ANOTHER STORY

Will be Added to Electrical Company's Factory.

The Akron Electrical Manufacturing Co. is experiencing a boom in business. It was announced by Mr. L. C. Miles, Monday, that the company is going to erect another story to its plant on Ira avenue in South Akron.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says: "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea."

SOLVED

How City Commissioners May be Utilized.

The question of how to utilize the strenuousness of the City Commissioners was solved Monday by an act of the Board itself. The members voted unanimously to purchase three lawn mowers for use in the parks.

Nobility Recommends Nervine.

The above portrait is that of Countess Mogselud, of Chicago, Ill., whose gratitude for the benefit received from the use of Dr. Miles' Nervine prompted her to make this statement:

"It affords me great pleasure to add my testimony to the very excellent merits of Dr. Miles' Nervine. Although I am past 60 years of age I find it soothes the tired brain, quiets the irritated nerves and insures restful sleep. I never feel contented without a bottle of it in the house." Gratefully yours, CHRISTIANA MAMA, Countess Mogselud.

Dr. Miles' Nervine is a nerve tonic and strength-builder that starts right in restoring health immediately. Sold by all Druggists. Dr. Miles Medical Co., Elkhart, Ind.

LOST

In Antiquity of Ages.

April Fool Kept by All People.

Gigantic Hoax Was a Complete Success.

"This is the first of April. Hunt the gook another mile." From time immemorial the first of April has been celebrated by all sorts of hoaxes and playing of pranks. The true origin of April Fool is buried in the dust of centuries and our greatest antiquaries seem unable to throw any light on the subject.

Nearly all the peoples on the Continent celebrate April Fool with pranks and tricks, and even the Hindoos have a festival on the 31st of March, called Huli, which coincides with our April Fool.

One of the most popular amusements on April 1, or All Fools day, as it is called, is the sending of persons on fruitless errands. Unsophisticated persons are sent to the bookstores for a copy of the "History of Eve's Grandmother," or to the chemist's shop for "pigeon's milk," while small boys are sometimes sent to the harness shop for strap oil, when a liberal dose of this treatment is usually administered to the boy.

There is a story told to the effect that Francis, Duke of Lorraine, and his wife owed their escape from captivity at Nantes to this popular custom. Arranged as penants, they were making their way out of the territory when they were discovered by a woman who knew them. She immediately hastened to a guard, and told him that the Duke was escaping.

Occasionally a gigantic hoax is perpetrated on the people as a whole, and such a one met with great success in London in 1860. Some were distributed cards, bearing an official looking seal, which read: "Tower of London—Admit the bearer to view the annual cere-

NO HELP.

Farmhands Are Not to be Had

And Are Being Imported From Other States.

Chagrin Falls, April 1.—With the extra work occasioned by sugar making, and the busy season of spring coming on so early, farmers throughout this portion of the Western Reserve are confronted by the knotty problems of what are they going to do for farm laborers this season.

All through the maple sugar season they found it almost impossible to procure laborers at any price, many offers of \$2 a day and board finding no takers, and only the fact that the maple sugar product was not half a crop this year enabled the producers to get through the season.

The reason for this shortage of help is not because of harder work or more exacting duties that heretofore, but on account of the great army of farmer's boys who have gone to the city to learn trades and procure employment during the past year. If the rush of farmer boys to the city continues the coming year as it has during the past season the farms of this vicinity will be practically deserted of all laborers but those imported from other states.

A GREAT SHOW

Is the Fourth Annual Exhibition of the Camera Club.

In addition to the rare and beautiful collection of pictures which the Akron Camera club has gathered together and is now exhibiting to the public, the club has secured one of the best sets of lantern slides that is in circulation by the American Lantern Slide Interchange. These will be shown every evening and can be seen by those visiting the exhibition.

Paine's Celery Compound

The Great Spring Medicine.

MR. ALFRED BROWN,

A Prominent and Popular Citizen Says: "After the Use of Paine's Celery Compound I am Now in the Best of Health."

The greatest of modern physicians, Prof. Edward E. Phelps, M. D., LL. D., after years of long practice and close scientific study, gave to suffering and diseased men and women his marvelous, life-giving prescription, with the conviction and positive knowledge that it had peculiar virtues and ample powers to cure, after the terrible verdict "incurable" was uttered by the medical practitioner.

