It would cost the company \$1,500 to get a license in New York while the amount sued for was but \$120, on notes signed by Sullivan, which the former champion says he did not pay because the Brewing company did not decorate his saloon as it had agreed.

Will Prosecute Him On Other Counts—Carlton Case.

The information that an effort was to be made to secure a pardon for Romulus Cottell has aroused the people of Tallmadge. They are bitterly opposed to any such proceedings.

A member of the Stone family informed a Democrat reporter Friday that the family would take steps to have Cottell prosecuted again provided he was released. There are two counts of the indictment under which he has never been tried. One is for the murder of Mrs. Stone and the other for the murder of John Stilson.

THE CARLTON CASE. Prosecutor Wannamaker said today that he would go to Columbus for the purpose of bringing the Carlton case to the attention of Governor Nash. Thursday the Governor refused to approve the recommendation made by the Board of Pardons. He said that he did not believe that Carlton was entitled to a pardon. Prosecutor Wannamaker hopes to convince the Governor that Carlton should be released.

The officials say that 500 Boxers were killed but give no account of the Chinese casualties."

Thirty of General Nleis troops encountered a body of Boxers three miles from here on the Taku road and killed 21 of them. No news has been received from Paoing Fu for three days and the situation there is believed to be critical. It is reported that the Chinese troops have been defeated near there. The French cruisers D'Entrecasteau and Jean Bart and the Russian cruiser Russia have arrived at Taku.

Tien Tsin, June 8.—(Spl.)—Fighting is going on between the Chinese troops and the Boxers 20 miles from here in the direction of Pekin. An engagement is also reported to have taken place on the Taku road. It is reported that the Chinese troops have been defeated near Paoing Fu. Washington, June 8.—(Spl.)—A cable dispatch from Minister Conger at Pekin shows that the Chinese situation continues critical. There has been no improvement since his cablegram of Wednesday and adds that the Boxers have now seized the railroad from Tien Tsin to Pekin and torn up the railroad track. He says that the telegraph line is still working and that his messages have so far been unimpeded. Minister Conger reports that the situation warrants immediate action to protect American interests.

GOLD DEMOCRATS

To Consider Matter of Nominating National Ticket.

New York, June 8.—(Spl.)—According to Chairman Peabody of the national committee of the Gold Demo-

crats a meeting of the committee in Indianapolis July 25 will seriously consider placing a presidential ticket in the field in 1896.

The executive committee of the Gold Democrats held a secret meeting in this city last Friday and after a full discussion of the National situation it was decided to authorize Secretary Friezel of Indiana to issue a call for a meeting of the national committee was agreed that it would be wise to wait until after the Philadelphia and Kansas City conventions before announcing a program. Mr. Peabody in an interview yesterday said: "It had been hoped that it would not be necessary to reorganize our forces this year, but we decided that in our keeping rested the old-fashioned Democratic principles, and that it was our duty to guard them well and to take in this coming campaign whatever action may be found necessary to keep those principles before the people."

Mr. Peabody received many letters from Gold Democrats in all parts of the country asking him to have something definite done. The committee attended Friday's meeting and reported that there was much sentiment among those who cannot affiliate with the Republicans and who are opposed to Bryan for the nomination of a third ticket. It is said that if at the meeting of the National committee it is decided to hold a national convention it will be held in Indianapolis.

Without doubt the Labor Day parade will surpass all previous industrial exhibitions. The blacklayers, barbers, and clerks are organizing to appear in the parade in uniform.

The Cigar Makers reported that the International Union had won the strike in the east.

About 50 bookbinders attended a convention of the craft in Cleveland Thursday night.

FILIPINOS

Work In Secret.

And a Prominent Society Submits Terms

Whereby Present War May Be Ended.

Nothing Wanted But Independence By Natives.

Important Petition Sent to United States Congress.

Manila, June 8.—(Spl.)—The Katipunan society, a secret order with ramifications throughout the islands, which, it is said, were the instigator of all the revolts against Spanish rule and which it is known had a principal part in the rising against the Americans, has prepared a petition to the Congress of the United States, which will be submitted through the Philippines commission.

The petition recites the history of the Katipunan society, including the details of the organization, to which, it is alleged, 4,000,000 members belong. It declares that from the commencement of the fighting the peaceful natives have supported the insurgents secretly.

