Calhoun's Card.

General Calhoun published in the Washington *Union* of the 18th inst. a stateman in reference to the Deleware Crossing returns, about which so much has been said in Kansas and the States. We give below the material part of it. It will be seen that the position occupied by Mr. Calhoun is a very fair one. Indeed, it is the only proper course for him to pursue:

On the 13th of January, the day before I opened the returns of the Kansas elections for and under the constitution. I was called upon by several gentlemen from Lawrence, headed by Doctor or Governor Robison, and asked if I would be governed, in determining the result of the election in Leavenworth County, by the sworn statement of one of the judges of election at the precinct known as the "Delaware Crossing." I replied, no; that I could not and would not go behind the election returns. It was then stated that the question was as to the legality of returns; and fraud was charged, on what information I did not learn, upon the ground that the returns sent to me were not the true returns as approved and signed by the judges of election. To give the full opportunity of submitting testimony as to the legality of the returns, I told the gentlemen that, as the Legislature would have no duties to perform until after the decision of the question of admission, there could be no necessity for the immediate issuance of certificates of election in that or any other case, and that the difficulty which they suggested could, in the mean time, be fully investigated.

This statement I made the next day; in the presence of the gentlemen who were present at the opening of the returns. I also authorized Governor Denver to state that if the judges of election would furnish me, under oath, a statement that the return made was false and fraudulent, I would treat such statement as a correct return, and be governed by it in giving certificates of election. I knew nothing of the Delaware Crossing returns, only that public remor had given to the Democratic party a majority at that precinct of some three or four hundred. I supposed the returns from that precinct were in my office, and was undeceived only when all the returns were opened and they were not found. These returns were of great importance, as they determined not only the political complexion of Leavenworth County, but of both branches of the Legislature. As they stood at the opening of the returns, without the Delaware Crossing vote, the Republicans had a majority in Leavenworth County, and, consequently, a majority of both branches in the Legislature.

In order to ascertain the truth, I sent a messenger to that precinct to see the judges of election and learn the facts as to the charge of fraud in the return.—In the mean time, the sealed returns from that precinct were put into my hands by Mr. Diefendorf, one of the commissioners for Leavenworth County, and on the same day that the messenger returned from Delaware Crossing Precinct. I received the returns and the messenger's report at Weston, Missouri, on the 21st day of January. The messenger brought to me the following sworn statements of the judges and clerks of the precinct in question:

TERRITORY OF KANSAS, }
County of Leavenworth. }

The undersigned, judges and clerks of the election held for State officers and members of the State Legislature, held at the precinct known as Delaware Agency, on the 4th day of January, A. D. 1858, do hereby certify that the returns made by us of said election were correct and genuine, and that any statement made by any person as to the vote of said precinct can only be determined, as to its truth or falsity, by a reference to said returns made by us as managers and clerks of said election at said precinct.

ISAAC MUNDAY, }
THEODORE F. GARRETT, } Judges.
JAMES C. GRINTER, }
W. C. WILSON, }
JAMES FINDLAY, } Clerks.

TERRITORY OF KANSAS, }
County of Johnson. }

Before me, Samuel Salters, an acting Justice of the Peace and for the County and Territory aforesaid, personally appeared Isaac Munday, Theodore F. Garrett, James C. Grinter, Wm. C. Wilson, and James Findlay, who, being sworn, deposeth and saith that the foregoing statement is true, to the best of their knowledge and belief.

TERRITORY OF KANSAS, }
County of Johnson. }

Before me, Samuel Salters, personally appeared Theodore F. Garrett, who, being sworn, says that on the 11th day of January he was arrested in Leavenworth County, under, as it was said, a warrant, and taken to Lawrence, by an armed party of ten or eleven, and, while he was under arrest, a proposition was made to him to make a new poll-book, (by some one of the Free-State party in Lawrence, and, he thinks, by a man named Ewing.) which poll-book should be made out so that General Calhoun would receive it, which deponent, being in durance, told him or them he supposed would be all right.

THEODORE F. GARRETT.

Sworn to and subscribed before me this 18th day of January, 1858. SAMUEL M. SALTERS, J. P.

These depositions impressed my mind fully that the returns placed that day in my hands were true. I entertained no particle of doubt about the result, when, in the presence of Colonel Starks and others, I opened the returns and found a majority of three hundred and seventy-nine votes for the Democratic party. I concluded, as a matter of course, that the depositions of the judges and clerks were made with a full knowledge of the contents of the returns, then, for the first time, in my possession. The returns, together with the depositions of the judges and clerks, I sent to my office at Lecompton, by Mr. Brooks, one of the clerks in the Surveyor General's office. I am informed, in a letter from Mr. Brooks, that he placed them in the hands of General Maclean, chief clerk in the Surveyor General's office, on the 27th day of January. I at once said to my friends; and others who approached me on the subject, that the Democratic party had a majority in the Legislature, and authorized the publication of such a statement. I came to Washington with no particle of doubt on my mind as to the result. On Saturday night, after my arrival in Washington, I called to pay my respects to an old friend, Judge Douglas, and before leaving, he placed in my hands a paper he had just received from Kansas. This paper contained what purported to be the depositions of the judges of election for the precinct of Delaware Crossing; and in which the judges deposed that there were but *forty-three* votes polled at that precinct.

