More Light Wanted.

John L. Martin, the Republican nominee for the Board of Public Works, has been called to account for an alleged dishonorable transaction, which, if guilty of, should prevent any voter casting a ballot for him. A communication from Middletown wants more explanations on the subject. The whole transaction is in the knowledge of the Republican Engineer on the Miami and Erie Canal, Mr. John W. Erwin. But he plays mum, though repeatedly called on to tell what he knows. He does not deny his knowledge; but, being a Republican, he doubtless wants to save his party's candidate from the damning exposure. Is that the part of an honest man, Mr. Erwin? Do you think it according to Republican principles to hide from the people a matter of so much importance to them? If Mr. Martin is innocent, clear his skirts; if guilty of dishonorable conduct, expose him. Is not that a duty you owe to the public as well as your party? Or, may be you are mixed up with it, and to tell the truth may criminate yourself! How is it?—*Enquirer.*

Potatoes Crop in Ireland.

According to the competent authority of the Banner of Ulster the breadth of land under potatoes this year in the northern counties will be found, perhaps to exceed 1,250,000 acres, and it adds: "Last season's crop turned out well, ample in yield, and, as a general rule, excellent in quality. This season's crop of the early varieties is very superior.—We are now only in the second week of August, and yet the prices for excellent potatoes in the Belfast market are under those which, at at a similar period of the season, ruled the markets before the advent of the potato disease. Some solitary cases of the old disease are to be seen in a few fields in the country; those instances, however, are so trifling as not to be worth any serious notice. The sale of superior qualities at four pence a stone (about eight cents a peck) will give some idea of the healthy and prolific state of the crop."—*Dublin paper.*

Who Makes Free States.

During the last session of Congress, Minnesota, a free State, was admitted into the Union upon the recommendation of James Buchanan. On looking over the vote upon the admission, you will find that nearly every Democrat alike from the South and North, was in his seat and voted "aye," while a majority of the Republicans who v ted, voted "no." The Senate which is largely Democratic, passed a bill to admit Oregon, another free State, in opposition to the votes and exertions of many Republican Senators. Democracy knows no difference between the North and the South. It is Black Republicanism that lives upon the perpetual cry of *Nigger! Nigger! Nigger!* Choose ye, between the party of Jefferson, Douglas and Buchanan, and the party of Wm. H. Seward, John C. Fremont and James H. Lane.—*Argus, Kansas Territory.*

John C. Calhoun and the Telegraph Wires.

One of the speakers at the cable celebration in Buffalo, to wit. J. G. Bryan, very happily introduced the following beautiful sentiment of the late John C. Calhoun, of South Carolina, in his speech.

Magic wires are stretching themselves in all directions over the earth, and when their mystic meshes shall at length have been perfected, our globe itself will be endowed with a sensitiveness which will render it impossible to touch it upon any one point and the touch not be felt from one end of the world to the other; it is but the breaking of the dawn of the world's great jubilee.—It promises a day of more refinement, more intellectual brightness, more moral elevation, and of consequently more human felicity, than the world has ever seen from its creation.

☞ Uncle phœnix Marsh, Uncle Samuel Clegg, and Uncle Peter Voorhees, held a Republican meeting at Walker's Building, on Saturday night. Uncle Phœnix and Uncle Samuel were the the principal speakers; one spoke standing and the other spoke setting, or rather, one set standing, and the other stood sitting—Uncle Peter acting as moderator. Uncle Phœnix gave his prophesies two of years ago. He said he then pophesied that Preble would give the Poney twelve hundred majority; that Montgomery would give him six hundred, and that Butler would only give Vall. five hundred; but he had been deceived. He would now pledge Preble for eigt hundred and probably twelve. Uncle Phœnix at the Paris Convention, said the utmost Preble could do would be 500 to 600. Come Uncle Phœnix you must fix a number and stick to it, so as to be consistent. The Pony brought up the van. The meeting was rich.—*Dayton Emp.*

Holloways Pills.—No dwelling in any district infested with fever and ague, or any phase of remittent or intermittent fever, should ever be without this powerful tonic and anti-bilious medicine.—A few doses break up the chills, and completely crush out the principle of the disease. Arsenic and quinine are often used to check fever and ague, but a relapse always supervenes. The seat of the complaint is in the bile and in the blood, and the only preparation in existence which will inevitably purge out the miasmatic virus from the secretions and the circulation, is Holloway's great internal remedy. As a tonic, corrective, and alterative it stands alone.

LIFE PILLS AND PHOENIX BITTERS. THERE ARE SOME disorders which appear to be peculiar to this great country of ours, and which invariably attack the unacclimated. Dyspepsia, Fever and Ague, and eruptions seize upon the newly arrived immigrant, and unless he takes care to fortify his digestive organs against the insidious attacks, he must be prostrated, and his family deprived of their principal support. A resort to Moffat Medicines after a sea voyage will be found to restore and invigorate the system. Sold be the Proprietor, Dr. W. B. MOFFAT, 335 Broadway, New York and his Agents.

