SPORTS.

The pool tournament for the amateur championship of the city will open in a blaze of glory some night next week. Manager Frank Cohen of the Howard st. billiard parlors, has arranged all the preliminary arrangements for the tournament, and as an especial attraction will have one of the most famous pool players of the country, in exhibition games, next Mnday and Tuesday nights.

The pool expert, Charles Weston by name, has traveled extensively with Buffalo Bill and Pawnee Bill, and is said to have remarkable shots at perfect command. While in Akron next week, Weston will meet Met Hard, and any other of the Akron experts who may be induced to meet him. He will play Hard 125 balls to 100.

Weston also has a 1,000 ball match in Cleveland, next week, where he will meet Champion Slosson at continuous pool.

There has been no trouble in arranging for the Howard st. tournament. Players galore have tried to enter, and main difficulty has been in keeping the entries down to a reasonable number.

SIMMS REALIZES.

Art Simms, while not overconfident, regarding the matches he now has in mind, believes that the tale that will be told after both the Furey and Duffy fights will be different than that told the last time. Simms will not be overconfident, and on the other hand, he will enter the ring to fight a cautious fight, and realizes that almost his whole reputation will be at stake in the results of the coming fights.

Simms has begun training at the South End club, and will transfer his headquarters between that place and the North Ends' headquarters as often as will be practical, now that the latter club has given him formal permission to use its apparatus.

Simms has an excellent trainer and a good adviser, and his friends hope much from the coming fights.

THE CRONIES.

Rublin and Simms exhibited proofs, Tuesday, of the pictures they had taken last week, illustrating their methods of offense and defense. The lessons in the pictures were all given by Gus, showing jabs and bumps, uppercuts and wallops and modes of blocking and warding them off.

Simms is an apt and attentive pupil and pays strict attention to what his big friend tells him. The two are inseparable companions and their daily walks and talks are done together.

Gus is becoming restless and says that he will not remain in Akron much longer, but will leave shortly for the East, where he will continue to look for fights.

GETTING RESULTS.

The Grands are rapidly rounding into shape for their trip to Buffalo for the National tournament. In their practice work they have rolled some excellent scores, and the prospects are that they will give some of the big teams from the larger cities a merry chase for some of the prize money. In three practice games, Monday night, they rolled 909, 927, 946, an average for the three games of 927 pins.

NO MEETING.

The special meeting that was called at the South End athletic club for the purpose of acting on the resignation of President John Wiese failed to materalize last night. Not enough of the members responded to the call. The meeting will be held at a later time and the resignation will doubtless be accepted, as Mr. Wiese is insistent.

What Disease Produces Most Misery

If the amount of misery caused by different diseases could be estimated, it would be found the portion caused by headache would outweigh any other, and perhaps equal all combined. TREATY

Will Undoubtedly be Signed,

Regardless of the Opposition In Denmark.

Copenhagen, Dec. 31.—It has been learned here on the best of authority that the treaty between the United States and Denmark, for the sale of the Danish West Indies will be signed in spite of the agitation here against the measure, inasmuch as the Danish government has pledged itself to this end. The question of a plebiscite will not be allowed to enter the transaction.