In conclusion, it is declared that eight points have been demonstrated: i: First, the revolution was entirely the work of the common people; second, desire for independence impelled the people to prepare the insurrection; third, the people are determined to sacrifice everything in order to obtain their just aspirations; fourth, despite the grave handicaps, the people still hope that the Americans will be just and impartial and recognize them; fifth, the Filipinos will never conform to American sovereignty; sixth, annexation is impossible; seventh, the complete autonomy would be a violation of the will of the Filipinos, and eighth, the Filipinos are capable of self-government.

The final paragraph says: "In the name of justice and with all the energy of our souls, we demand, first, the recognition of the Independence of the Philippines, and second, that in case information is desired concerning events occurring relative to the peaceful villages or the armed camps, it be requested from the Filipinos, who by their antecedents and good conduct merit the respect, confidence and affection of the Philippine people."

The promoter of this movement is one of the principal founders of the Katipunan. He told the Sun correspondent today that he was authorized to treat on behalf of the armed insurgents, and that their real demand comprised independence in internal affairs and American direction of foreign relations.

EXTRAVAGANCE

To Appoint Two Attorneys For Carr.

Will Cost Tax Payers \$1,000—Decision Saturday.

Judge Kohler will decide the several questions raised in connection with the Carr case Saturday.

The Democrat was informed Friday that S. G. Rogers and E. F. Voris had notified interested parties that their bill for defending Gideon Carr would be \$800.

This fact has been called to the attention of Judge Kohler. It is claimed that this is considered more than the county will pay. If two attorneys are appointed for the defendant, Prosecutor Wannamaker will ask that he have an assistant. This would make the total expense to the county exceed \$1,000.

The court has signified that he is opposed to such extravagant bills in connection with cases where the facts are practically agreed upon. It is generally believed that he will refuse to appoint more than one attorney for the defendant.

Claims Paid.

Sheep claims paid by the County Commissioners were as follows: H. M. Sanford, Hudson, \$8.20; C. S. Norton, Northampton, \$4.15; Joseph Heindright, Copley, \$11.20; Samuel Briggs, Copley, \$22.40; George Myers, Northampton, \$7.15.

Without Money.

Thomas Simpson, an aged son of the Emerald Isle, applied to Poor Director Kendall for assistance Friday. He came from Indianapolis, where he has been in a hospital. He was sent to Youngstown, where friends reside.

BOXES OF GOLD

Sent For Letters About Grape-Nuts.

330 boxes of gold and greenbacks will be sent to persons writing interesting and truthful letters about the good that has been done them by the use of Grape-Nuts food.

10 little boxes each containing a \$10 gold piece, will be sent the 10 writers of the most interesting letters.

20 boxes each containing a \$5 gold piece to the 20 next most interesting writers, and \$1 greenback will go to each of the 300 next best. A committee of three to make decision and the prizes sent on July 8, 1900.

Write plain, sensible letters, giving detailed facts of ill health caused from improper food and explain the improvement, the gain in strength, in weight, or in brain power after using Grape-Nuts food.

It is a profound fact that most acts of humanity come from improper and non-nourishing food, such as white bread, hot biscuit, starchy and uncooked cereals, etc.

A change to perfectly cooked, predigested food like Grape-Nuts, scientifically made and containing exactly the elements nature requires for building the delicate and wonderful cells of brain and body, will quickly change a half sick person to a well person. Food, good food, is Nature's strongest weapon of defense.

Include in the letter the true names and addresses, carefully written, of 20 persons not very well, to whom we can write regarding the food cure by Grape Nuts.

Almost everyone interested in pure food is willing to have his or her name appear in the papers for such help as they may offer the human race. A request however, to omit name will be respected. Try for one of the \$50 prizes. Every one has an equal show. Don't write poetry, but just honest and interesting facts about the good you have obtained from the pure food Grape-Nuts. If a man or woman has found a true way to get well and keep well, it should be a pleasure to stretch a helping hand to humanity, by telling a helping hand to humanity.

Up to date, Mr. A. E. Townsend has not accepted the franchise he asked for to build a street railroad from the west corporation line to the Soda Ash switch. A limit of 30 days was placed on it. The time has nearly expired. A sporting man said today that Jesse Miller, Hooiman's backer, was ready to post \$500 on his man, but that