List of Patents.

The followtng is a list of Patents issued from the United States Patent Office to Ohio inventors for the week ending September 7, 1858—each bearing that date;

Thomas Hoadley, of Cleveland, Ohio—For improvement in machines in moulding clay.

J. C. Forman, of Cleveland, Ohio—For machine for ruling paper.

Benjamin Owen, of Dayton, Ohio—improvement in seed planters.

Nathaniel Gear, of Zanesville, Ohio—For improvement in machine for digging potatoes.

Henry White, of Cleveland, Ohio—For improvement in brick machines.

F. R. Myers and F. H. Furniss, of Cleveland, Ohio—For improvement in couches for railroad cars.

Forney's Coversation with the President.

The Washington *Union*, in noticing FORNEY's reported conversation with the President, as reported by him in his Westchester speech says:

"Our purpose, however was not to censure this statement for the want of honor implied in making it, but to denounce it, as we now do most emphatically, for its unmitigated and total destitution of all honesty and truth. *No such conversation took place, nor any conversation at all between those parties on that subject.*—Mr Forney never had the courage to address Mr. Buchanan in that strain, and he certainly had not the impudence to offer his advice to the man of whose personal character he had been the habitual traducer for months before Lecompton or Anti-Lecompton was thought of. *The story he tells of the Cabinet meeting is, like the account of his own conversation, wholly fabulous.*

That is what we call a settle!r

☞ DR. MANN, the renowned discoverer of that invaluable remedy, Dr. Mann's Ague Balsam, still continues to labor in behalf of the afflicted. His medicines are universally admitted by the American press, to be far superior to any and all others ever discovered for the treatment of chills, fever and ague, and all intermittents. There can be no doubt, if we can place confidence in the innumerable testimonials which the Doctor has in his possession, that it is the greatest discovery ever made in the science of medicine. The attention of our readers is called to the advertisement of this Balsam found in another column of this paper, and would recommend all suffering from this disease, viz: chills, fever and ague, to avail themselves of a trial of this remedy. Sold by all good druggists. Sep. 20—4t.

☞ *The Wonderful Success of Dr Hostetter's* Celebrated and Unrivaled *Stomach Bitters*, from the time of its introduction to the public, proves conclusively its manifest superiority over any other preparation of the kind now manufactured. Its action on the digestive organs is of the most pleasing character removing all diseases or morbidity, and giving the system a sound and healthy tone. In cures of Dyspepsia, loss of appetite, general mental or physical weakness, its opperations is most beneficient, indeed; some of the most dreadful cases that have ever been under medical treatment have been entirely cured by this great agent. As a tonic, Hostetter's Bitters are most delightful, especially before meals.

For sale by Druggists and dealers generally everywhere.

MEDICAL NOTICE.

DOCTOR R. WOODY would respectfully announce to the citizens of Preble county, that he has *permanently* located in the Town of Eaton, for the purpose of practicing his profession. To those who are unacquainted with his practice, he would say, that he has been engaged in constant practice for the last twenty years. From the success that he has had heretofore, he flatters himself that he will be able to give satisfaction, in all cases that may come under his care and management. BRANDRETH'S PILLS

PURIFY THE BLOOD.

Continued pain or uneasiness in any organ is generally cured by one or mors doses of Brandreth's Pills. Thirty years' personal experience by the undersigned fully justify this assertion.

Dr. James Lull, of Potsdam, N. Y., says:—"I have cured the most deplorable costiveness of the bowels with Brandreth's pills, when every other remedy had failed, and the patient was given up to die. Skin diseases of an inveterate and painful character, such as erysipelas, salt rheum, tetter and summer heat, I have seen eradicated by their use. I have cured the rheumatic, the epileptic, the paralytic and the consumptive with these excellent pills alone."

In jaundice and all affections of the liver, dyspepsia, dysentery and diarrhœa, pleurisy, sudden pains and inflammations, female obstructions, scorbutic and scrofulous, even gouty and neuralgic affections, have given way to the use of this medicine, and now after twenty years' experience, my estimation of Brandreth's Pills continues to increase.

OBSTRUCTION.

A young lady beautiful and healthy, took cold, which caused a serious obstruction for two years; her health was broken down and her beauty departed. At length Brandreth's Pills were tried; eleven doses, of from two to four, were taken in fifteen days preceding the usual period. Regularity was restored, and her health and good looks recovered.

WORMS.

Brandreth's Pills are the best vermifuge; they are infallible A little child, six years old, for some weeks was drooping; its mother gave it one of Brandreth's sugar coated pills; the next day there came away a worm sixteen inches long, and as large as a child's finger. The child was well.

PLEURISY.

A gentleman, away from home, was taken with pleurisy; the inflammation was terrible; every breath made him writhe with agony. Eight Brandreth's Pills were swallowed, and warm oil applied locally; the pills operated, and the pain was relieved; plenty of gruel was taken, and six more pills, and the second day the patient was cured

These statements should have weight, and prevent the use of poisonous drugs, and stop the sad practice of bleeding.

