ONE WEEK

LATER FROM EUROPE.

Arrival of the Europa.

SANDY HOOK, Saturday, March 6.

The *Europa* has passed here. She arrived at Liverpool on the 15th ult.

The *Kangaroo* arrived out on the 17th ult.

Mr. Palmerston was granted leave to bring in a bill to alter the government in India, by a large majority.

Nothing later from China, but details show that Canton is virtually in possession of the British.

The Conspiracy Murder Bill was defeated on second reading by 19 majority.

A week's later dates from India is favorable, but there is nothing striking.

The Bank of France has reduced the rate of discount to four per cent.

SECOND DISPATCH.

The government was defeated on the bill relating to murder conspiracy upon amendment offered by Milnor Gibson which censures the ministers for not replying to Walewski's dispatch, but proposes a readiness to amend the laws upon due investigation. The vote was 215 for the ministers, and 234 for Gibson's amendment. A demonstration in Hyde Park has been proposed for Sunday against the Conspiracy Bill.

The Atlantic Telegraph Company held their annual meeting. It passed off favorably, and an additional capital was authorized. The trial of the Directors of the Royal British Bank was in progress.

A French refugee, named Baylard, was arrested in London, charged with being implicated in the late conspiracy.

Bombay dates to the 24th of January had been received. The capture of Furruckabad and Futtyghur by Campbell is confirmed. After subjucating Vohiland, he will march on Lucknow. Outrain has twice defeated the rebels at Alambaugh.

The continental news is of but little importance.

It is said Sardinia and Belgium will both succumb to the French demands. Switzerland was also making concessions.

Kansas As It Is.

From various sources we compile a condensed account of recent events in Kansas, showing the present position of affairs in that Territory, and the political condition of the Territory be superseded by a State organization. It is obvious, from these accounts, that it is the object and interest of certain persons in Kansas to keep up the excitement concerning it as long as possible; and the territorial legislature aided in this work without bringing on a direct conflict between the authority of the Territory and of the United States. It carefully avoided doing anything likely to bring on a direct issue. Thus, the bill making it death to accept or perform the functions of an office under the State government was put through all the forms of legislation, and actually passed both branches of the legislature; but a reconsideration was immediately moved in the Senate, and the bill was finally defeated by a decided vote. Thus we have assurances from the free-State legislature that, in the assumed opposition to the Lecompton constitution, it is not contemplated to do more than make a show of resistance. The free-State men of Kansas intend to accept the State constitution—under protest, perhaps—but still to accept it.

We clip the following pregnant paragraph from the Leavenworth Daily Ledger of the 15th instant, which came to hand last evening:

"Let the Lecompton constitution pass, and let the representatives elected be called together and elect the two United States senators, and the *agony is all over*. True, there may be a fiction in the free-State party, who will not be successful, and may endeavor to keep up this infernal nigger agitation, from the fact that they have been *'ruled out'* from a partticipation in the spoils; but that's nothing; they can be easily choked off and made to bite the dust BY THE STERN WILL OF THE PEOPLE. 'Demagogues' and fanatics of both parties are no longer in the hearts and affections of the people, and their 'rantings' and 'roarings' will avail nothing. The people are sick, tired, and disgusted with them, and will listen to their madness no more.—We want peace, for that brings us happiness and prosperity."—*Washington Union.*

AN EDITOR'S VALEDICTORY.—Mr. Edward Willet, one of the editors and proprietors of the Cario Times and Delta, takes farewell of his readers, in his paper of the 5th ult., in the following expressive language:

"I know well that I need not offer a word of justification for the course.—I have struggled and starved long enough for Cairo—have wasted nearly three years of active, vigorous, youthful life, the end of which shows an account of nothing at all except much friendship and a little reputation—and as Scripture bids us rejoice in the days of our youth, I desire, before that haleyen period is quite ended, to obey its precepts in some measure. I leave Cairo with feelings of deep affection of my friends, of contempt for my enemies, (if any I have,(and of infinite disgust for that abominable old nuisance the Cairo Company."

MOFFAT'S LIFE PILLS AND PHOENIX BITTERS.—These preparations have stood the test of a long experience, and as a family medicine have proved superior in curative properties in all the varied types of fever, scrofula, liver and bladder complaints, neuralgia, and all those annoyances which are classed as nervous complaints. For travelers they are invaluable. W. B MOFFAT, 335 Broadway, New, York, and his agents.

