

MORE MILLIONS OF AMERICAN GOLD SHIPPED FOR EUROPEAN WAR NEEDS

MORE GOLD SENT OUT AND WAR RISK SENDS RATES UP

Two Ships From This Port To-Day Carrying \$13,000,000 to Europe. \$23,000,000 IS SHIPPED. But We Can Stand Drain, Secretary McAdoo Says—Wheat Prices Soar.

Thirteen millions more of American gold will be shipped out of New York on the steamers Carmania and La Savoie today, to be rushed to Europe, where the imminence of war has created a tremendous demand for the yellow metal.

Insurance rates on gold shipments have more than doubled since yesterday, and, in some cases, underwriters are refusing to quote any rates at all except on gold shipped in American bottoms.

The rate for the shipments that go out to-day on the Carmania and Savoie are \$1,250 per million, and there is some doubt as to whether the whole shipment will be covered at that high premium.

Gold is contraband of war, and should Germany become involved in war before the Kronprinzessin Cecilie reaches her port she will turn around and make for New York again as fast as her engines will carry her, lest her cargo of treasure be seized by the ships of nations with whom Germany might be at war.

Despite the huge exports of gold, the Treasury Department is not at all concerned, according to despatches from Washington.

Secretary of the Treasury McAdoo said to-day that the Government is prepared to take care of every demand made upon it for gold intended for exportation to foreign countries. He said that there is absolutely no reason why any alarm should be felt over the situation, as there is enough gold on hand to take care of all demands that may be made upon the supply.

According to the figures given out at the Treasury Department to-day there are now stored in the vaults of the United States Treasury \$1,200,000,000 in gold. In addition there is \$600,000,000 more of gold coin in circulation. It is not unlikely that inroads will be made upon the supply of gold in the Treasury as the war situation in Europe assumes a more serious phase.

But Treasury officials say that even should the amount exported be increased three fold within the next week or month, there still will be a sufficient amount remaining in the treasury to take care of every demand of the Government without impairing its credit in the least.

Because of the exhaustion of the supply of gold bars at the Sub-Treasury on Monday, all the gold bargained yesterday was in the form of coin. The foreign exchange market was completely demoralized and the leading banking houses again declined to issue their usual tables of tabulated quotations.

WHAT MOBILIZE ORDER MEANS IN MILITARY NATIONS

Soldiers Take Charge of All Utilities and All Reservists Rush to Arms.

The term "mobilization" means something very different from the comparatively leisurely process for which the word is known to Americans—the gathering of militia regiments at their armories and the transfer of regulars and militia to mobilization camps for training and movement to the field.

When a mobilization is ordered in a thoroughly militarized country, as former German soldiers now in this country describe the movement, the country goes under martial law. All transportation lines, even though privately owned, are immediately transferred to military control.

There is no formality of getting tickets and passes. Only soldiers may ride and they ride free in the direction which duty takes them. All freight traffic is suspended; all passenger schedules are abandoned. The Government wants men, in masses, quickly. Parlor cars and sleeping cars are no more privileged against the reservists than workmen's gondolas.

IS A CONTRACTOR AN EMPLOYEE? PUZZLES BOARD

Widow Demands Compensation for Death of Husband by Fall.

Is a contractor an employee? This question is being considered by the State Workmen's Compensation Commission and should its ruling, to be made next Monday, be an affirmative one the scope of the Compensation Law will be greatly widened.

The point arose at to-day's hearing by the Commission, when Mrs. Mary Rheinwald of No. 1025 Tinton avenue, the Bronx, applied for compensation from the Builders' Brick & Supply Company for the death of her husband, Robert Rheinwald, who was killed on July 1 while painting a sign on one of the company's buildings.

Here to Care for German Securities John Meyer of Berlin, who came on the Kronprinz Wilhelm to-day, told several of the passengers that his mission to this country was to see, if possible, the drop in German securities. He said he could not conceive that Europe would be drawn into a general war over the Austrian-Servian matter.

GENERAL EUROPEAN WAR FORETOLD LAST WINTER BY MME. THEBES

PARIS, July 29.—The European war situation was foretold last winter by Mme. Thebes, world famous seer, in the following words: RUSSIA—Will bring order out of disorder in the Balkans, unless German intrigue causes the Russian power to topple. St. Petersburg's greatest enemy is Berlin.

GERMANY—What I see fills me with fear. The Kaiser's future looks dark and foreboding. In the South, many victims of riots and war.

