FILES ITS SCHEDULE ON
CORPSES FOR SEASON

WASHINGTON, May 23.—Here is the text of a tariff schedule filed with the interstate commerce commission by one of the big express companies:

"Corpses to Hongkong, China, when properly embalmed and enclosed in hermetically sealed caskets and accompanied by the usual transit permits, will be accepted for shipment from San Francisco to Hongkong at following rates, the charges to be prepaid: Corpse of white person, \$230; corpse of Chinese dead less than one year, \$55; corpse of Chinese dead over one year, \$35."

The commission is now making an inquiry into the operation of express companies.

Compare My 25
Per Cent Discount

On jewelry, watches and clocks with others 33 1-3 per cent discount and you will find my offer to be much the better—for the reason that my prices have ALWAYS been from 25 to 100 per cent lower than the prices made by my competitors. I sell goods at "city" prices and my goods are plainly marked. Heretofore you have been compelled to pay "desert" and "boom" prices in Tonopah. For the past five years, as you all know, the price of jewelry has been much lower in Goldfield than in Tonopah. I made those prices and now I am here with the same prices. Remember, I give 25 per cent discount on figures that were already very low.

POSTAL SAVINGS
BOND WILL BE
ISSUED JULY 1

ISSUE WILL BE IN DENOMINA-
TIONS OF FROM \$20 TO \$500
AT RATE OF 2½ PER CENT.

Postmaster Wesley Stewart is in receipt of the following communication from the postmaster-general in regard to bonds of the postal savings banks, which will be of interest to the public:

May 12, 1911.

"Postmaster, Tonopah, Nevada.

"Sir:—You are authorized to make public announcement to the effect that postal savings bonds will be available for purchase by depositors of the postal savings system on July 1, 1911, in denominations of \$20, \$100 and \$500. Your attention is invited to sections 40, 41 and 42 of the instructions to postmasters and to paragraphs 33 to 37, inclusive, of form PS. 4, which contain information as to the terms of these bonds and the procedure to be observed in converting postal savings deposits to their purchase. As stated therein, postal savings bonds bear interest at the rate of 2½ per cent per annum, payable semi-annually, and are exempt from taxation in any form by the United States or by any state, municipal or local authority.

"Postal savings bonds can only be procured by the conversion of postal savings deposits and will not be issued to persons who are not depositors, but they may be sold and assigned by a depositor at any time to any person desired.

"The bonds will be issued in both registered and coupon form, and applications by depositors on form PS. 309 must indicate which form is desired.

"Coupon bonds are preferable for a depositor who intends to hold them for a short time only and who has ample facilities for their safekeeping. These bonds are payable to bearer and the title will pass by delivery without endorsement. In case of their loss the government does not undertake to protect the owner against the wrongful holder, but recognizes the bearer only. Interest on coupon bonds is collected by means of interest coupons, which are detached by the holder as they become due.

"Registered bonds are preferable for persons intending to hold them for a considerable period, and they differ from coupon bonds in the following respects:

(1) They have inscribed upon their face the names of the persons to whom they are issued.

(2) They are payable only to the persons to whom issued, or their assigns.

(3) The ownership of registered bonds can be transferred only by assignment in proper form.

"Registered bonds are assigned by the use of forms printed on their backs. A ledger account is opened in the treasury department at Washington with each holder of one or more registered bonds, and payment on bonds that have been lost or stolen may be stopped by notifying the secretary of the treasury (division of loans and currency) at Washington. When reg-

istered bonds are assigned they should be transmitted by the new owner to the secretary of the treasury (division of loans and currency) for transfer on the books of the department.

"Interest on registered bonds is paid by checks drawn at the treasury department in favor of the registered holder. These checks will be sent by mail to the postoffice address of the holder, and the holder of a registered bond should notify the secretary of the treasury (division of loans and currency) of any change in his postoffice address at least fifteen days before the interest falls due. Checks for interest on registered bonds, as well as interest coupons detached from coupon bonds, are payable on presentation at the United States treasury, or at the office of any assistant treasurer of the United States. Interest checks and coupons covering interest on postal savings bonds may be cashed by postmasters under the same conditions as other government paper.

"Your attention is invited to the fact that all applications by depositors for the purchase of postal savings bonds under date of July 1 must be made prior to June 15. Applications should be forwarded at as early a date as practicable. A supply of the depositors' application form (PS. 309) has been mailed to you under separate cover.

"Very truly yours, for the postmaster-general,

T. L. WEED,
Chief Clerk."

HUSBAND'S TRIUMPH.

After ten years he returned, foot-
sore and weary. His wife met him
at the door.

"I thought you were dead," she
told him.

"You should have known better
than that," he said. "Do you re-
member that last piece of net I
tried to match for you? You scold-
ed me because there was a differ-
ence of an eighth of an inch in
the width of the folds, and I vowed
that I would never again return
from matching anything for you
until I had found the exact thing
you wanted." He handed her a
package.

"Here is that old-rose binding
braid that you told me to buy.
I found it last Monday in Billings,
Mont. I have looked for it in 37
states."

She tore off the wrappings.
"It is a little too dark," she
said.

"But the sample has faded some
in ten years," he reminded her.

"It is a little too heavy, besides."

"But handling by thousands of
clerks has worn the sample away.
It was heavier when I started out."

"I suppose I can make it do," she
said.

MAN IS CAUGHT AND
SAID TO BE MURDERER

PHOENIX, May 20.—Word comes
from Florence of the arrest of Jack
Monroe, an ex-convict, in the hills
near Ray. He was shot in the
breast and is undoubtedly the man
who killed E.L. Drew early this
week while attempting to hold up
a saloon in a suburb of Ray.

Monroe was weak and sick from
loss of blood, but will undoubtedly
recover. He was caught through
an inquiry at a cabin for a friend.
He says he was across the street
from the saloon when the holdup
occurred and was shot by the fugi-
tive murderer. Others say the
fugitive did no shooting after
leaving the saloon.

ANOTHER WHIRL?

LONDON, May 24.—It is report-
ed that Portuguese residents of
London late yesterday received ad-
vice of a counter revolution against
the republican government. It is
said an outbreak is likely at any
moment at Lisbon and Oporto.