☞ The King of Bavaria has obtained a judgment of $30,000, in the Supreme Court of New York, against one of his subjects, who borrowed his Majesty's money, and went off, forgetting to pay it.

☞ The Washington correspondent of the Boston *Post* says:

The talk about removing the army from Kansas before her admission as a State is perfectly futile, because in the present condition of things there is as much danger of rapine, murder and destruction of property, from the branch of Mormon Danites, headed by Jim Lane, in Kansas, as from those headed by Brigham Young, at Salt Lake. The two leaders are no doubt in concert, and the moment the troops should leave Kansas for Utah, Lane's Danites would unquestionably begin a civil war there, which would be far worse in its effects than anything that would happen at Salt Lake.

A MODEL PRAYER.—A correspondent of the Chicago *Tribune* says the following laconic prayer was delivered in the Iowa House of Representatives, a short time ago, by Rev. Mr. Shine. It is certainly a model prayer:

"Great God! bless the young and growing State of Iowa, her Senators and Representatives, and her Governor and State officers! Give us a good sound currency, pure water and undefiled religion, for Christ's sake! Amen.

FRAUD.—We would call attention to the public against a fraud daily practiced upon the unsuspecting, in the article of Dr. J. HOSTETTER'S celebrated Stomach Bitters. Since these celebrated Bitters have become so popular, others have been making preparations to imitate it, and in some cases have purchased old bottles and refilled them. We would advise all persons to buy of none but respectable dealers; the genuine are all covered with a metalic cap, and the name on it. For sale by druggists and dealers generally.

Deaths.

At his residence, in Eaton, on Thursday, March 4th, Mr. Wm. ROSSMAN.

Mr. Rossman was born at Redstone, Pa. May 1st, 1798, and came to Eaton, in the fall of 1819, since which time he has always resided in this place. With him we lose one of our most worthy citizens. He has always enjoyed the confidence and esteem of a large circle of friends. He was a man who by his daily life reflected in a clear light the principles of honesty and right. While the community suffer a great loss, it will fall, with a more saddening weight upon the family and relatives of the deceased, for home was a spot dear to him, we may add, and it is one of the most beautiful tributes, which can be paid to a mans character, he was dear to home. May we like him, so live, that our graves may be twined by beautiful and tender recollections, kept alive by the tears which pay tribute to their worth.

Dr. Morse's INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in traveling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will be forever blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactered from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passage for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

DR. HUNTER'S MEDICAL MANUAL AND HANDBOOK, FOR THE AFFLICTED—containing an outline of the origin, progress, treatment and cure of every form of disease contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess with advice for their prevention, written in a familiar style, avoiding all medical technicalities, and everything that would offend the ear of decency.

Testimony of the Professor of Obstetrics in Penn. College, Philadelphia.—Dr. HUNTER'S MEDICAL MANUAL.—"The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best Colleges in the United States. It affords me pleasure to recommend him to the unfortunate, or the victim of mal-practice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

JOSEPH LONGSHORE, M. D.
Prof. A. Woodward M. D. of Pa. University

It gives me pleasure to add my testimony to the professional ability of the Author of the "*Medical Manual*,"—Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid. In the treatment of seminal weakness, or disarrangement of the functions produced by *self-abuse*, or *excess* of venery, I do not know his superior in the profession. I have been acqeainted with the Author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and integrity they may safely confide themselves

WHY WILL YOU DELAY!

Why will you neglect that disease which is taking such deep root, and which gives you warning by that hacking cough, that you are fast ripening for eternity? Why encourage that pain in the side, the raising of blood, those night sweats, or that difficult breathing, which silently whisper in your ear that something must be done to save you from the grave of consumptive? Why act so carelessly by permitting that disease to destroy your health, and hasten you to the tomb from whence no traveler ever yet returned?

SILENCE THAT COUGH!

Our death must carry you to your silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water, when rolled up by the dirt or mud. If clear water constantly flows through the springs, impurities or mud will be conveyed a way by the pure water. Just so with the blood when kept in a clean or pure state; as is constantly flows through the lungs, it carries away all corrupt matter, and perfect health will be regular, will in a reasonable time cure consumption. The reason these pills are used more than all others, is because they are made of purifying vegetables, and cleans the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than any other Pills.
