## MINEOLA HANDICAP IS WON BY AUDACIOUS AT 7 TO 5

Son of Star Shoot Wins Feature at Belmont Race Track by a Length.

By Vincent Treanor.

RACE TRACK, BELMONT PARK, June 1.—The Mineola Handicap, intended to serve as a suburban handicap preliminary, and several other good races were offered at Belmont Park to-day, but they attracted a comparative few, and the big stand appeared almost empty when the field was summoned for the first race. Among the early withdrawals from the Mineola were Pen Rose and Inverman, so that interest centered on Eternal with Audacious and the Hancock pair, Dominique and Thunderclap second in demand. The track continued lightning fast.

The opener went to Beverly Belle after she had shown the way from the good start, followed first by Dove's Hoop and later by Friar's Rush. Through the final eighth Dick Deadeyes came fast under urging and got up to take second honors from the tiring Friar's Rush, who swerved toward the outer rail through the final sixteenth. The favorite Blackstone was away poorly under Ide's handling and was never a factor in the running.

The steeplechase developed into a flacco. After Fair Mac, the favorite, had been subjected to repeated interference and crowded off the course so that he went outside one of the beacons on the upper turn, he fought his way to the head and finally drew away handsly to finish first. Reddest finished second and Ormead third. After long deliberation the steeplechase stewards decided that the race ought to go to Reddest despite the fact that he and his stable-mate had been responsible for Fair Mac's misfortune. The latter was pounced the best and would have won by many lengths without interference. Long

## FIRE INSURANCE FUNDS USED TO GAMBLE IN STOCKS; STATE ALLOWS "THE SKY AS LIMIT"

Mr. Undermyer Brings Out That Officers of Companies Hunt Wall Street.

Reserves of Life Companies Carefully Guarded by Law—Sprinkler Scandal Touched.

Officers of fire insurance companies depend for profits for their stockholders more upon playing the stock market in Wall Street with their reserve funds (presumably trust funds protecting the policyholder against fire losses) than upon scientific operation as straight fire insurance agencies, Samuel Undermyer charged before the Lockwood Committee on Housing to-day, pursuing the inquiry into the effect of insurance conditions on building costs and rentals.

Testimony was given that the freedom of investment when this State allows to fire insurance companies was used by them to buy and sell "highly speculative securities" industrial stocks, oil stocks and holding companies owning real estate—though real estate investments are specifically forbidden to life insurance companies. The sky is the limit," said Mr. Undermyer.

The companies are "in and out of the market, day by day, all through the year," witnesses said, buying and selling stocks as their values fluctuate in the Wall Street quotations.

Samuel Deutchberger, Chief Engineer of fire companies in the department engaged in verifying and appraising the security possessions of the companies, was called as a witness.

"Isn't it true that the holdings of fire insurance companies are miscellaneous stocks and industrial securities?" asked Mr. Undermyer.

"Yes," said Mr. Deutchberger.

"Are they not speculative securities of a character in which a trustee in this state is forbidden by law to invest? A. That is so.

(Mr. Deutchberger seemed a bit out of sympathy with Mr. Undermyer's line of investigation and counsel's tone reflected displeasure with the tone of the replies.)

Q. Isn't the sky the limit in the limitation on fire insurance company investments? A. I don't like to say that. There are restrictions.

Q. Some restrictions? What are they? A. They are limited to the securities of solvent corporations.

Q. And do you call that less than

## MARTIAL LAW IS DECLARED AND TROOPS ARE RUSHED IN TO SAVE WHITES AND NEGROES

White Residence Sections of City Saved From the Flames After All Night and Morning Shootings—Airplanes, Autos and Guns Used.

TULSA, Okla., June 1 (4.40 P. M. Bulletin).—Major Charles W. Daley of the police force this afternoon estimated the number of dead from the race clash here at 175.

He said he believed a number of negroes had been burned to death when their homes were swept by fire.

OKLAHOMA CITY, Okla., June 1.—Seventy-five persons, whites and negroes, have been killed in the race outbreak in Tulsa, according to an earlier telephone message to Gov. Robertson from the Chief of Police at Tulsa.

Martial law in all Tulsa County was ordered by Gov. Robertson at 11.15 A. M. to-day and Adj. Gen. Barrett was placed in command of the city. The order was given over the long-distance telephone after a talk with the General, who said it was impossible for the Fire Department to enter the negro section and that the flames were raging there with no successful effort toward getting them under control.