Thousands of the strongest testimonials from the best known and most reliable men and women of our country fully sustain the claims made by Dr. Phelps regarding his incomparable Paine's Celery Compound.

One of the most convincing proofs furnished, comes recently from a gentleman widely known in the capital city of the Dominion of Canada. We refer to Mr. Alfred Brown, of Ottawa, Ont. Mr. Brown's letter fully demonstrates the fact that the greatest sufferer may cast off his or her burden of disease and become well, strong, and happy.

"I acknowledge with thankfulness and pleasure the fact that I have been cured of a very painful illness of eight years' standing by use of Paine's Celery Compound. I had, during the years of my illness, tried almost all the advertised medicines without deriving any good results. I was also treated by several of the best doctors of this city, hoping to find that one of them, at least, would understand my case."

"I was getting worse, and was told I was incurable. I was indeed in a critical condition. I could not go from the house alone, as I was liable to sudden collapse. I tried hospital treatment, but no relief or good results came to me. I could not sleep; anything that I ate increased my agonies; I was extremely weak, restless, tired, and despondent; was obliged to work about with my hands pressed firmly into my left side to ease my pains; my feet and hands were cold continually; had inclination to vomit, had profuse, cold sweats, quick breathing, and would be racked with pain for hours at a time."

"After the regular use of Paine's Celery Compound for a time, I am now in the best of health, have good appetite, and can use any kind of food. Thank God I am my old self once more, all through the use of Paine's Celery Compound."

tures was ever gathered together in Akron before. For ten cents a catalogue can be purchased at the door which by reference to the number on the pictures will give the title and maker's name. The following are some of the most striking pictures on the walls, and their numbers: "Forgive Me, I Pray Thee," 38; "Winter," 39; "Mid Fog and Ice," 62; "Mother and Child," 85; "Roses," 141; "The Model Posed," 155; "Return of the Flock," 174; "Group of Fruit," 178; "Spider Web," 198; "The Teasel," 200; "Marshland," 208.

There are 222 in all and they are all of such high quality that any attempt to pick out the best must necessarily fall for all are good and all are different, representing as they do nearly every process known to photography and the best of each of the so-called schools of art.

Akron people are to be congratulated on having a camera club in their midst which is able to gather together such an exhibition as they are now showing.

NERVOUS, IRRITABLE, SLEEPLESS.

A Short Story Well Told of a Bad Condition and Its Easy Cure.

Mr. S. E. Adams, of corner Water and Chestnut sts., Akron, O., says: "I found Dr. A. W. Chase's Nerve Pills an excellent nerve tonic. I was very nervous, restless and slept brokenly. A nerve tonic was necessary, and I was induced to try the Nerve Pills and got some at Lamparter's drug store. The medicine acted finely and rapidly—the nerves became steady and strong—the general vigor and strength returned and I sleep well. This result makes me feel I can recommend the medicine to others."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

HARD TO LOSE

Dick Can be Relied Upon

To be on Hand Whenever Anything Is Going On.

Ben E. Williamson, writing from Columbus to the News-Democrat, says:

"Congressman Dick is a hard citizen to lose. He has given out evasive interviews on various occasions, sometimes when not asked to talk and at other times when nobody cared whether he talked or not, but he has never said positively that he would not interfere with the plan to make State Treasurer Cameron chairman of the Republican State committee. All the talking he has done has been through such Hanna men as John R. Malloy and other men deployed on the skirmish line, but these interviews may be said to be Hanna interviews, more than Dick interviews. They are fashioned more from desire than from fact. Hanna wants to be rid of Dick. The old man has troubles of his own and Dick is a load. It is reported here that Dick is kicking over the traces and declines to be shoved aside temporarily. Hanna has made peace with Daugherty, but the latter has evinced a desire to lay on the outside and have the Senator in the interior. This is a lion and lamb theory that Mr. Hanna has not become accustomed to, he having been able up to this time to do the outside work himself. So there is a hitch in the arrangement and Treasurer Cameron has not plain sailing as yet."
