teller of the Chemical National Bank, who is under indictment by the Federal Grand Jury, has been declared insane. Tait was indicted in December for having converted to his use $15,000 of the bank's money. When called upon to plead to the indictment, his lawyer urged he was unfit mentally to do so, giving as his authority Dr. Carlos J. Miller, of Mount Kisco, and Dr. C. R. F. Green, of Peekskill.

The case was postponed without Tait being called to the bar. Since then Tait has been examined at his home in Mount Kisco by his family physician and two insanity experts, who have declared him to be insane. The physicians say his mental condition is due to overwork and continued mental strain, and that the malady has been growing on him for three years. Tait is at liberty in $10,000 bail.

The Federal Grand Jury yesterday made technical changes in the indictment against Tait, specifying the exact character of the embezzled funds as cash.

BOGUS PROCESS SERVER.

This One Forged Major Pilmley's Name to Excuse a Juror.

George Giltzow, of 320 East Forty-second street, the bogus process server, who, it is alleged, has victimized business men on the east side, and was captured last night by Policeman Hughes, was brought handcuffed to Yorkville Court this morning.

The complainant was Alfred D. Swart, a restaurant keeper of 747 Third avenue. He told Justice Deuel he believed Giltzow to be the man who swindled him out of $3 last Summer under representation that he was excused from jury duty in the City Court. Last night Giltzow called on Swart, and representing he was a summons server in the Commissioners of Jurors' Department, he demanded $5 to excuse him from serving as a juror.

Swart kept him in conversation until Policeman Hughes came along and had him arrested. The juror summons which the accused served on Swart purported to be signed by the Commissioner of Jurors. It was written "William B. Plimbley." The Commissioner spells his name without the letter "b."

Giltzow was held for further examination.

Highwaymen Get There First.

CALISTOGA, Cal., May 8.—Two masked robbers caught a stageload of San Franciscans on their way to Summer resorts of Lake County yesterday and stripped them of their valuables. The robbers secured about $1,500 from the passengers, and looted the Wells, Fargo treasure box as well, but what they got from it is not known.

Arrested a Crook.

Detectives Evanhoe and Valleley, of Police Headquarters, this morning arrested Eddie Meyers in Greene street. He had three bundles under his arm, supposed to be stolen goods. The police say Meyers is one of the best known crooks in the country, and has done time in a dozen prisons. In Jefferson Market Court the prisoner was remanded until to-morrow.

SERGT. O'TOOLE GOES FREE.

Justice Barrett Sustains the Demurrer to the Indictment.

No Evidence of a Corrupt Agreement With Dr. Whitehead.

Justice Barrett handed down a decision this morning, sustaining the demurrer made to the indictment against Sergt. William O'Toole.

The indictment charged that O'Toole had received a bribe from Dr. Newton Whitehead.

In his opinion Justice Barrett said:

"The agreement covered in the indictment was not to influence the defendant to official action. He had no official relations to the subject matter of the agreement.

"To constitute bribery under section 727, of the Penal Code, there must be a corrupt agreement or understanding to do or to omit to do some official act. Section 18 is broader and covers the receipt of the gratuities. But even here the gratuity must be received either to influence official action or discretion; that is, as a reward for the favorable exercise of some discretion vested in the officer.

"No discretion was here vested in the defendant with regard to Whitehead's bail or commitment or trial. The defendant's duty was to preserve the peace, prevent crime and arrest offenders. His duty and discretion closed when judicial duty and discretion commenced; except, of course, to hold his prisoner, when so required.

"In the present instance, he made no agreement to exercise in Whitehead's favor any discretion conferred on him within the lines of his prescribed duties. The agreement may have been reprehensible in view of his official position, but it was not criminal within either section 72 or section 48 of the Penal Code. The demurrer must therefore be sustained."

Assistant District-Attorney Battle said this afternoon that the District-Attorney would not take an appeal from Justice Barrett's decision in the O'Toole case, although in his opinion it was directly opposed to several decisions by Justice Ingraham, rendered in similar cases.

He added that the decision will not affect the case against Detective-Sergt. Frink, who was indicted jointly with O'Toole, as the circumstances in the two cases are quite different.

POLICEMEN ON TRIAL.

The New Commissioners Sit on Delinquents for the First Time.

Theodore Roosevelt, the millionaire President of Mayor Strong's new Police Board, sat beside Commissioner Andrews, the trial judge over the inquiry into the conduct of delinquent policemen, when the proceedings opened at Police Headquarters this morning.

Col. Grant came in immediately after and sat beside President Roosevelt. The court room was crowded with roundsmen and sergeants, the complainants against patrolmen, who were also numerous.

Several trivial cases were disposed of, and then Policeman Williamson, of the West Thirty-seventh street station, was arraigned charged with permitting Francis Murray, a prisoner arrested for robbery, to escape from Jefferson Market Court last week. Failing to get at the facts, the case was put over until next Friday.

Policeman Joseph Fynn, of the Charles street station, was accused of being in a saloon while in uniform on the morning of April 27. Decision reserved.

WAS THE CENSUS PADDED?

Some Republicans Who Doubt Its Accuracy in Certain Districts.

The census recently completed by the police is condemned as inaccurate by some Republicans who profess to have facts and figures to prove it. It is charged that the police have attempted to repeat what Republican leaders are pleased to term the census outrage of 1892, by subtracting from the actual population in Republican districts and adding to the population in Democratic strongholds. The object, it is alleged, is to make it possible to engineer fraud by piling illegal votes in this hope of returning Tammany Hall to power at the next election.

