

Republican State Ticket.

For Governor, JUDGE JOSEPH B. FORAKER, of Hamilton.

Republican County Ticket.

Representative, HON. D. M. BAILETT.

The reduction of the national debt during the month of July was \$8,662,789.96.

The Chillicothe Leader of last Saturday says: "Capt. Dawson is the Republican candidate for Sheriff over in Highland county."

The Democrats object to the ticket nominated by the Republicans. It seems funny that they would want to run both sides of the campaign.

Last week's Gazette has a sample of logic on the point of a tooth-pick. In its squibs on the candidates nominated at the late Republican County Convention it has this: "It has been an unwritten law in the county that the Auditor and Treasurer should be of different politics."

There is a conspiracy between the Democratic and Prohibition parties to defeat the Republican party this fall. The Prohibition movements all over this State are being haggled on by the Democrats.

It is peculiarly amusing, (but characteristic of the Democratic press generally) to see the frantic nonsensical efforts on the part of the Democrats to make it appear that there are divisions and party strife, and rivalries and jealousies in the ranks of the Republican party.

For the Governor of Grant's native State, Mr. Hoadly was a lecture bit slow in his official recognition of the General's death.

That little caper of Hoadly's will not be forgotten. The people of Ohio will not allow the memory of Grant to be trodden upon in that kind of style.

It is said that the only political gathering that Gen. Grant ever presided over was at Warren, near Mentor, when the Presidential campaign was opened in 1860.

A "COMPARISON" OF Foraker's and Hoadly's Treatment of the Colored People.

It has been announced for weeks that there would be a grand emancipation celebration by the colored people at Columbus on August 2d.

Those Democratic papers, and correspondents of such papers, who have been tearing their hair and beating their consumptive breasts over the allegation that Judge Foraker had snubbed the colored people.

It is hardly necessary to say that the colored people of this city took no stock in the concern. They understood the object of the arrangement, and left it severely alone.

Some colored people say it was an effort to raise money to start a colored Democratic paper, while others think it was a trap set by Governor Hoadly for Judge Foraker.

The Republican county ticket is the winning card.

Gov. Hoadly is the logical candidate of the Democracy for Governor. He is a civil service reformer and a crank and a coal-oil partisan.

Dr. Leonard made one of his famous breaks at Urbana last week. During his speech among other things, he said: "I have beneath my feet the platform of the Methodist Church and the platform of the Prohibition party."

The Democrats of this State have employed two or three colored men to travel over the State and circulate the lie that Judge Foraker left the college at Delaware because a colored student had been admitted.