TULSA, Okla., June 1.—Nearly ten blocks of the negro section of Tulsa, where an armed conflict has been in progress between white men and negroes since early last night, resulting in the reported death of at least six whites and fifty negroes and a rapidly increasing list of wounded, were in flames to-day. At noon it was believed the white residential section would be saved.

At noon 2,000 negroes had been gathered at Convention Hall under guard. It was filled, as was also the police station. The remainder of those gathered up are being taken to the Baseball Park, all under armed guard.

A military commission composed of seven city officials and business men to pass upon the status of 6,000 negroes held under guard in improvised prison camps was formed by Mayor T. D. Evans and Chief of Police Gustafson, with the approval of Gen. Barrett.

As soon as it was dawn this morning firing came from a spot where throughout the early morning hours 500 white men and 1,000 negroes faced each other across railroad tracks.

First reports to Police Headquarters said that the bodies of from six to ten negroes could be seen lying in a space described as "No Man's Land."

The police also had a report that three railway switchmen and a brakeman had been shot to death.

The trainmen were killed, it was reported, because they refused to permit members of the opposing crowds to ride upon a switch engine passing between the lines. The engineer was reported to have escaped.

Two white men killed in the riot were Carl D. Lotreich, twenty-three, Randall, Kan., shot through the breast, and F. M. Baker, Havellin, Kan., twenty-seven, shot in the back with buckshot. The body of another was later identified as Walter Baggs, twenty-seven, of Tulsa. His parents live at Leroy, N. Y. A twenty-year-old white boy named Olson was killed at the railroad station.

In a fresh outbreak at 7.30 o'clock in the Standpipe Hill District, in the extreme northern end of the negro quarter, Mrs. S. A. Gilmore, a white woman, was shot in the left arm and side. Mrs. Gilmore was standing on the front porch of her home when she was shot by a negro, one of a score or more barricaded in a church.

Occupants of the last car to go through the negro district this morning reported that fully 1,000 armed negroes were still to be seen.

Soon after the first appearance of the negroes last night the streets were filled with shouting, gesticulating men. Suddenly there was a rush for sporting goods houses and hardware stores, where the crowds broke in and armed themselves with whatever weapons they could find. Guardsmen were used to disperse the rioters at the stores, and a military order confiscated all stocks of arms in the city until the disturbance could be put down.

The trouble is reported to have been the result of the arrest late yesterday of Dick Rowland, negro, for an alleged assault on an orphan girl.

The attempt to destroy the negro quarter by fire was resumed five hours later when almost simultaneously the doors and windows of frames threatened to destroy the locality.

Two houses at Archer and Houston, were set afire at that time and an alarm was turned in. Efforts of the Fire Department to lay hose-

## HUMORIST WINNER OF ENGLISH DERBY AT EPSOM DOWNS

Viscount Astor's Craig an Era Is Second and Lemonora Is Third.

EPSOM DOWNS, England, June 1 (Associated Press).—To-day's Derby, considered by racing men one of the most open turf events in recent years, was won by J. B. Joel's Humorist, who had been heavily backed at prices ranging from 12 to 1 against the starting price of 5 to 1 against. The time of the race was 2 minutes 45 seconds.

Humorist was closely pressed by Viscount Astor's Craig-an-Era and got home only by a neck ahead of that horse.

Joseph Watson's Lemonora, in third place, was three lengths behind Craig-an-Era, while the favorite, Alan Brock, owned by Sir J. Buchanan, was fourth.

There was a false start before the horses got away, and it was 3.10 o'clock before they were off.

Hobbsman, an American horse owned by A. K. Macomber, was among the "also rans."

Although the racing of the day did not begin until 1.30 o'clock the course was already crowded by 10 A. M., thousands of people having spent the night in towns near Epsom, and some to the Downs early in the morning. Others who started from London at daybreak found the roads jammed with traffic, which at noon, the giant ship II-33, one of the aircraft watching the congestion from overhead, had completely blocked all travel at Epsell. The police then started to divert the throngs of motorists by other roads. The attendance was estimated at 500,000.

The unusually heavy road traffic was due to the fact that on account of the coal strike there were no special trains—a thing which had not happened since 1838, when the first trains ran to Epsom.

King George, Queen Mary, the Prince of Wales and other members of the royal family attended the races.

The winner of to-day's classic finished third in the 2,000 guineas race in April, which was won by Craig-an-Era. In this race, Lemonora finished second.