AUSTRIA—Unhappy country! In Vienna, riots, fire and blood! The country will pass through dark days—grave conflicts, financial embarrassments, street fighting and worse still. Open hostilities between the Slavs and the Germans is approaching.

ENGLAND—War at home and war outside, with a revolution or something approaching it over Ireland.

Mme. Thebes's predictions regarding France made no mention of war, the whole condition of the country being summed up in the prediction that it would be a "happy year for France." Mme. Thebes claims to have predicted the assassination of Archduke Franz Ferdinand, when she wrote regarding Austria: "Who thinks he will reign, will not reign and a young man who was not to have reigned will reign."

CARRANZA AGREES WITH CARBAJAL ON BASIS FOR PEACE

Amnesty for All Except Those Directly Responsible for Madero's Death.

WASHINGTON, July 29.—Gen. Carranza and Provisional President Carbajal have agreed on a basis for the arrangement of peace in Mexico, according to a message received here to-day by Jose Castellot, personal representative of Carbajal. Mr. Castellot showed Secretary Bryan his latest advices from Mexico City, which stated that Gen. Villar and Justice Allende, Carbajal's two delegates to Carranza, have been instructed to carry out in detail the general basis of peace "already agreed upon."

With respect to amnesty and guarantees, Gen. Carranza, it is understood, will promise immunity to all except those directly responsible for the overthrow of Madero. Practically all those said to be guilty have fled Mexico, and that exception will not be opposed by the Carbajal Government. It is expected that within a few days the Carbajal delegation will have worked out the details of an agreement. An agreement whereby Zapata's forces are to co-operate with the Constitutionalists in restoring peace throughout Mexico has been arranged by delegates at Vera Cruz and now requires only the signatures of Carranza and Zapata before being made public. A definite idea of Gen. Villa's intentions is expected soon.

BUSINESS MEN ARE CHEERED BY WILSON'S STAND

At White House They Hear His Argument for Trust Bills and Expected Effect.

WASHINGTON, July 29.—President Wilson held another conference to-day on business conditions and the pending trust bills with a delegation of business men representing varied interests throughout the country. A delegation of wholesalers presented a brief opposing the "one price" and "exclusive agency" features of the Clayton bill and several sections of the Trade Commission bill. They told Mr. Wilson that they approved of the pending legislation in a general way and thought it necessary to prevent unfair competition, but feared some of its features would seriously interfere with business organizations operated on a small scale.

For more than half an hour the President and the business men had a detailed discussion. Mr. Wilson explained his view of the purposes of the legislation and afterward the leaders of the delegation said they were greatly encouraged by his attitude. Hugh Chalmers of Detroit told the President he believed the greatest trouble with business was uncertainty, and he believed the trust bills should be passed as quickly as possible. Business had been bad for the last few months, he said, but he looked for great improvement as soon as the trust bills were out of the way and the Interstate Commerce Commission gives its decision on the freight rate increases.

TOOK TWO NIECES AWAY.

Woman Held for Kidnapping Her Brother's Children.

Distraught with loneliness over losing her brother's two little girls, for whom she had cared for seven years until he married again, Miss Anna Powell of Cedarhurst, L. I., kidnapped them from the brother's home in Lakewood, a suburb of Passaic, N. J., and as a result was to-day charged with kidnapping and released on bail. After one unsuccessful attempt to get the children, Miss Powell went to Lakewood on Monday last and with the aid of a child she brought with her succeeded in enticing the daughters of her brother Thomas—Anna and Sarah—who are twelve and fourteen years old, respectively, to the railway station. There she took them aboard a train for Passaic, where she alighted and was by motor car to Cedarhurst. Powell, aided by the police, located the children at Miss Powell's home in Cedarhurst and to-day took them home again. Miss Powell said that the children wanted to go with her, but a stipulator of their father contradicted her, saying that she had had to hustle them on the train to get them to go.

City Has Been Divided Into Nine Districts, Each With a Headquarters.

Police Commissioner Woods announced to-day that he had appropriations in hand enabling him to put in effect Aug. 1 a sub-division of the Detective Bureau into districts, with branch headquarters throughout the city. In this way the Commissioner said it would be possible to have men particularly familiar with various districts always within reach and at the same time the unity of the bureau would be maintained by continuing the daily line-up of criminals and suspected criminals at Police Headquarters.
