Birthday Party

New Orleans factory to New York, to make here the delicious Fuerst & Kraemer Homemade Confections, famous in New Orleans and all over the Southland.

There will be a special department for these New Orleans candies, also a special department for a line of beautiful pure sugar dainties made expressly for the kiddies and the nursery. Another department for Chocolates, another for Nut Meats and another for Fruit Candies, Glace Fruits, etc.

We list below a few—a very few—of the candies offered in this new store today. These candies tell their own story of goodness and purity. We invite all who are interested to see a real step forward in candy service and candy value to come to our Birthday Party today.

Back to Fair Prices!

Government investigation shows there is no real sugar shortage. Speculators and profiteers are temporarily in control.

This control is dishonest and the government and other agencies are at work to break it down.

Pure candy has great food value and has become a real need of the people. Unfortunately it has also come in for its share of profiteering.

The opening of the United Retail Candy Stores marks a decided step toward the elimination of this profiteering in candy. We pledge ourselves to lead the procession back to fair prices.