B. BRANDRETH.

Brandreth's Pills are sold at the Principal Office, 294 Canal street, Brandreth Building, at 25 cents per box; and the same, sugar coated, 13 cents, warranted to keep as well as the plain. Sep. 6, '58.

PROF. O. J. WOOD.—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy, has as healthy a scalp and as luxuriant crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair We are, yours respectfully,

PROF. O. J. WOOD.—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to this world without the least fear, as my case was one of the worst kind. Yours Respectfully,

WHY IS THE DEMAND SO GREAT FOR

DR. MANN'S

AGUEBALSAM.

Because it will, in all cases, safely and effectually cure that much dreaded scourge of the West—Chills, Fever and Ague—without fail, and in cases will counteract the poison of Malaria, of which fact thousands do testify, and, unlike all other nostrums, it is only recommended for one class of diseases, and as a tonic it is unsurpassed. We will offer a few evidences of its worth, by men of influence and high standing.

Princeton, Ill., Sept 20th, 1857.

DR. MANN—DEAR SIR: For several years past I have used your Ague Balsam in my daily practice, and have closely observed its effects in hundreds of cases, and in no case has it failed to produce the most happy effect. I can most cheerfully recommend it as a certain specific for chills, fever and ague and malarious diseases. Truly Yours,

H. AUSTIN, M. D.

Marshall, Mich., Feb. 11th 1857.

DR. MANN & CO:—I have sold a large amount of your Ague Balsam in this vicinity, and from my personal knowledge of it, I believe it the best remedy for chills, fever and ague that has ever been sold in our State.

Respectfully Yours, O. A. HYDE.

Ashtabula, Ohio, January 1st 1858.

MESSRS. S. K. MANN & CO—GENTS: In canvassing the States of Ohio and Michigan for the sale of the different remedies of which we have control, our attention has been called to observe the great name that your Ague Balsam has gained for itself in every place where sold. It really seems to be THE PEOPLE'S OWN REMEDY, and its sales more rapid than all others. It is destined to supercede all other ague remedies in the market. Very Truly Yours,

A. & S. HENDRY.

New York, Feb. 28, 1858.

MESSRS. S. K. MANN & CO.—GENTS: I have at our house in St. Louis sold your Ague Balsam some three years, and have carefully observed its effects in curing, and must in all candor say, I do not believe its equal exists in all the world of medicines. To my personal knowledge it has cured permanently every time, and I have known it used, after all other remedies had been tried in vain with the most happy result. And what is more REMARKABLE I have never known a case but what remained cured, for at least that season. I have no hesitation in recommending it as a perfect triumph over chills and fever. Respectfully Yours,

PROF. O. J. WOOD.

John Tice
vs. } Preble Common Pleas.
Sarah Tice, et al } Petition for Partition.

The said defendant Sarah Tice, Peter Tice, William Tice, Mary Jane Davis, John Davis, Catharine Shively, William Shively and Caroline Stanton, are hereby notified that the above named plaintiff, John Tice, on the 19th day of August, 1858, filed in the Clerks office of the Court of Common Pleas of Preble county, Ohio, his petition against themselves, defendants, the object and prayer of which said petition is to obtain the assignment of the dower of the said Sarah Tice, widow of William Tice, deceased, in, and partition of the following described Real Estate, situate lying and being in the county of Preble and State of Ohio, and described as follows, to wit:

THE GREAT AMBASSADOR OF HEALTH TO ALL MANKIND.

HOLLOWAY'S PILLS

A BOON TO THE SICK.

The want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world; HOLLOWAY'S INVALUABLE PILLS have become the HOUSEHOLD REMEDY of all nations. Their attribute is to PREVENT as well as to CURE; they attack the RADIX OR ROOT of the complaint, and thus by removing the hidden cause of disease reinvigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and FUNCTIONARY REFORMATION.

DYSPEPSIA.

The great scourge of this continent yields quickly to a course of these antiseptic Pills, and the digestive organs are restored to their proper tone; no matter in what hideous shape this hydra of disease exhibits itself, his searching and unerring remedy dispetres it from the patient's system.

General Debility and Weakness.

From whatever cause, LOWNESS OF SPIRITS and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful antiseptic and detergent remedy.

BILIOUS DISORDERS.

The proper quantum and right condition of the bile is of momentous importance to the health of the human frame, this ANTI BILIOUS medicine expels the hidden seeds of the complaint, and renders all the fluids and secretions pure and fluent, cleansing and resuscitating the vital functions of the body.

SICKLY FEMALES.

Should lose no time in trying a few doses of this regulating and renovating remedy, whatever may be their complaint, it can be taken with safety in all periodical and other disorganizations its effect is all but miraculous.

UNREFUTED PROOF.

The testimony of Nations is unanimously borne to the health-giving virtues of his noble remedy, and certificates in every living language bear witness to the UNDESIRABLENESS of their INTRINSIC WORTH.

Holloway's Pills are the best remedy known in the world for the following diseases:
