

**Kansas Affairs**  
THE BORDER WARFARE—RUMORS OF THE INTENDED RESIGNATION OF GOVERNOR DENVER.  
The St. Louis Republican of the 1st inst. says:  
"The intentions of Governor Stewart, respecting the disturbances in the Western part of this State, by bands of desperadoes from Kansas, some of whose lawless acts have already been given to the public, were manifested yesterday."  
A gentleman who came down in the cars last night from Jefferson City, informs us that, before his departure, the Governor had resolved to resort to summary measures to restore peace and security to persons and property within the section of the State harassed and plundered by the reckless Montgomery and his confederates, and that the extreme, though necessary measure, repelling force by force, was justifiable under present circumstances.  
On yesterday, therefore, thirty boxes of muskets were withdrawn from the State Armory for transport to Kansas City. They were in charge of Quartermaster General Mackay."  
The St. Louis Democrat has the following:  
"A gentleman, resident of Kansas who arrived in our city last evening, informs us that the United States Deputy Marshal, who had been sent out by Governor Denver, in pursuit of Montgomery, had returned and reports that he came up with that person, and upon showing his authority to capture him, he was himself taken prisoner by Montgomery, on Thursday night last, but treated with every respect. Montgomery informed him (the Marshal) that all the depredations had been committed by Hamilton, who was at the head of the remnant of the gang of robbers formerly under the command of Buford, and who have been prowling through the Territory and in Missouri, ever since the invasion of Kansas by the Georgians and South Carolinians under Buford, Wilkes, and other Southern leaders.  
Hamilton, after the commission of the recent horrible murders, had fled from the Territory, and was understood to be on his way to Georgia. It is supposed that Governor Denver will offer a reward for his apprehension, and that if he can be found, proper steps will be taken to bring him to justice."  
**A Democratic Note.**  
The Chicago Times inquires of the Washington Union as to the views of the Administration in reference to the duty of Democrats to support the nominees of their party. The Union answers on its own responsibility:  
Upon general principles, and having in mind an earnest wish to secure the triumph of the Democracy, and an abiding faith in the justice of the noble cause, we would counsel our friends faithfully to abide the decision of Democratic conventions, and earnestly and truly seek the election of their nominees. To this rule we never know of an exception which in our judgment was sufficient to justify a refusal to obey the laws of party. Again, at this time especially, do we insist that Democrats shall unite against the common enemy; we will add that if heretofore it could be said that we are above suspicion, wrangle and quarrel, it is criminal to do so now.  
**PETERSON'S COUNTERFEIT DETECTOR.**  
A reliable counterfeit detector, prepared expressly for Philadelphia, has long been needed, but especially within the last year. Peterson's entirely supplies this want, for it is accurate, honest and thorough, being supervised by Drexel & Co. of this city. The June number, just issued, contains a perfect list of all the counterfeiters in bank and all rates of exchange on bank notes. No objection brought against many of the counterfeit detectors published elsewhere is that they are merely vehicles for levying black-mail, cannot be urged against this, for the character of the publishers, E. B. Peterson & Bros., and of the editor, Drexel & Co., are above suspicion. We would advise all persons to subscribe to this Detector at once. The price is only one dollar a year monthly, or two dollars a year for it, semi-monthly.—*Phil. Ledger.*  
**The Secretary of War.**  
The House on Wednesday of last week, passed the resolution declaring that "there were no facts or circumstances disclosed in the Fort Snelling investigation," impeaching the integrity of the Secretary of War. The vote was a handsome one—133 to 60. None but the meanest of partisans could ever have made so unwarranted and scurrilous an attack upon a high-minded and honorable gentleman. But there are some black republicans who do anything.  
**What a Long T. II!**  
The Wayne Democratic Press calls the Republican party the "Whig-Abolition-temperance-Republican-American apostate Democrat-conglomerate."  
Pretty good; but a few more links might be added with safety. Say "the Galphin-Matteson-Free-Wool-Wolcott party." It would add to the effect, and give odor to the arrangement.  
We have sometimes wondered why John W. Forney, the editor of the Philadelphia Press opposed the National Democratic party, and the present administration. The following from an exchange makes the subject plain:  
"We see it announced in the Philadelphia Pennsylvania, that negotiation are pending to bring out John W. Forney as the Union Black Republican candidate for Sheriff."  
Comment is unnecessary.  
On Wednesday last, William Marsh, while sitting in front of a hotel in Brandenburg, Ky., was shot dead without warning by Stanley Young, whose father he had killed in an affray seven years ago. Marsh fell dead on the spot, and his murderer, leaping upon a horse, escaped before the bystanders could arrest him.

The rush of breadstuffs towards tide-water, compared with last year, is very strong. The receipts of flour and wheat at Buffalo, Oswego, and Ogdensburg, New York, this year are 714, 175 barrels in excess of the same time last year. This is an excess of flour exceeding the entire exports of that article from New York this year nearly 300,000 barrels. At Chicago, whence such large supplies have been drawn this season, compared with last, the stock of wheat on the 8th inst. was nearly double what it was 9th of May, 1857.  
**GRASSHOPPERS IN TEXAS.**—The Austin Gazette of the 24th ult., states that the grasshoppers are making fearful depredations, both above and below that city, on the river. They are said to be laying waste everything before them, not sparing a stalk of corn or a blade of wheat.  
**EDITORIAL CAUSTICITY.**—A Pennsylvania editor says:—"Somebody brought one bottle of sour water into our office, with the request to notice it as lemon beer. If Esau was green enough to sell his birthright for a mess of pottage, it does not prove that we shall tell a four shilling lie for five cents.  
Avoid entering into an argument with a deaf man in a railway car, as it is sure to lead to high words.  
The Cleveland Plaindealer says that Mrs. Cunningham Burdell has purchased a farm in Carroll County, about four miles from Carrollton, and about seventy miles from that city. She bought the farm from the heirs of the late Dr. Samuel Sears, paying \$5,000 down for it, and we understand that she will take immediate possession.  
**THE WEATHER.**—The following verses describe, pretty accurately, the weather we have had during the past month:  
"It shines, it rains,  
Then it shines again,  
What does the weather mean?  
It hangs in doubt,  
The sun comes out,  
With dazzling mists, between.  
"Now dark, now light,  
Like day, like night,  
The changing fickle weather,  
It hists at times,  
The rains in drenching lines,  
And sometimes all together."  
Cholera being the disease above all others most dreaded, it will be well for all to bear in mind that as a preventive, Dr. J. H. HOSKINS' celebrated Stomach Bitters stands at the head, and therefore all should keep a supply at hand during this warm weather. Its effect upon the stomach when disorganized by diet, and its vivifying influence upon the system, is truly astonishing, and cannot be described, but felt when used as per direction on the Bottle. Further comment upon them would be superfluous, as they are known far and wide, and for sale by dealers generally all over the United States.
