Chase and Payne Off for Illinois.

The Cincinnati *Commercial* states that Gov. Chase is soon to take the stump in Illinois against Douglas. This is what might naturally be expected of a Presidential aspirant like Mr. Chase. He wants Mr. Douglass out of the way and he will join the Administration forces there to "crush him out." He will have a good time of it. It is not the first time that he and Senator Douglas have met. In the great Nebraska fight in the U. S. Senate, Chase put himself forward as the champion of *Congressional* Sovereignty against the *people's* right to rule. His famous Manifesto, with forged names and false facts, which he stole time to publish by abusing the confidence and courtesy of Senator Douglas is not forgotten. He is well known in Illinois. He has gone to a good place to begin his Presidential race.

That so distinguished an individual on so important a mission should not be in travail out of his own State, alone, the Hon. H. B. Payne has consented to visit Illinois at the same time and see to this gentleman's Presidential prospects. It is not the first time either that these two gentlemen have met.—It may be the first time that they have traveled in foreign parts together, but if we remember right they were found in close proximity to one another in Ohio last Fall about the time the votes were coudted out for Governor. Chase will be worse chased in Illinois than he ever was in Ohio and that will be bad enough in all conscience. Go it Chase! Go it Payne! Douglas and Popular Sovereignty forever.—*Cleveland Plain Dealer.*

The Grain Crop of Europe.

The following synopsis of the Grain Crop of Europe, of 1858, will be found interesting. It is derived from the latest English papers:

"In the countries bordering on the Mediterranean, the crop is variously reported, but upon the whole may be regarded as equal to, if not exceeding an average. Spain and Portugal will not require any supplies from other countries. In Belgium and holland there is an average crop; while in the Baltic regions, including Northern Germany and Western Russia, the yield is below an average, although high price may induce exports to some extent. In France their is a fair crop of wheat and rye, oats being inferior. The cereal crop of England exceeds the average, and a portion of the extraordinary wheat yield of last year still remains in the hands of farmers to be added to this years harvest. Other breadstuffs are somewhat under the average. In Ireland all kinds of produce are abundant, compared with recent years. The wheat crop of Scotland is excellent, other crops being medium and possibly below. On the whole the United Kingdom will this year require smaller imports of grain than in ordinary seasons. The supplying power of Central Russia is not yet determined."

Holloway's Pills—Hospital practice.—It is supposed, by the uninitiated, that hospital patients have the advantage of skilful treatment and careful attendance. The truth is, they are too often merely the subject upon which raw students try their "prentice hands." The best hospitals for the sick are their own homes, and the only medicines they need are Holloway's disease-subduing remedies. Let the weakened, broken down attenuated, and hopeless sufferers from liver complaint, dyspepsia, asthma, hemorrhoids, or any of the internal maladies which baffle the procession, supply themselves with Holloway's Pills, and they can speedily work out their own cure, and smile as they remember the doleful predictions of the doctors.

Dr. Hostetter's Celebrated Stomach Bitters.

Have doubtless created as much sensation in the community for its remarkable cures as any other medicine extant. It is a fact that in the minds of many persons a prejudice exi-ts against what are called Patent Medicines; but why should this prevent you resorting to an article that has such an array of testimony to support it, as Hostetter's Stomach Bitters. Physicians prescribe it; why should you discard it? Judges, usually considered men of talent, have and do use it in their families; why should you reject it? Let not your prejudice usurp your reason, to the everlasting injury of your health. If you are sick and require a medicine, try these Bitters

For sale by Druggists and dealers generally, everywhere.

☞ TAKE NOTICE.—We would call the attention of our readers to the advertisement found in another column of to-day's paper, of the great and popular remedy, Dr. Mann's celebrated Ague Balsam, which seem to be working wonders in the cure of chills, fever and ague so prevalent in the western country.—It is not often we notice a patent medicine indeed we think we have never puffed one before; but Dr. Mann's Balsam is something so superior to any other found in our market, that we cannot forbear asking the attention of our readers to it. When we remember the vast amount of suffering caused by this scourge of the west, among all classes of citizens and many constitutions racked and destroyed by this malady, and the different cures offered and proved unavailable—it is truly gratifying to us, and will undoubtedly be to our patrons and friends, to learn that a remedy has at last been discovered and placed within the reach of all, and one that will do all that is claimed for it. Give it a trial. Sold by all good druggists.

NOTICES OF THE PRESS.

From among the hundreds of favorable notices, from the most respectable Journals of the country, of our cheap edition of "Living-tone's Travels and Explorations in Africa," we take the following:

"It abounds in descriptions of strange and wonderful scenes among a people and in a country entirely new to the civilized world; and altogether we regard it as one of the most interesting books issued within the past year."—Daily Democrat Patterson, N. J.

