SIMMONS LIVER REGULATOR

UNFAILING SPECIFIC FOR

LIVER COMPLAINT.

SYMPTOMS OF TORPID LIVER

are a bitter or bad taste in the mouth; pain in the back, sides, or joints—often mistaken for rheumatism; sour stomach; loss of appetite; bowels alternately costive and lax; headache; loss of memory, with a painful sensation of having failed to do something which ought to have been done; debility; low spirits; a thick, yellow appearance of the skin and eyes; a dry cough often mistaken for consumption.

REGULATE THE LIVER AND PREVENT

Dyspepsia, Constipation, Jaundice, Bilious Attacks, Chills and Fever, Headache, Colic, Depression of Spirits, Sour Stomach, Heartburn, Piles, etc.

TONIC, ALTERATIVE AND CATHARTIC!

SIMMONS LIVER REGULATOR, purely vegetable, is the medicine generally used by the sound to arouse the Torpid Liver to a healthy action.

It acts with extraordinary power and efficacy on the Liver and Kidneys.

The action of the Regulator is free from nausea or griping. It is most effective in starting the secretions of the Liver, causing the bile to act as a cathartic. When there is an excess of bile in the stomach, the Regulator is an active purge; after the removal of the bile it will regulate the bowels and impart vigor and health to the whole system.

Very, Very Little Things.

But very important—your blood corpuscles. They are bright red. They are so small that it takes over 3,000 of them in a line to make an inch. The bright red color comes from the iron in them. When there is not enough iron the blood is thin and watery and impure. Purity and vigor go together. Brown's Iron Bitters is the only safe iron tonic ever made. It enriches the blood, builds up the system, gives health, strength, and enjoyment of life. 6c

It is no use talking about "the pearly gates ajar" to a boy who is wrestling with a green cucumber and a man's size colic.

For years, quinine was regarded as the only specific for malarious diseases, and immense quantities of the drug were annually consumed throughout our western country, more particularly along the river bottoms and adjoining low lands.

With the fall months malaria, in all its varied forms, stalks like an epidemic through the land, and whole districts are prostrated with chills and fever, the entire population shaking with ague. Heretofore, quinine was regularly resorted to; but, while it frequently failed to effect a cure, it invariably deranged the stomach, producing nausea, vertigo and fugitive pains in the head to such an extent that months elapsed ere the system recovered from its effects. These objections to its use were so marked, that the introduction of Mishler's Herb Bitters was hailed as a triumph in medicine. Infinitely more certain in its beneficial effects than quinine, it possesses none of the demerits of that drug. Instead of nauseating, it tones and invigorates the stomach, and while speedily expelling the noxious humors, increases the appetite and facilitates digestion, thus rendering the system stronger and better fitted to resist the attacks of disease. In fact, a judicious use of Mishler's Herb Bitters at this season of the year, will prevent the recurrence of this disease, even in those who have never passed an autumn without it. An experience of twenty years proves it to be the greatest anti-periodic known to medical science.

There are, perhaps, no diseases so subject to climatic changes as affections of the kidneys. Hundreds of our farmers, mechanics, and laboring men, strong and hardy in all other respects, suffer continual inconvenience, and occasionally excruciating pains in the back and across the loins; experience a frequent desire to pass water, pain during its passage, and frequent stoppages in its flow. These are manifestations resulting from some strain or heavy lift (perhaps years ago), and aggravated by every change in the weather. Every slight cold flies direct to this one weak spot, and unless promptly attended to the disease becomes chronic, and the once strong man a miserable wreck. Mishler's Herb Bitters is the *only certain* remedy for this class of disease. It has a peculiar tendency to the kidneys, stimulates them to healthy action, and removing the cause, prevents the formation of brick-dust deposits, which, if permitted to continue, will by cohesion form gravel stone, necessitating a painful operation for its removal. Many of the ingredients entering into its composition, are universally recognized as specifics for all complaints of the urinary organs. In liver complaint, dyspepsia, all disorders of the bowels, and affections of the throat and lungs, it is equally certain and efficacious; while, as a remedy for the complaints peculiar to the female sex, it has no equal. Ladies, old and young, married and single, in every condition of life, will find this great female remedy, prompt, safe, certain and reliable. The pale, sallow complexion is replaced by a blooming, healthful countenance, and its occasional use enables Nature to perform her functions regularly and without inconvenience.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a King's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are **Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse,** etc. If allowed to continue, **Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption,** and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system **Hereditary Scrofula,** and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

is composed of the genuine *Honduras Sarsaparilla,* with *Yellow Dock, Stillingia, the Iodides of Potassium* and *Iron,* and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well."

Sufferers from the effects of quinine, used as a remedy for chills and fever, will appreciate Ayer's Ague Cure, a powerful tonic bitter, composed wholly of vegetable substances, without a particle of any noxious drug. Its action is peculiar, prompt, and powerful, breaking up the chill, curing the fever, and expelling the poison from the system, yet leaving no harmful or unpleasant effect upon the patient.