I could not act, or form my opinion upon a newspaper publication; but I immediately informed my friends that if the statement so made should prove true, they must inevitably control my action. I have received and opened a return from the Delaware Crossing precinct, which gives to the Democratic party a majority of three hundred and seventy-nine votes, and would thus secure a majority to the Democratic Legislative ticket of Leavenworth County, and a majority on joint ballot in the Legislature under the Constitution. If the judges of election at that precinct furnish to me, as I informed Governor Denver, before leaving Kansas, a reliable and sworn statement that but forty-three votes were polled there, I should make myself a party to the fraud if I declined to be governed by the oaths of the judges. It is a question going to the legality of the returns.

Of that I may judge and determine. I shall do so; and in my determination, I shall be governed by justice and truth, and the right. If it shall, as it probably will, place the government of the State of Kansas in the hands of my enemies, no one will regret it more; but yet no one, not even a Black-Republican, could perform the duty with more of the consciousness of right than I shall feel in the honest discharge of my official duties. I have written to Governor Denver to procure the sworn statements of the judges of this controverted precinct, and to have them taken under such circumstances as will secure a free and unbiased exhibition of facts. By the sworn statements, so procured, I shall be governed in giving the certificates of election to the members of the Legislature from Leavenworth County.

J. CALHOUN.

ASHAMED OF THEIR POSITION.—The N. Y. Journal says:

It strikes us as exceedingly comical to see young ladies who ought to possess common sense, exhibit a desire to hide from the world's eye the fact that they are obliged to work for their own sustenance. We every day see young ladies who are engaged in some of our numerous business establishments, go along the streets carrying two or three books under their arms, to give persons the idea that they are going or coming from school. It is a very good dodge for a while, but it is now 'played out.' Never be ashamed of an honest calling.

The Lecompton Constitution Recognized by the Free Men of Kansas.

Those who were at first disposed to dissent from the doctrines enunciated in the message of President Buchanan for the settlement of the Kansas embroiglio, and to strongly censure him, since mature deliberation acknowledge the justice and impregnability of his position The Free State men of Kansas are becoming convinced that in following the advice of the Black Republican leaders in the States, they have retarded the growth and prosperity of the Territory—sacrificed their own interest and jeopardized the peace of the country; and are now satisfied that the best way of settling their troubles is by the speedy admission of Kansas as a State in the manner contemplated by the Chief Executive. They therefore nominated a full State ticket, and county tickets, and voted for them on the 4th inst., under the Lecompton Constitution; and from partial returns of that election, the Free State party have undoubtedly elected a majority of the Legislature, and perhaps the State ticket.

By thus voting for State officers and a Legislature under the Lecompton Constitution they virtually recognize it as the organic act of the people of the Territory, though opposed to some of its provisions.

Should Kansas be admitted, as undoubtedly she will be, under the Lecompton Constitution, her Legislature will immediately call a convention to amend her Constitution. They will strike out the slavery clause and make such other alterations as a majority of her people may desire, and thus settle all her domestic institutions without the intervention of Congress.

That Kansas will be a free State there is no longer any question, neither is there any doubt that the Black Republican party will sink into hopeless bankruptcy for want of the capital heretofore furnished by "Bleeding Kansas."—*Ohio Eagle.*

REV. MR. BRESLIN.—The papers have a paragraph in circulation that John G. Breslin, late Ohio State Treasurer, had lately purchased a church in Hamilton, West Canada, for £8,000, had gone to preaching, and was then in the midst of a revival. It need only be said that the pastor of that church is a very different person, although of the same name.

LIFE PILLS AND PHOENIX BITTERS. THESE REMEDIES have stood the test of twenty years experience, and during that period have benefited three millions of individuals. By their use the blood is purified, without reducing the system. Sold by W. B. MOFFAT, M. D., 335 Broadway, New York, and his agents.

FRAUD.—We would call attention to the public against a fraud daily practiced upon the unsuspecting, in the article of Dr. J. HOSTETTER'S celebrated Stomach Bitters. Since these celebrated Bitters have become so popular, others have been making preparations to imitate it, and in some cases have purchased old bottles and refilled them. We would advise all persons to buy of none but respectable dealers; the genuine are all covered with a metalic cap, and the name on it. For sale by druggists and dealers generally.

Dr. Morse's
INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORRSE'S INDIAN ROOT PILLS, has spent the greater part of his life in traveling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will be forever blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great qunatities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passage for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

Testimony of the Professor of Obstetrics in Penn. It affords me pleasure to recommend him to the unfortunate, or the victim of mal-practice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

JOSEPH LONGSHORE, M D.

From A. Woodward M. D. of Pa. University

It gives me pleasure to add my testimony to the professional ability of the Author of the "*Medical Manual,*"—Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid. In the treatment of seminal weakness, or disarrangement of the functions produced by *self-abuse,* or *excess* of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and integrity they may safely confide themselves

"MAN, KNOW THYSELF."

WHY WILL YOU DELAY!

Why will you neglect that disease which is taking such deep root, and which gives you warning by that hacking cough, that you are fast ripening for eternity? Why encourage the night sweats, or that difficult breathing, which silently whisper in your ear that something must be done to save you from the grave of consumptive? Why act so carelessly by permitting that disease to destroy your health, and hasten you to the tomb from whence no traveler ever yet returned?

SILENCE THAT COUGH!

Our death must carry you to your silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water, when rolled up by the dirt or mud. If clear water constantly flows through the springs, impurities or mud will be conveyed away by the pure water. Just so with the blood when kept in a clean or pure state; as it constantly flows through the lungs, it carries away all corrupt matter, and perfect health will be regular, will in a reasonable time cure consumption. The reason these pills are used more than all others, is because they are made of purifying vegetables, and cleans the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than any other Pills.