"It is emphatically an edition for the people, and, judging from the rapid sale with which it is meeting, it is fully appreciated by them".—Christian Freeman, Boston.

"The book is having a great run, and will be read by every reading man, woman and child, in this as well as other lands."—Ashtabula (Ohio) Telegraph.

"The work is finely illustrated, well printed, and firmly bound, thus answering in every respect the demand for a popular and cheap edition of the Journeys and Researches in South Africa.' Those of our readers who would have a delightful book for reading at any hour, will not be disappointed in this work."—U. S. Journal.

"With truth we can say, that seldom is presented to the reading public a work containing such a vast amount of solid instruction as the one in question. The volume is handsomely illustrated, and presents that unique appearance of exterior for which Mr. Bradley's publications are noted."—Family Magazine.

"This interesting work should be in the hands of every one. Its interesting pages of adventures are full of instruction and amusement.—Ten thousand copies, it is stated, have been sold in one month."—Auburn American.

"Dr. Livingstone's Travels and Researches in South Africa appear to great advantage in this edition, which is undoubtedly the edition most acceptable to the reader who reads for practical instruction and amusement."—Saturday Post.

"The edition of Dr. Livingstone's Travels, published by J. W. Bradley, is just what it purports to be. Like all Mr. Bradley's publications, it is excellently gotten up."—Tioga Agitator, Pa.

"We can recommend the edition of Dr. Livingstone's Travels, published by Bradley, of Philadelphia, as every way worthy of public patronage. Its excellence and its cheapness recommend it over all others."—Frank Leslie's Magazine.

CAUTION.—The attention of the Publisher has been called to spurious editions of this work, put forth as 'Narratives of Dr Livingstone's Travels in Africa." Ours is the only cheap American edition of this great work published and contains all the important matter of the English edition, which is sold at six dollars.

THAT GREAT REMEDY!
SO LONG SOUGHT,
FOUND AT LAST.

This remedy, claimed by the medical profession and the multiplied thousands that have used it and tested its *wonderful curative* properties, to be the greatest discovery in medical science and natures own remedy, is the result of years of toil and study, by one of Ohio's favorite physicians, in order to produce something that would meet the wishes of suffering humanity, and thousands from the princely palace and humble cottage can testify to the immediate relief found by its use. For want of space we only offer a few of the many evidences in its favor.

WHY IS THE DEMAND SO GREAT FOR
DR. MAN 'S
AGUEBALSAM.

Because it will, in all cases, safely and effectually cure that much dreaded scourge of the West—Chills, Fever and Ague—without fail, and in cases will counteract the poison of Malaria, of which fact thousands do testify, and, unlike all other nostrums, it is only recommended for one class of diseases, and as a tonic it is unsurpassed. We will offer a few evidences of its worth, by men of influence and high standing.

Princeton, Ill., Sept 20th, 1857.

R MANN—DEAR SIR: For several years past I have used your Ague Balsam in my daily practice, and have closely observed its effects in hundreds of cases, and in no case has it failed to produce the most happy effect. I can most cheerfully recommend it as a certain specific for chills, fever and ague and malarious diseases.

Truly Yours,
H. AUSTIN, M. D.

Marshall, Mich., Feb. 11th 1857.

R MANN & CO:—I have sold a large amount of your Ague Balsam in this vicinity, and from my personal knowledge of it, I believe it the best remedy for chills, fever and ague that has ever been sold in our State.

Respectfully Yours,
O. A. HYDE.

Ashtabula, Ohio, January 1st 1858.

MESSRS. S. K. MANN & CO.—GENTS: In canvassing the States of Ohio and Michigan for the sale of the different remedies of which we have control, our attention has been called to observe the great name that your Ague Balsam has gained for itself in every place where sold. It really seems to be THE PEOPLE'S OWN REMEDY, and its sales more rapid than all others. It is destined to supercede all other ague remedies in the market.

Very Truly Yours,
A. & S. HENDRY.

New York, Oct. 28, 1858.

MESSRS. S. K. MANN & CO.—GENTS: I have at our house in St. Louis sold your Ague Balsam some three years, and have carefully observed its effects in cases, and must in all candor say, I do not believe its equal exists in all the world of medicines To my personal knowledge it has cured permanently everytime, and I have known it used, after all other remedies had been tried in vain with the most happy result. And what is more REMARKABLE I have never known a case but what remained cured, for at least that season. I have no hesitation in recommending it as a perfect triumph over chills and fever. Respectfully Yours,

PROF. O. J. WOOD.

DYSPEPSIA AND FITS.

DR. O. PHELPS BROWN,

THE GREAT CURER OF CONSUMPTION, was for several years so badly afflicted by Dyspepsia, that for a part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription given to a mere child while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of Fits as of Dyspepsia. The ingredients may be found in any drug store and will send this valuable prescription to any person on the receipt of one stamp to pay postage Address