One of the glaring inaccuracies pointed out is that the late census shows an increase in the Twenty-seventh Assembly District of less than 11,000, while the vote for the same period of time has increased over 20 per cent. On the other hand, in some of the downtown Democratic strongholds, according to the Republican statisticians, the increase in the population is entirely inconsistent with the percentage of voters as shown by the last election.

An effort, it is believed, will be made to have an entire new census taken.

Drugged and Then Robbed.

Joseph and Mary Tyler, both colored, of 546 West Thirty-sixth street, were held for trial in Jefferson Market Court to-day for examination on the charge of giving "knockout drops" to and robbing Patrick O'Neill, a coal shoveller, of 617 West Forty-ninth street. He said he had a drink with Tyler in a saloon Monday night and remembered nothing more until the next morning, when he found himself in the Tylers' rooms, minus $2, all the money he had.

TO ROW AT POUGHKEEPSIE.

Cornell's Deciding Vote Gives the Hudson the Triangular Race.

ITHACA, N. Y., May 8.—Commodore Hastings, of the Cornell Navy, stated this morning that he had at last decided in favor of holding the triangular boat race between Columbia, the University of Pennsylvania and Cornell at Poughkeepsie.

Columbia favored the Hudson and Pennsylvania the Delaware River course at Torresdale, and the matter was left with Cornell to decide, with the result as above stated.

ANDREW FREEDMAN SUED.

The Wassermans Claim that He Owes Them $11,483.

President Andrew Freedman, of the New York Baseball Club, is being sued in the Supreme Court by Jesse and Edward Wasserman, to recover $11,483, an alleged balance arising out of stock and grain transactions in Chicago in 1885 and 1886.

The Wassermans also claim that they advanced considerable sums of money to Freedman.

Freedman, through his counsel, admits that he had dealings with the Wassermans about ten years ago, but says he was under the impression that the matter was closed up.

Justice Ingraham granted an order to compel the Wassermans to furnish a bill of particulars setting forth in detail their transactions with Freedman.

SUIT FOR LOTTERY MONEY.

It Revives the Old Days of the Louisiana State Concern.

Judge Wheeler, in the United States Circuit Court, to-day heard a demurrer in the case of Harry F. Watson, of East Orange, N. J., as the administrator of the estate of James S. Watson, of Bergen County, N. J., against Charles H. Murray, John A. Morris and Zachariah E. Simmons.

The action seeks an accounting of the affairs of the Louisiana State Lottery Company. The complainant claims that about $400,000 is due in the estate of James S. Watson. The original action was not brought until twenty-two years after the death of Watson, which took place on June 1, 1872.

The allegation on behalf of the complainant is that Watson, before his death, was a member of the firm of C. H. Murray & Co., whose business was the operating of lotteries in the United States.

The firm was owner of the franchises and property interests known as lottery grants of the Louisiana State Lottery. Watson died, and others interested were, it is claimed, completely ignored by Charles H. Murray, John A. Morris and Zachariah E. Simmons, all of whom reside in this city.

For the defence there is a denial that Watson ever was a stockholder in the Louisiana State Lottery Company; that there was ever any conspiracy to defraud the heirs of members of the firm, and that consequently they are used to render the accounting demanded. In the demurrers it is pointed out that the complainant is a foreign administrator, that all the partners of C. H. Murray & Co. are not made parties to the bill of complaint, that the subject of the suit is the conduct of profits arising out of a lottery business against the public policy of the United States, and that the claims of the complainant are outlawed, and have been wholly abandoned and lost by laches.

Mr. Wills, for Murray, argued that the complainant was a foreign administrator, not having taken out letters of administration for the State of New York. This was the only point put forward, and on this ground His Honor sustained the demurrers and dismissed the bill of complaint.

To-day was the second day of the Chester meeting. The Chester Cup event is a handicap of 2,000 sovereigns, of which 200 sovereigns are in plate, added to a sweepstakes of 25 sovereigns each, for three-year-olds and upward.

CALLED BY THE JOCKEY CLUB

Starter Fitzgerald, of St. Asaph, Leaves Washington To-Day.

(Special to The Evening World.)

WASHINGTON, May 8.—Chris Fitzgerald, who has been starter at the meeting of the Virginia Jockey Club since the opening day on March 18, left for New York this morning.

Before leaving he stated that he had been called by the Jockey Club, and this is taken as an evidence that the parent body is decidedly displeased at the crooked racing that has been permitted to flourish at the pretty Virginia race course.

It is reported here that the Jockey Club will revoke the license of the St. Asaph Association before the meeting ends.

John C. Carr, one of the stockholders of the Association, will handle the flag until a successor to Mr. Fitzgerald is chosen.

MUNYON'S REMEDIES

Make Permanent Cures Where Physicians Fail.

Doctors Said Mr. O'Neil Was Incurable.

Mr. Thomas O'Neil, Fireman at Sailors' Snug Harbor, Staten Island, says: "Last Fall I was laid up with Sciatic Rheumatism. I was treated by four doctors, with every remedy known to medical science, even electricity, but they finally gave me up, saying my leg would always be paralyzed. At this time I was urged to try Munyon's Rheumatism Cure. Its effect was wonderful. I found entire relief from pain after a few doses, and, by continuing the pellets, was completely cured. I can use my limbs as well as ever, and my friends look upon my recovery as nearly a miracle."
