

About the New Catarrh Cure

INTERESTING FACTS CONCERNING STUARTS CATARRH TABLETS.

Very few sections of the United States are free from catarrh in some form.

In the Northern States it is almost universal.

A disease so common would naturally give rise to a large number of so-called cures, and catarrh remedies are offered in every form: inhalers, washes or douches, saline ointments, powders and internal liquid medicaments.

The latest catarrh cure is a preparation in tablet form, very pleasant to take, and according to many recent tests, the results have been highly satisfactory.

Unlike patent medicines in general, this new catarrh cure is not a secret preparation, but the ingredients are plainly stated.

Druggists sell the remedy under the name of Stuart's Catarrh Tablets, and the tablets are composed of highly concentrated antiseptics, eucalyptol, hydrastin, guaiacal, beechwood tar, and several other well-known catarrh specifics, and the success of Stuart's Catarrh Tablets in promptly relieving and curing the different forms of catarrh is really something remarkable.

Whether the catarrh is in the nose, throat, bronchial tubes or stomach, the tablets seem to act with equal success, relieving in a few days the stuffy feeling in head and nose, removing the tickling and irritation in the throat and bronchial tubes and a few weeks' use seem to remove completely the hacking, spitting and other annoying symptoms of catarrh.

Stuart's Catarrh Tablets are approved by physicians because no secret is made of what they contain, and people who suffer from catarrh should bear in mind that many catarrh medicines, powders, ointments, etc., contain cocaine to such an extent, in fact, that in many states their sale is prohibited. Largely for this reason the ingredients in Stuart's Catarrh Tablets are plainly stated to the public. This is something no catarrh cure has ever done before, and people who are careful of what they put into their stomachs will fully appreciate this advantage in using Stuart's Catarrh Tablets, because they not only cure the catarrh, but they leave no bad effects and no habit is formed, as is the case with so many catarrh remedies.

Full size packages of Stuart's Catarrh Tablets are sold for 50 cents at all drug stores.

PLAIN TALK

To Catarrh Sufferers.

Every person suffering from catarrh in its many forms, knows that the common lotions, salves and douches do not cure. It is needless to argue this point or to cite cases of failure, because every victim of catarrh knows that he is not cured if he has tried it.

A local application, if it does anything at all, simply gives temporary relief; a wash lotion, salve or powder cannot reach the seat of the disease, which is the blood.

The mucous membrane seeks to relieve the blood of catarrhal poison by secreting large quantities of mucus, the discharge sometimes closing up the nostrils, descending to the throat and larynx, causing an irritating cough, continual clearing of the throat, deafness, indigestion and many other disagreeable and persistent symptoms.

A remedy to really cure catarrh must be an internal treatment; a remedy which will gradually cleanse the system from catarrhal poison and remove the fever and congestion always present in the mucous membrane.

The best remedies for this purpose are eucalyptol, sanguinaria and hydrastin, but the difficulty has always been to get these valuable curatives combined in one palatable, convenient and efficient form.

Recently this has been accomplished and the preparation put on the market under the name of Stuart's Catarrh Tablets; they are large, pleasant tasting lozenges, so that they may be slowly dissolved in the mouth, thus reaching every part of the mucous membrane and finally the stomach and intestines.

An advantage to be considered also is that Stuart's Catarrh Tablets contain no cocaine, morphine or poisonous narcotics, so often found in catarrh powders, and the use of which often entails a habit more dangerous than the disease.

Stuart's Catarrh Tablets are sold by druggists at 50 cents for full sized package, and are probably the safest and most effectual catarrh cure on the market.

A LIFE COMPANION

And A Very Undesirable One.

With thousands of people in this climate, catarrh is a constant and lifelong companion; it gets better at times, but each year becomes gradually deeper seated, and after a time the individual resigns himself to it as a necessary evil.

Catarrh cures are almost as numerous as catarrh sufferers, but are nearly all so inconvenient and ineffective as to render their use a nuisance nearly as annoying as catarrh itself.

It would seem at first glance that catarrh being a disease of the mucous membrane that salves, sprays, etc., being applied directly to the membranes would be the most rational method, but this has proven not to be true.

The mucous membrane is made and repaired from the blood and catarrh is a blood disorder, and a remedy to be permanent must act on the blood, and when purified from catarrhal poison the secretions from the mucous membrane will become natural and healthy.

There are a number of excellent internal remedies for catarrh, but probably the best and certainly the safest is a new remedy composed of Eucalyptol, Hydrastin, Sanguinaria and other catarrh specifics. This remedy is in tablet form, pleasant to the taste and sold by druggists under name of Stuart's Catarrh Tablets, and any one suffering from catarrh may use these tablets with absolute assurance that they contain no cocaine nor poisonous minerals whatsoever.

A leading druggist in Cleveland, speaking of catarrh cures, says: "I have sold various catarrh cures for years, but have never sold any which give such general satisfaction as Stuart's Catarrh Tablets. They contain in a pleasant concentrated form all the best and latest catarrh remedies and catarrh sufferers, who have used douches, sprays and salves, have been astonished at the quick relief and permanent results obtained after a week's use of Stuart's Catarrh Tablets."

All druggists sell full size packages for 50 cents.

A DAILY NUISANCE.

A Simple Remedy Which Will Interest Catarrh Sufferers.

In its early stages catarrh is more of a nuisance than a menace to the general health, but sooner or later, the disease extends to the throat, bronchial tubes, and even to the stomach and intestines.

Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucus, stoppage of the nostrils, irritation in throat, causing coughing, sneezing, gagging and frequent clearings of the throat and head.

The usual treatment by local douches, snuffs, salves, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy, which meets these requirements, and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine, as they are composed of such valuable remedies as Sanguinaria, Hydrastin, Eucalyptol and similar cleansing antiseptics, which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges taken internally, allowing them to dissolve slowly in the mouth; in this way they reach the throat, fauces and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to do so. A few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from the tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bennett states "that the internal treatment for catarrh is rapidly taking the place of the old plan of douching, and local application, and further says

that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for Catarrh are contained in this tablet."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full size packages. Ask your druggist, and if he is honest, he will tell you there is no safer, more palatable, more efficient and convenient remedy on the market.

UNDER MANY ALIASES.

An Old Enemy In New Disguises. It is the common belief that what is popularly known as catarrh is simply a chronic cold in the head. This is true as far as it goes, but as a matter of fact, catarrh is by no means confined to the nasal passages, but extends wherever the mucous membrane extends, which means nearly every part of the body.

The mucous membrane is the inside skin of the body, and is nearly as extensive as the outside skin, and any inflammation of this membrane causing an extra secretion of fluid is really catarrh.

Catarrh is, therefore, an old enemy disguised by many confusing names, for instance, Rhinitis is nasal catarrh; laryngitis and pharyngitis, throat catarrh; gastritis, stomach catarrh; cystitis and nephritis, catarrh of the bladder and kidneys.

Therefore, although the location of the trouble gives it various names, in reality the sum total is catarrh and nothing else.

Do not make the mistake of thinking you have no catarrh because the head and nose appear to be clear. If there is cough, tickling in the throat, and hoarseness, you have throat catarrh; if there is no appetite, but nausea, gagging and disgust for food, especially in the morning, you have catarrh of the stomach.

The surest treatment for every form of catarrh is an internal remedy which acts specially on the blood and mucous membranes; such a remedy is the new preparation sold everywhere by druggists under name of Stuart's Catarrh Tablets, a medicine in pleasant tablet form, and containing all the best and latest specifics for catarrh.

Stuart's Catarrh Tablets contain in highly concentrated form, Sanguinaria, Guaiacal, Eucalyptol and many other

equally valuable curative elements, and no one who suffers from any form of catarrh has seen the inefficiency of douches, sprays and powders, will ever go back to them after once trying Stuart's Catarrh Tablets, and one which gives so much relief in so short a time.

All druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package, and the regular daily use of them will effectually cure this troublesome and dangerous disease.

YOU CAN CURE IT.

A New Cure For Catarrh In Tablet Form.

The old-time treatment for catarrh was in the form of douches or sprays; later on, internal remedies were given with greater success, but being in liquid or powdered form were inconvenient, and were open to the same objection to all liquid remedies, that is, that they lose whatever medicinal power they have had on exposure to the air.

The tablet is the ideal form in which to administer medication, but until recently no successful catarrh tablet had ever been attempted.

At this writing, however, a most excellent and palatable remedy for catarrh has been placed before the public and sold by druggists, called Stuart's Catarrh Tablets, composed of the most recent discoveries in medicine for the cure of catarrh, and results from their use have been highly gratifying.

Stuart's Catarrh Tablets contain principally highly concentrated antiseptics, which kill the catarrh germs in the blood and mucous membranes, and in this respect are strictly scientific and modern, as it has been known for some years past by the ablest physicians that the most successful catarrh treatment was by inhaling or spraying antiseptics.

The use of inhalers, douches and sprays, however, is a nuisance and inconvenient, and moreover can in no wise compare with the same remedies given in tablet form, either in efficacy or convenience.

A clerk in a prominent insurance office in Pittsburg relates his experience with Stuart's Catarrh Tablets in a few words, but to the point. He says: "Catarrh has been almost constantly with me for eight years; in

this climate it seems impossible to get rid of it. I awoke every morning stuffed up, and for the first half hour it was cough, gag, expectorate and sneeze, before I could square myself for my day's work; no appetite and a foul breath which annoyed me exceedingly.

"I used Stuart's Catarrh Tablets for two months and found them not only pleasant to take, but they did the business, and I can sincerely recommend them to all catarrh sufferers."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full sized packages. They can be carried in the vest pocket and used at any time and as often as necessary. Guaranteed free from cocaine, mercury or any mineral poison, absolutely safe.

A FEW FACTS.

About the New Catarrh Cure.

The new Catarrh Cure is a new departure in so-called cures, because it actually cures, and is not simply a temporary relief.

The new Catarrh Cure is not a salve, ointment, powder, nor liquid, but a pleasant tasting tablet containing the best specific for catarrh in a concentrated convenient form.

The old style of catarrh slaves and ointments are greasy, dirty and inconvenient at the best; the new preparation being in tablet form is always clean and convenient.

The new Catarrh Cure is superior to Catarrh powders because it is a notorious fact that many Catarrh powders contain cocaine.

The new Catarrh Cure is called Stuart's Catarrh Tablets, a wholesome combination of blood root, beechwood tar, guaiacal and other antiseptics, and cures by its action upon the blood and mucous membrane, the only rational treatment for catarrh trouble.

You do not have to draw upon your imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvements and relief are apparent from the first tablet taken.

All druggists sell and recommend them. They cost but 50 cents for full sized packages, and any catarrh sufferer who has wasted time and money on sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.
